Schools—Secondary—Bifurcated courses of studies—Revision of the maximum limits of teaching grants payable to non-Government secondary schools—Orders passed.

EDUCATION DEPARTMENT

G.O. No. 3186, 30th November 1950

Schools—Secondary—Bifurcated courses of studies—Revision of the maximum limits of teaching grants payable to non-Government secondary schools—Orders passed.

READ—the following papers :—

G.O. No. 1395, Education, dated 29th May 1948.

From the Director of Public Instruction, dated 8th December 1949, 24th January 1950, 20th March 1950 and 3rd June 1950, Rc. No. 1476 B-1/49.

Order—No. 3186, Education, dated 30th November 1950.

Under the scheme for the reorganization of secondary education, the following bifurcated courses of studies have been introduced in certain selected secondary schools in the State :—

(1) Secretarial,
(2) Agriculture,
(3) Engineering,
(4) Drawing and painting,
(5) Domestic Science and Cookery,
(6) Music, and
(7) Dancing.

In order to enable local bodies and managements of aided secondary schools to meet the extra expenditure on the introduction of the new courses, the Government have undertaken to pay them teaching grants, as a special case, at three-fourths of the net cost of conducting the courses subject to a maximum of Rs. 1,450 per annum for each course for a period of five years from the year of its introduction.

2. From the experience gained in conducting the new courses the Director of Public Instruction has found that the existing uniform limit of Rs. 1,450 for each course is unworkable and has, therefore, recommended that it should be revised with reference to the expenditure involved in conducting each course. The Government accept the recommendations of the Director of Public Instruction and order that the maximum limit for teaching grant payable to managements of non-Government secondary schools in respect of the three costly courses be revised from 1950-51 (in respect of expenditure sanctioned in 1949-50) as follows :—

Name of course.	Revised limit for teaching grant.
Engineering	Rs. 4,000 (four thousand only).
Agriculture	Rs. 2,500 (two thousand five hundred only).
Secretarial	Rs. 2,100 (two thousand one hundred only).

The Government consider that no revision of the maximum limit for teaching grant is necessary in respect of Domestic Science, Drawing and Painting and Dancing. The question of revising the limit in respect of Music will be taken up in 1951-52, if necessary.

3. The Director of Public Instruction is informed that in respect of secondary schools in which Engineering, Agriculture and Secretarial courses have already been introduced the payment of teaching grants subject to the revised maxima should be limited to the unexpired portion of the period of five years for which the special aid is payable. The receipts from the sale of manufactured articles, however negligible, should be taken into account for working out the actual cost of running of each course while assessing the teaching grant payable for the course. The annual recurring expenditure, other than

that on staff, should be restricted to Rs. 300 (three hundred only) for Engineering, to Rs. 800 (eight hundred only) for Agriculture and to Rs. 60 (sixty only) for the Secretarial course. The Director of Public Instruction is also informed that preference should be given to the introduction of Secretarial course in schools which have sought permission to introduce the course without special aid.

4. The expenditure will be debited to the relevant heads under "37. Education". The Director of Public Instruction is requested to report in due course the extra expenditure that will have to be incurred in the current year on account of the orders above. Separate orders will be issued in the Finance Department regarding provision of funds.

(By order of His Excellency the Governor)

K. M. UNNITHAN,
Secretary to Government.

To the Director of Public Instruction.
" Accountant-General (through the Finance Department).
" Examiner of Local Fund Accounts.
" Presidents of all District Boards.
" Commissioners of Municipalities (through the Chairmen of Municipal Councils).
" Commissioner, Corporation of Madras (through the Mayor).
" Finance (B.G.) Department (with enclosure).

EDUCATION DEPARTMENT.

From The Director of Public Instruction, Madras.

Sub: Schools - Secondary - introduction of bifurcated courses - recurring grant - revision of the limit.
Ref: G.O.No. 1395 dated 29th May 1948.

******

In para 4 of the G.O. cited, Government have decided that teaching grant should be made for each of the different courses of studies under the bifurcated scheme calculated at three fourths of the net cost of running the courses during the preceding financial year subject to a maximum of Rs.1450/- per annum to each school for a period of 5 years from the introduction of the courses and that the question of revising the arrangement should be considered at the end of the period. It has since been found necessary that the maximum limit of Rs.1450/- fixed uniformly for all the courses needs revision according to the nature of course introduced and the staff to be employed for each of the different courses. Obviously the limit of Rs.1450/- fixed seems to have been based only on approximate data and old prices of materials.

2 It is only in G.O.Ms.No. 1580 Education dated 17.6.48 the Government prescribed the qualifications and the scales of pay for the staff to be employed for the several courses, that is subsequent to the issue of G.O.No.1395 dated 29.5.1948.

3 After the actual working of the scheme it has been represented to me by a certain management that the uniform maximum limit of Rs.1450/- prescribed for recurring grant works (a) hardship; especially to those managements of schools which have introduced the costly courses like Engineering. On a careful consideration of the question with reference to the staff to be employed for the various courses with reference to G.O.No.Ms.1580 Education dated 17.6.48 and the nature of recurring contingent expenditure to be incurred on each of the different courses it is now recommended that the teaching grant payable to each of the bifurcated courses may be raised at ¾ ths of the net cost as defined in G.O.No.Ms.2300 Education dated 15.7.49 subject to the maximum amount shown against each of the following courses:

(1) Engineering.	Rs.3960/-	or a round figure of Rs.4000
(2) Agriculture.	Rs.2440/-	" " Rs.2500
(3) Secretarial.	Rs.2100/-	
(4) Music.	Rs.2000/-	
(5) Domestic or (Home) science.	Rs.1450/-	as at present.
(6) Drawing and painting.	Rs.1450/-	
(7) Dancing.	Rs.1450/-	

Yours faithfully,

D. Pantanaline

Schools - Secondary- Introduction of bifurcated courses- Recurring grant - Revision of the maximum limit

---

From the D.P .I. R.C.No 1476 B.1/49 dated 8-12-49

Memorandum No 97193 B1/49-1 Education dated 27-12-49.

The D.P.I. is requested to furnish an estimate of the extra cost to Govt by way of teaching grant on account of the raising of the maximum limit fixed for the bifurcated courses in Engineering, Agriculture, Secretarial and Music as proposed in his letter dated in respect of the courses already introduced in secy. schools assuming that teaching grant on the basis of the enhanced limit will be paid from 1950-51 onwards and it will be tenable only for the balance of the period of five years up which the Govt have undertaken to pay teaching grant at special rates for these courses. The Director is similarly requested to furnish an estimate of extra cost in respect of schools in which the courses will be newly introduced in future assuming for the purposes that the number of schools will be limited to 50 or 25 a year and the costly courses will be introduced in a few schools only. The number of courses in each subject to be newly introduced every year may be fixed for purposes of estimating the extra cost.

