Re. 827 8E4/50 dated 26-10-1950.

Sir,

29 OCT 1950

29 OCT 1955 Sub: - Secondary schools-Educational Broadcasts-proposal to recognise the preparation and follow-up rule of school Broadcasts as a craft qualification.

In G.O.No.40 Education dated 6-1-1950 Government have exempted from the possession of craft qualification those teachers who organise visual education shows for a period of one year in a school. On this analogy the Station Director, All India Radio, Madras requests that teachers who undertake preparations and follow-up work for school broadcasts which are listened to in classes may also be recognised as having acquired the craft qualification.

In this connection I may state that Government have already approved my proposal that schools which have Radio sets may be advised to include Educational Broadcasts as part of the time table. It is also pointed out by the Station Director that the utility of the school broadcasts would be enhanced considerably if such preliminary preparation of the pupils and subsequent follow-up work could be done on regular lines and there would be greater interest in the school if recognition of the type suggested by him could be accorded by this department. Under these circumstances I request that Government may be pleased to order that teachers who organise listening in to school broadcasts in a sustained manner for one school year.

ing in . 1) by exercising judicious choice of the subject for listen-

2) by preparing the classes before hand to listen in to the broadcasts with the aid of explanatory notes and (3) follow up discussion and written work by the pupils for the period indicated may be declared as qualified for craft allowance.

Yours faithfully,

For Director of Public Instruction.

G.M. 27/10.