EDUCATION AND PUBLIC HEALTH DEPARTMENT

Rc No. 1476 B1/49 dated 24-1-1950

Subject: Schools - secondary - introduction of bifurcated courses - Recurring grant - revision of the maximum limit - Estimate of extra cost - furnished

Reference: Government Memorandum No. 97193 B1/49-1 Edn dated 27.12.1949

--

The estimate of extra cost to Government by way of teaching grant on account of the raising of the maximum limits for the 4 subjects of bifurcated courses viz. Engineering, Agriculture, Secretarial and Music as suggested in my letter Rc No. 1476 B1/49 dated 8.12.49 is furnished in the Annexures I and II. In working out the extra cost, it has been assumed that the teaching grant at the enhanced limits will be paid with effect from 1950--51 and that it will be tenable only for the balance of the period of 5 years upto which the Government have undertaken to pay teaching grant at the special rates for these courses i.e. grants payable upto the end of the official year 1953--54 limiting to the schools which will have opened bifurcated courses upto the year 1952--53.

2. In the annexure I the estimate of extra cost in respect of the courses already introduced during the two years 1948--49 and 1949--50 is furnished while in annexure II, the estimate of extra cost in respect of the courses already introduced during the two years i.e. 1948--49 and 1949--50 and the courses that will be newly introduced in future in the remaining three years is furnished.

3 In regard to the courses that will be introduced in future in each subject (only courses for which increased maximum limit of teaching grant is suggested) the number is fixed at 20 for Secretarial course, 10 for Engineering Course, 6 for Agricultural course and 2 for Music in non Government Secondary schools.

Yours faithfully,

for Director of Public Instruction

ANNEXURE I.

Extra cost to Government on account of payment of teaching grants during the year 1950--51 at the enhanced maximum limits in respect of courses already introduced during the two years 1948--1949 and 1949--1950

--

The number of non Government Secondary Schools that have introduced the courses during 1948--1949 and 1949--1950 in respect of which the raising of the maximum limits of teaching grant is recommended is as shown below.

Year of introduction of the courses.	Secretarial	Engineering	Agriculture	Music
1948--1949	16	10	8	1
1949--1950	17	13	7	..
Total No. of non Govt. Sec. schools that have introduced the courses during the two years	33	23	15	1
	Rs	Rs	Rs	Rs
The existing maximum limit of teaching grant	1450	1450	1450	1450
The proposed maximum limits of teaching grant	2100 ✓	4000 ✓	2500 ✓	2000 ✓
The extra cost involved for each course for one school i.e. the difference between the proposed maximum limit and the existing limit.	650	2550	1050	550
The extra cost involved on account of the payment of the grant during 1950--51 at the proposed maximum limit for the schools that have introduced the different courses during the two years 1948--49, 1949--1950.	650 x 33 = 21450	2550 x 23 = 58650	1050 x 15 = 15750	550 x 1 = 550.

for Director of Public Instruction.

Cost in 1950-51: 96,400

(excluding music) 95,850

..4(A)

Extra cost in 1951-52 of maximum in respect of music is not increased } 1,42,300 / 1,650 / 1,40,750

Extra cost in 1952-53 = » = » = 1,88,200 / 2250 / 1,85,450

Extra cost in 1953-54 --- 2,34,100 / 3,850 / 2,30,250

ANNEXURE II.

Extra cost to Government on account of payment of teaching grants at the enhanced ~~rate~~ maximum limits in respect of courses that may be introduced during the years 1950--51, 1951--52 and 1952--53 for which grants are payable in 1951--52, 1952--53 and 1953--54 respectively.

The number of non Government secondary schools that are likely introduce the courses during each of the years 1950--51, 1951--52, and 1952--53 is fixed as shown below :--

	Secretarial	Engineering	Agriculture	Music
	20	10	6	2

Sub: Schools - Secondary - Introduction of bifurcated courses of studies - Recurring grant - Revision of the Max maximum limit - details.

Ref: Government Memorandum No.97193 B1/49-3 Education, dated 20th February 1950.

****

The details as to how the revised limits of teaching grants for certain courses under the bifurcated scheme, viz. Rs.4000/- for Engineering, Rs.2500/- for Agriculture, Rs.2100/- for Secretarial and Rs.2000/- for Music, were proposed are furnished below. In the case of Engineering course the expenxiture on staff at the 3rd year, and in the case of other courses the expenditure on staff at the 2nd year has been taken into account, as only then the full complement of staff would have been employed and the expenditure on staff for the full year of 10 months would have been incurred. In addition to the expenditure on staff certain amount of expenditure towards recurring charges based on rough estimate has been added:-

Engineering Course.

Expenditure on staff at the 3rd year of the course.

	Salary.	Dearness Allowance.	Total.
Instructor.	100 (with 2 increments added.)	24	124
Junior Instructor.	80 (with one increment added.)	24	104
Junior Mechanic.	44 (with 2 increments added.)	22	66
Senior. ,,	48 (with one increment added.)	22	70
Attender.	32 (with 2 increments added.)	19	51
			415 p.m.

(P.T.O.)

For a year of 12 months: Rs.415 x 12 = 4980.
Approximate expenditure towards recurring charges per annum. 300
Total expenditure per year. 5280

Grant = ¾ths of Rs.5280 = Rs.3960 or Rs.4000 in round figures.

Agriculture Course.

Expenditure on staff at the 2nd year of the course.

	Salary.	Dearness Allowance.	Total.
Instructor.	95 (with one increment added.)	24	119
Maistry.	30	19	49
Cooly.	18	18	36
			204 per mensem.

For a yearof 12 months Rs.204 x 12= Rs.2448.
Approximate expenditure towards recurring charges per annum. Rs. 800
Total expenditure per year. 3248

Grant = ¾ths of Rs.3248 = Rs.2436 or Rs.2500 in round figures.

Secretarial Course.

Expenditure on staff at the 2nd year of the course.

	Salary.	Dearness Allowanfe.	Total.
Secretarial Assistant.	80 (with one increment added.)	24	104
Commercial Instructor.	64 (with one increment added.)	24	88
Peon.	18	18	36
			228 p.m.

For a year of 12 months Rs.228 x 12= 2736.
Approximate expenditure towards recurring charges per annum. 60
Total expenditure per year. 2796

Grant = ¾ths of Rs.2796 = Rs.2097 or Rs.2100/- in round figures.

Music.

The maximum limit of grant of Music course was proposed at Rs.2000/- with reference to G.O.Ms.No.3727 Education dated 3rd December 1949.

(cond....3.)

No information is available as to the basis on which a uniform maximum limit of Rs.1450/- was fixed for teaching grant in respect of each of these courses. This was presumably the figure worked out for the teaching of the subjects of what are now the bifurcated courses when they were originally proposed as additional optionals under 'C' group in 1946.

In the Director's D.O. letter to Government No.7987 B4/46 dated 3-4-1947 the estimated cost for the introduction of the courses in 115 schools has been reported as Rs.2,23,000 towards recurring expenditure and Rs.8,77,000 towards non-recurring expenditure. The cost for each school as per this estimate works out to Rs.1939/- towards recurring expenditure and Rs.7624/- towards non-recurring expenditure. The Government have fixed ¾ths of this amount i.e. Rs.1456/- or Rs. 1450/- as recurring grant and Rs.5700/- as non-recurring grant in their Memorandum No.46849 B1/46-16 Education dated 14-7-47 and this has been followed in issuing the subsequent orders. As these estimates were prepared at a time when the qualifications and the scales of pay for staff for the different courses had not been fixed, the estimates cannot be now adopted as the correct basis. The qualifications and scales of pay for staff for bifurcated courses were fixed only in G.O.No.Ms.1580 Education dated 17-6-1948.

Yours faithfully,

for Director of Public Instruction.

EDUCATION DEPARTMENT.

Office of the Director of Public Instruction, MADRAS
Dated: 3rd June 1950.

R.C. No.1476-B.1/49

From

The Director of Public Instruction,

MADRAS.

1 0 JUN 1950
15134
EDUCATION DEPARTMENT

The Secretary to Government,
Education Department,
Fort St. George,
MADRAS.

Sir,

Sub: SCHOOLS - Secondary - Introduction of bifurcated courses of studies - Recurring grants - Revision of maximum limits.

Ref: Government Memorandum No. 97193-B/49-5 Education dated 21-4-1950 and reminder dated 25-5-1950.

...

With reference to the Government Memorandum cited above, I write to state that the income derived by the managements from the sale proceeds of articles produced or prepared or manufactured by the pupils who have taken up bifurcated courses will be negligibly small and the principle of income from crafts was never contemplated with respect to bifurcated courses. While the school will provide the tools and equipment and the initial working material for demonstration purposes it is probable that a special fee may be levied from the pupils for the bulk of plastic and other constructive materials utilised. Hence no sale proceeds can be expected which would ~~be~~ affect the cost of the courses, and it may not be possible to revise the maximum limits proposed in my letter R.c. No.1476 B.1/49 dated 8-12-1949 for all courses except music.

2 In my Proceedings R.c. No.1202-B1/48 dated 6-7-1948 (copy enclosed) fixing the staff required for the various courses introduced under the diversified courses of study, the strength of the staff for Music was fixed as three ie., one Music teacher for vocal, one for Instrumental and one for Tablam. The Principal, Lady Willingdon Training College

(13)

also considers this strength as normal for teaching 'Music' under bifurcated courses. Professor Sambamurthi, Head of the Department of Indian Music, University of Madras, in his letter dated 8-12-1949 suggested that there is no necessity for the employment of a separate teacher for Tablam. He has recommended two separate teachers, one for vocal and another for Instrumental If we agree with Professor Sambamurthy two music teachers are alone required for each school introducing "Music" under diversified courses of study. One of the teachers may be appointed in the IV Form stage and the other in the V Form. The cost of introduction of 'Music' under bifurcated courses in 2 schools 1951-52 and 4 schools 1952-53 is given in the annexure.

p13 infra

3. As Government have already fixed Rs.1450 for all courses including music, the revision of the maximum limit of teaching grant payable for the course in Music may be taken up in 1951-52 in the light of experience that may be gained in imparting instruction in 'Music' under diversified course of study in the Lady Willingdon Training College, Madras where music is to be introduced in 1950-51. There is no other non-Government school in this State which has introduced music at present except Rajah's High School, Kollengode for which the Government have already fixed a maximum limit of teaching grant admissible at Rs.2,000/-, in G.O. No. 3727 Education dated 3-12-1949.

M67 of (K)

4 In the circumstances explained, I request that Government may be pleased to raise the maximum limits for all courses except Music, as detailed below, as suggested in my letter R.C. No.1476-B1/49 dated 8-12-1949. No revision is necessary in the case of Domestic Science, Drawing and Painting, Dancing etc.

1) Engineering - Rs.4,000/-
2) Agriculture - Rs.2,500/-
3) Secretarial - Rs.2,100/-

Yours faithfully,

for Director of Public Instruction.

96

R.K.v.s./6-6.

PROCEEDINGS OF THE DIRECTOR OF PUBLIC INSTRUCTION, MADRAS.

Rc.No. 1303-B1/48. Dated 6th JULY 1948.

Sub: Schools - Secondary - Introduction of bifurcated courses in the 50 selected schools during the current year 1948-49 - Fixation of the strength of staff.

REF: G.O.(Ms.) No. 1504 Education dated the 7th June 1948.

In para 3 of the G.O. quoted above, the Director of Public Instruction has been authorised to fix the strength of the staff to be employed in secondary schools under local bodies and private managements for the teaching of the new subjects of the bifurcated courses. The Director accordingly fixes the strength of staff for the teaching of the several subjects introduced under the bifurcated courses of study in secondary schools under local bodies and private managements as mentioned in the annexure.

The managements concerned may be advised to take immediate steps for the employment of the necessary staff on the basis of the ~~st~~ strength now fixed. Regarding the qualifications of the staff attention may be drawn to G.O.Ms. No. 1580 Education dated ~~xxx~~ 17-6-48 copy communicated with the Director's Proceedings Rc.No. 1303-B1/48 dated 23-6-1948.

These proceedings may be brought to the notice of the managements concerned immediately.

V.K. KRISHNA MENON,
for Director of Public Instruction.

Note for the Cabinet

Subject. Revision of the maximum limits of teaching grants payable to non-Government secondary schools for bifurcated Courses of Studies.

The Scheme for the reorganisation of secondary education introduced in 1948-9 provided among other things for the introduction of bifurcated Courses of Studies in selected high schools as an alternative to the academic courses leading to the University courses and also to provide different opportunities to such students to enable them to earn a living in vocations instead of pursuing the academic courses.

The following bifurcated courses of studies have been introduced in certain selected secondary schools in the State:

(1) Secretarial (2) Agriculture (3) Engineering (4) Drawing and Painting (5) Domestic Science and Cookery (6) Music and (7) Dancing)

In order to enable local bodies and managements of aided secondary schools to meet the extra expenditure on the introduction of the new courses, the Government have undertaken to pay them teaching grants, as a special case, at three-fourths of the net cost of conducting the courses in the preceding financial year subject to a maximum of Rs 1,450/- p.a. for each course for a period of five years from the year of its introduction.

2. From the experience gained in conducting the new courses, the D.P.I. has come to the conclusion that the existing uniform limit of Rs 1,450/- for each course is unworkable and that it should be revised with reference to the expenditure involved in conducting each course. He has recommended the adoption of the following maxima in respect of the three costly courses taking into account the staff to be employed for each course:

Engineering	..	Rs 4000
Agriculture	..	Rs 2500
Secretarial	..	Rs 2100

In certain schools where Commercial subjects were hitherto taught and which could not be taught from the current year onwards owing to the abolition of optionals, the managements have sought permission to introduce Secretarial courses without this special aid as the Commercial Instructors could be utilised for Secretarial course also. Such schools will be preferred for introduction of Secretarial courses. No revision is considered necessary in respect of Domestic Science, Drawing and Painting and Dancing. In regard to Music, the Director has reported that the question of revising the limit may be taken up, if necessary, in 1951-52 after the staff required for the course is judged from the experience gained in the running of the course in the Lady Willingdon Training College where it is proposed to introduce the course in the current year.

16

In respect of secondary schools in which Engineering, Agriculture and Secretarial courses have already been introduced, it is proposed to confine the payment of teaching grants subject to the revised maxima only for the balance of the period of five years. This Department accept the recommendations of the D.P.I. In preparing the revised maxima, the D.P.I. did not take into account the income derived by the managements of schools by way of sale proceeds of articles produced or prepared or manufactured by the pupils who have taken the bifurcated courses as they will be negligibly small. The Finance Department while agreeing to the revision of the maximum grants as recommended by the D.P.I., suggest that the receipts from the sale of manufactured articles, however negligible, should be taken into account for working out the actual cost of running/each /of course while assessing the teaching grant payable for the course and that the annual recurring charges, other than on staff, should be restricted to Rs 300/- for Engineering, to Rs 800/- for Agriculture and to Rs 60/- for the Secretarial course. Instructions to this effect will be ~~introduced~~ set in the orders to be issued after the ~~[illegible]~~ D.P.I.'s recommendations are approved by the Government. The recurring extra cost of the proposal is estimated at Rs 0.96 lakh in 1950-51 rising to Rs 2.34 lakhs in 1953-54. ~~H.H. (E.&.L.) and H.M. (Finance) have agreed to the proposal being placed before the Standing Finance Committee.~~

4. The proposal was placed before the Standing Finance Committee at its meeting held on the 4th October and ~~it~~ the Committee has approved the proposal.

5. The point for decision is whether the maximum limit for the teaching grant payable to managements of non-Govt Secondary schools for running the Engineering, Agriculture and Secretarial Courses be revised as proposed with effect from 1949-50 the grant for which is payable in the current year.

SECRETARY 13 NOV 1950 EDUCATION DEPARTMENT

21/ (19)

Education Department (B)

Subject: Schools - Secondary - Bifurcated courses of studies - Revision of the maximum limits of teaching grants payable to non-Government secondary schools - Orders passed.

Read: G.O.No. 1395 Education, dated 29-5-1948
From the D.P.I., Rc No. 1476 B1/49, dated 8-12-49, 24-1-1950, 20-3-50 and 3-6-1950.

ORDER (MS) NO. 3186 Edn dated 30-11-50.

Under the scheme for the reorganisation of secondary education, the following bifurcated courses of studies have been introduced in certain selected secondary schools in the State:

(1) Secretarial (2) Agriculture (3) Engineering (4) Drawing and painting (5) Domestic Science and Cookery (6) Music and (7) Dancing.

In order to enable local bodies and managements of aided secondary schools to meet the extra expenditure on the introduction of the new courses, the Government have undertaken to pay them teaching grants, as a special case, at three-fourths of the net cost of conducting the courses subject to a maximum of Rs 1,450/- per annum for each course for a period of five years from the year of its introduction.

2. From the experience gained in conducting the new courses the Director of Public Instruction has found that the existing uniform limit of Rs 1,450/- for each course is unworkable and has therefore recommended that it should be revised with reference to the expenditure involved in conducting each course. The Government accept the recommendations of the Director of Public Instruction and order that the maximum limit for teaching grant payable to managements of non-Government secondary schools in respect of the three costly courses be revised from 1950-51 (x) as follows:

Name of course	Revised limit for teaching grant
Engineering	Rs 4,000 (Four thousand only)
Agriculture	Rs 2,500 (Two thousand five hundred only)
Secretarial	Rs 2,100 (Two thousand a hundred only)

The Government consider that no revision of the maximum limit for teaching grant is necessary in respect of Domestic Science, Drawing and Painting and Dancing. The question of revising the limit in respect of Music will be taken up in

(R) para 3 of (R) · para 4 of (R) · para 3 on p1 cf · cabinet decision on p19 cf · (x) in respect of expenditure incurred in 1949-50. · para 3 on p1 cf and para 3 of note on p17 cf · para 3 on p12 cf · p1 cf · p3 cf · pp 7-9 cf · pp 11-13 cf · Despatched in [illegible] 30/11 · 52 / 30-11

1951-52, if necessary.

3. The Director of Public Instruction is informed that in respect of secondary schools in which Engineering, Agriculture and Secretarial courses have been introduced, the payment of teaching grants subject to the revised maxima should be limited to the unexpired period of the five years for which the special aid is payable. The receipts from the sale of manufactured articles, however negligible, should be taken into account for working out the actual cost of running of each course while assessing the teaching grant payable for the course. The annual recurring expenditure, other than that on staff, should be restricted to Rs 300/- for Engineering, to Rs 800/- for Agriculture and to Rs 60/- for the Secretarial course. The Director of Public Instruction is also informed that preference may be given to the introduction of Secretarial course in schools which have sought permission to introduce the course without special aid.

4. The expenditure will be met from the provision in the Contingency Fund, pending provision of funds. Rule on debits to the relevant heads under 37-25.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently or as special the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item had been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(c) For rules regarding printing of notes, see the chapter on printing and proof correction in the Secretariat Office Manual.

(d) The number of copies and the details of distribution should be filled in by the Superintendent or clerk concerned.

(e) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for *one* week, and larger papers for *two* weeks only. *The type of notes and of all confidential papers is distributed immediately after striking.*

(f) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked special of urgent unnecessarily, he should send the Press slip to the Assistant Secretary with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Assistant Secretary any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished: it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Ministers or Advisers should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

G.O. No. ~~1886~~, 30th November 1950

Schools—Secondary—Bifurcated courses of studies—Revision of the maximum limits of teaching grants payable to non-Government secondary schools—Orders passed.

READ—the following papers :—

G.O. No. 1395, Education, dated 29th May 1948.

From the Director of Public Instruction, dated 8th December 1949, 24th January 1950, 20th March 1950 and 3rd June 1950, Rc. No. 1476 B-1/49.

3186

Order—No. ~~1386~~, Education, dated 30th November 1950.

Under the scheme for the reorganization of secondary education, the following bifurcated courses of studies have been introduced in certain selected secondary schools in the State :—

(1) Secretarial,

(2) Agriculture,

(3) Engineering,

(4) Drawing and painting,

(5) Domestic Science and Cookery,

(6) Music, and

(7) Dancing.

In order to enable local bodies and managements of aided secondary schools to meet the extra expenditure on the introduction of the new courses, the Government have undertaken to pay them teaching grants, as a special case, at three-fourths of the net cost of conducting the courses subject to a maximum of Rs. 1,450 per annum for each course for a period of five years from the year of its introduction.

2. From the experience gained in conducting the new courues the Director of Public Instruction has found that the existing uniform limit of Rs. 1,450 for each course is unworkable and has, therefore, recommended that it should be revised with reference to the expenditure involved in conducting each course. The Government accept the recommendations of the Director of Public Instruction and order that the maximum limit for teaching grant payable to managements of non-Government secondary schools in respect of the three costly courses be revised from 1950-51 (in respect of expenditure sanctioned in 1949-50) as follows :—

Name of course.	Revised limit for teaching grant.
Engineering	Rs. 4,000 (four thousand only).
Agriculture	Rs. 2,500 (two thousand five hundred only).
Secretarial	Rs. 2,100 (two thousand one hundred only).

The Government consider that no revision of the maximum limit for teaching grant is necessary in respect of Domestic Science, Drawing and Painting and Dancing. The question of revising the limit in respect of Music will be taken up in 1951-52, if necessary.

3. The Director of Public Instruction is informed that in respect of secondary schools in which Engineering, Agriculture and Secretarial courses have already been introduced, the payment of teaching grants subject to the revised maxima should be limited to the unexpired portion of the period of five years for which the special aid is payable. The receipts from the sale of manufactured articles, however negligible, should be taken into account for working out the actual cost of running of each course while assessing the teaching grant payable for the course. The annual recurring expenditure, other than

50 23/1

that on staff, should be restricted to Rs. 300 (three hundred only) for Engineering, to Rs. 800 (eight hundred only) for Agriculture and to Rs. 60 (Sixty only) for the Secretarial course. The Director of Public Instruction is also informed that preference should be given to the introduction of Secretarial course in schools which have sought permission to introduce the course without special aid.

4. The expenditure will be debited to the relevant heads under "37. Education". The Director of Public Instruction is requested to report in due course the extra expenditure that will have to be incurred in the current year on account of the orders above. Separate orders will be issued in the Finance Department regarding provision of funds.

GOVERNMENT OF MADRAS.

ABSTRACT.

SCHOOLS - Secondary - Bifurcated courses of studies - Revision of the maximum limits of teaching grants payable to non-Government secondary schools - Orders passed.

EDUCATION DEPARTMENT.

G.O.Ms.No. 3186, Education, Dated 30th November 1950.
Read the following:-

G.O. No. 1595, Education, dated 29th May 1948.
From the Director of Public Instruction, Rc.No. 1476 Bi/49, dated 8th December 1949, 24th January 1950, 20th March 1950 and 3rd June 1950.

ORDER:

Under the scheme for the reorganisation of secondary education, the following bifurcated courses of studies have been introduced in certain selected secondary schools in the State:

(1) Secretarial;
(2) Agriculture;
(3) Engineering;
(4) Drawing and painting;
(5) Domestic Science and Cookery;
(6) Music; and
(7) Dancing.

In order to enable local bodies and managements of aided secondary schools to meet the extra expenditure on the introduction of the new courses, the Government have undertaken to pay them teaching grants, as a special case, at three-fourths of the net cost of conducting the courses subject to a maximum of Rs. 1,450/- per annum for each course for a period of five years from the year of its introduction.

2. From the experience gained in conducting the new courses the Director of Public Instruction has found that the existing uniform limit of Rs. 1,450/- for each course is unworkable and has therefore recommended that it should be revised with reference to the expenditure involved in conducting each course. The Government accept the recommendations of the Director of Public Instruction and order that the maximum limit for teaching grant payable to managements of non-Government secondary schools in respect of the three costly courses be revised from 1950-51 in respect of expenditure sanctioned in 1949-50 as follows:-

NAME OF COURSE.	REVISED LIMIT FOR TEACHING GRANT.
Engineering	Rs. 4,000 (Four thousand only)
Agriculture	Rs. 2,500 (Two thousand five hundred only)
Secretarial	Rs. 2,100 (Two thousand one hundred only)

The Government consider that no revision of the maximum limit for teaching grant is necessary in respect of Domestic Science, Drawing and Painting and Dancing. The question of revising the limit in respect of Music will be taken up in 1951-52, if necessary.

3. The Director of Public Instruction is informed that in respect of secondary schools in which Engineering, Agriculture and Secretarial courses have already been introduced, the payment of teaching grants subject to the revised maxima should be limited to the unexpired portion of the period of five years for which the special aid is payable. The receipts from the sale of manufactured articles, however negligible, should be taken into account for working out the actual cost of running of each course while assessing the teaching grant payable for the course. The annual recurring expenditure, other than that on staff, should be restricted to Rs. 300/- (Three hundred only) for Engineering, to Rs. 800/- (Eight hundred only) for Agriculture and to Rs. 60/- (Sixty only) for the Secretarial course. The Director of Public Instruction is also informed that preference should be given to the introduction of Secretarial course in schools which have sought permission to introduce the course without special aid.

4. The expenditure will be debited to the relevant heads under "37. Education". The Director of Public Instruction is requested to report in due course the extra expenditure that will have to be incurred in the current year on account of the orders above. Separate orders will be issued in the Finance

P.T.O.

Department regarding provision of funds.

Schools - Secondary - Introduction of bifurcated courses - Recurring grants - Revision of the maximum rate.

Read :- G.O. No. 1395 Edn. d/ 29-5-48.
From the D.P.I. Rc. No. 1476 B1/49 d/ 8-12-49 and 24-1-50.

With a view to enable local bodies and managements of aided secondary schools to meet the extra expenditure involved in the introduction of bifurcated courses of studies, the Govt ~~have~~ sanctioned in G.O. No. 1395 Edn d/ 29-5-48, the payment, as a special case, of teaching grants on the basis of three-fourths of the net cost of running the courses in the preceding financial year subject to a maximum of Rs 1,450 per annum to each school for each course for a period of five years from the introduction of the courses.

2. After observing the actual working of the scheme of bifurcated courses of studies, the D.P.I. has now reported that the maximum limit of teaching grant, namely Rs 1,450, fixed uniformly in respect of all the courses, needs revision according to the nature of the course introduced and the staff ~~to be~~ employed for each of the courses. In practice it has been found that managements are able to ~~run~~ introduce and run courses like Domestic Science, Drawing and painting and Dancing with the teaching grant now sanctioned by Govt. But the D.P.I. reports that in respect of costly courses like Secretarial, Engineering, Agriculture and Music, the managements find it very difficult to provide instruction in these courses within the teaching grant now paid for these courses. The Director therefore considers that different limits may be fixed for the teaching grants payable towards the introduction of different bifurcated courses, taking into account the technical staff required in respect of each course. The Director recommends the retention of the present maximum limit for the teaching grant payable towards the introduction of the following courses :- (1) Domestic Science (2) Drawing and Painting and (3) Dancing. In respect of the others, the Director considers that the present limit requires revision

as indicated below:-

S.No.	Course.	Maximum Teaching grant payable Rs.
(1)	Engineering.	4,000.
(2)	Agriculture	2,500.
(3)	Secretarial	2,100
(4)	Music	2,000.

The proposal to sanction teaching grants on the basis of three fourths of the net cost of running each course subject to the revised maximum limits now suggested by the D.P.I involves an extra cost of Rs 96,400 during 1950-51 by way of additional teaching grants to secondary schools under local bodies and private managements which have already introduced one or more of the four courses ~~specified~~ specified above.

Assuming that every year, 38 non-govt. Secondary Schools will introduce one of the four courses (Secretarial 20, Engineering 10, Agriculture 6 and Music 2) the Director estimates the extra cost to Govt. as follows:-

Year	Extra Cost Rs.
1951-52.	1,42,300
1952-53	1,88,200
1953-54	2,34,100.

3. The proposal no doubt involves a fairly high recurring additional expenditure to Govt. But it may be mentioned that ~~to~~ under the existing orders, teaching grants on this special basis will be made to each school which has introduced the bifurcated courses of studies only for a period of five years from the year of introduction. In respect of secondary schools which have already introduced one of the above four courses, as it is proposed to confine the payment of teaching grants subject to the revised maxima only for the balance of the period of five years. It may also be mentioned that the scheme for the introduction of bifurcated courses of studies

M

Para 4 of (R)

p2 cf and para 1 on p3 cf

Separate file in B2

2 Yr

has been recommended to the Govt of India for inclusion in the list of Post war Development Schemes and the matter is under their consideration. Pending a final decision, it is for consideration whether the limits proposed by the DPI may be reduced as shown below:-

B

	(1) Existing limit	(2) Limits proposed by the DPI	(3) Limits suggested
(1) Engineering	Rs 1450	4000	2900
(2) Agricultural	-do-	2,500	2,100
(3) Secretarial	do-	2.100	1,900
(4) Music	do	2000	1.800

1450×2 = 2900
1450 = 1/2 = 2175
1450+450 = 1900
1450+350 = 1800

The revised limits proposed will afford some relief to the managements of non-Govt Secondary schools which introduce these costly courses.

The remarks of Finance may be invited.

E&P.H.U.O.No. 97193 B/49-2 Edn 3.2.50.

3 FEB 1950 FINANCE DEPARTMENT

The following bifurcated courses of studies have been introduced in some of the selected secondary schools from the school year 1948-9:--

(1) Secretarial, (2) Agriculture, (3) Engineering, (4) Drawing and Painting, (5) Domestic Science and Cookery, (6) Music, and (7) Dancing.

In order to enable local bodies and private managements of aided secondary schools to meet the extra cost involved in the organisation of the courses, the Government have undertaken to pay them teaching grant, as a special case, at three-fourths of the net cost of conducting the courses during the preceding financial year, subject to a maximum of Rs. 1,450 p.a. for each course for a period of 5 years from the year of introduction of the courses. The question of revising this arrangement is to be considered at the end of that period. In addition to the above teaching grant, the Govt. have also decided to pay a non-recurring grant equal to three-fourths of the cost of equipment to be purchased for the new courses, subject to a maximum of Rs.5,700 for each course. However, on a further representation from the D.P.I., this maximum of Rs.5,700 has been increased to Rs. 7,350 from 1949-50 in respect of the equipment grant payable to non-Govt. secondary schools which have introduced the 'Engineering' course. Similarly, in the case of the Rajah's High School, Kollengode, which has introduced "Music and Kathakali" as one of the new courses, the Govt. have approved the proposal of the D.P.I. that the teaching grant may be assessed, as a special case, on the basis of three-fourths of the approved net cost subject to a maximum of Rs.2000, instead of the existing maximum of Rs.1,450 mentioned above, taking

taking into account the extra cost involved to the management for the appointment of additional staff for teaching Kathakali.

2. For the purpose of assessing the teaching grant, the following two items of expenditure are taken into account and the net cost is arrived at as shown below:--

(i) The salary paid to the staff employed for the teaching of the bifurcated course with reference to G.O.No.1580, Education, dated 17-6-1948, (in which the qualifications and the scale of pay for the several courses are prescribed.)

(ii) All recurring items of expenditure under contingencies such as feeding of cattle, purchase of ropes, seeds, etc., connected with the bifurcated course.

(No apportionment will be made in the income realised from school fees which will be taken into account for calculating the usual teaching grant.) From the total expenditure under items (i) and (ii) above, the income derived by the managements of schools by way of sale proceeds of articles produced or prepared or manufactured by the pupils will be deducted, and three-fourths of the net amount so derived will be sanctioned as teaching grant to the school concerned subject to a maximum of Rs. 1,450 for each course.

3. It will be seen that the existing maximum limit of Rs. 1,450 is uniform in respect of the several different courses. Therefore, the D.P.I. has submitted proposals for an upward revision of the existing maximum limit in regard to certain courses taking into account the several factors mentioned in para.3 of his letter on p.1 c.f. It is true that the existing limit of Rs. 1,450 was fixed with reference to the estimates furnished by the D.P.I. in February 1947, i.e., long before the scale of pay for the concerned staff was fixed in G.O.No.1580, Education, dated 17-6-1948 referred to in para.2 above, and it does not therefore seem necessary to obtain details for the maximum now proposed. The existing limit and higher maximum limit now proposed by the D.P.I. as modified by the E.P.H. Deptt. are given below:--

pto

Courses. (1)	Existing limit. (2) Rs.	Limit proposed by the D.P.I. (3) Rs.	Limit proposed by E.P.H. (4) Rs.
(1) Engineering	1,450 + 2,550	4,000	(1,450+1,450) 2,900
(2) Agriculture	1,450 + 1,050	2,500	— 400 2,100
(3) Secretarial	1,450 + 650	2,100	— 200 1,900
(4) Music	1,450 + 550	2,000	— 200 1,800
(5) Domestic or Home Science	1,450		
(6) Drawing & Painting	1,450	No change	No change.
(7) Dancing	1,450		

It will be seen from the above statement that the D.P.I. has increased the maximum limit from Rs.1,450 to Rs.4,000 (or an increase of Rs.2,550) in the case of the Engineering course while in respect of the other three courses, the increase is not so marked. E.P.H. have suggested twice the existing limit, i.e., from Rs.1,450 to Rs.2,900 in respect of "Engineering" and a reduction of Rs.400 in the limit proposed by the D.P.I. for "Agriculture" and a reduction of Rs. 200 each for "Secretarial" and "Music" courses. The extra cost to Govt. on account of payment of teaching grants during the year 1950-1 at the enhanced maximum limits as suggested by the D.P.I. and E.P.H. in respect of courses already introduced during the two years 1948-9 and 1949-50 are as shown below:--

As suggested by the D.P.I. .. Rs.96,400 p.a.

As suggested by E.P.H. .. 58,300 p.a.

The D.P.I. has stated that in regard to courses that will be introduced in future in each subject, the number is fixed at 20 for Secretarial course, 10 for Engineering course, 6 for Agricultural course, and 2 for Music in non-Govt. secondary schools. Accordingly, he has worked out the extra cost for the succeeding years as shown below:--

Year. (1)	D.P.I's limits: Extra cost. (2)	E.P.H. limits: Extra Cost (3)
1951-2 ..	1,42,300	86,400
1952-3 ..	1,88,200	1,14,500.
1953-4 ..	2,34,100	1,42,600.

4. Secretary, E.P.H. has stated that the limits proposed by them may be agreed to and that in order to

introduce the specified courses, the D.P.I. should lay down a proportion approved in each year and select schools, only if they are willing to accept this distribution. Even so, as the extra cost involved will be very large and in view of the imperative need for economy in expenditure, this deptt. may advise against the proposal to increase the maximum limit. If, however, E.P.H. wish to press their proposal, it should be treated as a "~~New Service~~" Scheme of new expenditure and referred to the S.F.C. and the Cabinet and H.M.(Fin.) should see before the matter is placed before the S.F.C.

13.2.50.

In view of the importance attached to bifurcated courses in secondary schools and the reasons given by the D.P.I. for the need for enhancement of the existing maximum grant of Rs 1,450/- per annum for each course, viz., the fixation of the scales of pay of the staff sanctioned in G.O.No.1580,Edn.,dated 17-6-1948, after ~~the~~ sanction was accorded for introduction of the bifurcated courses and the increase in the recurring items of contingent expenditure, Finance may agree to the necessity for revising the existing maximum limit of Rs 1,450/- per annum. The enhanced limits proposed by E.& P.H. in col.(4) on p.6 above work out to 100% in the case of Engineering and about 50% for Agriculture and about 25% for Secretarial and Music Courses. The increase proposed for Engineering seems high and may be limited to Rs 2,500/-, ie nearly an increase of 75% over the existing ~~grant~~ limit.

Assuming that the courses to be introduced in future will be limited to the number given by the D.P.I in para 3 on page 3 C.F., even after imposing the condition proposed by Secretary,E.& P.H., the extra cost works out as follows:--

Year.	If E&PH rates are adopted Rs.	If modification of Finance is accepted Rs
1950-51.	58,300	49,100
1951-52.	86,400	73,200
1952-53.	1,14,500	97,300
1953-54.	1,42,600	1,21,400

The proposal may be considered as a Part II Scheme for 1951-52. If, however, E.& P.H. consider that the

recommendation should take effect from 1950-51, the proposal will have to be treated as a scheme of new expenditure and refered to the S.F.C. and the Cabinet as the cost exceeds Rs ~~50,000~~ 10,000/- per annum recurring.

H.M.(Finance) should see if the proposal is to be considered now and given effect to from the year 1950-51.

14.2.50

It is said that the increase in the maximum for the different courses is due mainly --

(1) to the revised scales of pay sanctioned in the G.O. at (Q) and,

(2) to the increase in the cost of materials.

As regards (1), the scales of pay compare as shown in the statement at (X). It is not clear from the above statement, how the large increase proposed by the D.P.I. is justified.

2. Before consdering the proposal further, E.P.H. may be requested to kindly ask the D.P.I. to furnish details for the maximum amounts now proposed by him for the different courses and the basis on which he originally proposed an uniform maxima of Rs.1,450 for all the courses. This would enable this Department to scrutinise as to how much of the proposed increase is due to the revised scales of pay sanctioned in the G.O. at (Q) and how much to other causes and also to see whether there is any scope for reducing the maximum amounts proposed.

(27) EA

C.No.4057. From the D.P.I. Rc. No. 1476 B1/49 d/20-3-50

Please see the letter from the D.P.I. at pp 7-9 of furnishing details to show how the revised limits of teaching grants for the different bifurcated courses of studies, now proposed by him, have been arrived at. For purposes of estimate, he has taken into account the expenditure on staff at the third year after introduction in respect of schools which have introduced the Engineering course and in the case of schools which have introduced other courses, he has taken the expenditure on staff at the second year after the introduction of the courses in the schools concerned as only then the full complement of staff would have been employed. The Director has further reported that the existing uniform maximum limit of Rs 1,450/- was presumably fixed for teaching grant in respect of these courses based on the figures furnished by the previous Director in his d.o letter No. 7987 B4/46 d/3-4-1947. As the estimates furnished in the d.o. were prepared long before the qualifications and scales of pay for staff for bifurcated courses of studies were fixed, the Director considers that the estimates cannot be adopted now as the correct basis.

2. The file may be sent to Finance for remarks with ref. to portion marked 'x' in their notes at p 8 ante.

FINANCE (EXP.A.) DEPARTMENT.

(Previous Finance note on pages 4-8 above)

With reference to the remarks of this department at 'X' on page 8 above, please see the D.P.I's letter on pages 7-9 c.f. The following statement shows in one view the basis on which the revised maximum limit of teaching grant has been proposed in respect of each course of study:-

p.t.o.

(p. 8 c.f.)

Course of Study.	Expenditure on staff p.a.	Approximate expenditure on recurring charges. p.a.	Total [Col.(2) plus Col.(3)].	Maximum limit of grant proposed (3/4ths of Col.4).
(1)	(2) Rs	(3) Rs.	(4) Rs.	(5) Rs.
1. Engineering	4,980	300	5,280	3,960 or Rs.4000 roundly
2. Agriculture	2,448	800	3,248	2,436 or Rs.2500 roundly
3. Secretarial	2,736	60	2,796	2,097 or Rs.2100 roundly.
4. Music	(Details not furnished)		..	Rs.2000

It may be seen (from the above statement) that the D.P.I. has not taken into account the income that may be derived by the management of the Schools by way of sale proceeds of articles produced or prepared or manufactured by the pupils, as required by G.O.No.2300 Edn. dated 10-7-49. It may also be pointed out that the maximum limit of Rs.2000/- fixed in G.O. No.3727 Education, dated 3-12-49 was special to the Rajah's High School, Kollengode, in view of the introduction of Music and Kathakali in that school. The limit to be fixed for teaching grant for 'Music' in general, should be fixed solely with reference to the normal staff required for the purpose. Education may be requested to ask the D.P.I. to revise the maxima in respect of each course ~~mentioned above having regard to~~ taking into account, the factors mentioned above and to furnish a rough estimate of extra cost involved in the proposal with reference to the revised limits to be proposed by him.

ASSISTANT SECRETARY 11 APL 1950 6565 EDUCATION DEPARTMENT

Edn. (B).

The file relates to the proposal to revise the limits of teaching grants payable ~~towards the introduction of~~ for the different bifurcated courses of studies in non-Govt. Secondary Schools. The notes of Finance Deptt. above may be perused. They have suggested that the D.P.I. may be requested to revise the maximum in respect of ~~each~~ each course, taking into account the income that may be derived by the managements of the schools by way of sale proceeds of articles produced or prepared or manufactured by the pupils who have taken the bifurcated courses of studies. It is doubtful whether the managements will derive any income from all the different courses. It is only in respect of certain courses like Agriculture, that ~~the~~ the managements ~~will~~ may derive income from sale proceeds. But there seems to be no objection, to request the Director to submit revised proposals ~~after~~ for the fixation of new maxima for the teaching grants

p5 of (U)

for the different courses after taking into account any income that may be derived out of each course.

p8 of

2. As regards the limit proposed by the D.P.I. in respect of the Course for Music, this Deptt. may agree with the views of Finance. The Director may be informed that the limit of Rs 2,000 fixed in the case of the Rajah's High School, Kollengode, was sanctioned as a special case, as the school had introduced Music and Kathakali. The Director may therefore be requested to propose a revised maximum for the teaching grant for 'Music' ~~payable towards introduction of the course~~ with reference to the normal staff required for the purpose. He may also be requested to furnish a rough estimate of the extra cost involved on the adoption of the revised limits to be proposed by him.

para 3 on p12 cf

paras 2 and 3 on pp 11-12 cf

The D.P.I. has reported that except the Rajah's High School, Kollengode, no other non-Govt. secondary school has introduced "Music" under the diversified courses of studies. He has further stated that the question of normal staff required for the course can be decided after experience is gained in the running of the course in the Lady Willingdon Training College, where music is to be

Exp. B

introduced in the current year. The Director has therefore suggested that the revision of the maximum limit of teaching grant payable for the course may be taken up for consideration in 1951-52. His suggestion may be accepted.

2. As regards the other courses viz Engineering, Agriculture and Secretarial, the D.P.I. has reported that the income derived from the sale of articles produced or prepared or manufactured by students who have taken up bifurcated courses of studies will be negligible and that it will not appreciably affect the cost of the courses. In view of this, the Director has stated that it will not be possible to revise the maximum limits already proposed by him.

3 The file may be sent to Finance U.O. for any further remarks with reference to 'X' of their note on p 10 ante.

4. It may be mentioned in this connection that certain local bodies proposed to open Secretarial Course in the current year on payment of the teaching grant on the usual half the net cost basis & the DPI has been asked to renew the proposals for consideration in connection with the budget for 1951-52 - These Schools will be given preference in the matter of opening Secretarial Courses to Schools for which Special aid is considered necessary

(Previous Finance note on pp. 9-10 above)
Notes from page 4 above may be perused.

The D.P.I. has stated that the raising of the maximum limit of teaching grant payable for music courses in the bifurcated course of studies from Rs. 1450 (the existing limit) to about Rs. 2000 may be considered in 1951-52 when actual experience is gained in running the course. He has stated that in respect of the Engineering, Agricultural and Secretarial courses, the rates originally proposed by him, viz. Rs. 4,000, 2500, 2100 respectively needs no revision on account of taking into account the receipts by way of sale proceeds of articles as the sale proceeds will be negligibly small. Though Edn. previously recommended the reduced rates

ADDITIONAL DEPUTY SECRETARY
15 JUN 1950
FINANCE DEPARTMENT

A p3 above

of Rs. 2900, 2100 and 1900 for these courses, they now recommend that the rates as proposed by the D.P.I. may be accepted, viz., Rs. 4,000, 2500, and 2100 respectively. As the rates have been worked out at 3/4 of the cost of staff and other recurring charges and as they represent only the maximum limits they may be agreed to in Finance. The extra cost to Government will be as shown in Col.(2) of the statement at 'K' on p.6 above. In working out the actual net cost, ~~thus a portion~~ three fourths of which will be given as a grant subject to the above maximum limits, the D.P.I. may be told that the receipts from the sale of manufactured articles, however negligible they may be, should be taken into account as laid down in G.O. 2300 Edn. d/15-7-49. It may also be stated in the orders to be issued that the annual recurring charges, other than on staff, should not exceed Rs. 300 for Engineering Course, Rs. 800 for Agricultural Course and Rs. 60 for Secretarial Course.

B 20.6.50

p. 5 cf. of (V)

Cf. Col. (3) on p. 10 above

B 20.6.50

As the extra cost which is recurring is estimated at Rs. .96 lakhs in 1950-1 ~~and as it is expected to go up~~ rising to Rs. 2.34 lakhs in 1953-54, and as there is no provision in the current year's budget to meet it, the financial procedure indicated at 'M' on pp. 7-8 above may be followed.

23 JUN 1950
EDUCATION DEPARTMENT

para 3 on p1 of

Edn (B)

The file relates to the proposal to revise the limits of teaching grant payable for the different bifurcated courses of studies introduced in non-Government Secondary Schools.

2. After observing the actual working of the scheme of bifurcated courses of studies, the D.P.I. has reported that in respect of costly courses like Secretarial, Engineering, Agriculture and Music, the managements find it very

(P.T.O.)

difficult to provide instruction in these courses within the teaching grants now paid for them. The Director therefore considers that instead of the present uniform maximum limit of teaching grant viz Rs 1,450/- different maxima may be fixed for teaching grants for the different courses taking into account the technical staff required in respect of each course. He recommends the retention of the present maximum limit in respect of Domestic Science, Dancing and Drawing and painting Courses. The Director's recommendation may be accepted

para 3 on p1c ante

para 3 on p1c ante

27/6.

3 As "Music" has been introduced only in one non-govt. Secondary School, it is considered sufficient if the revision of the maximum limit for the teaching grant payable for the course, is taken up for consideration in 1951-52 after the ~~normal~~ staff required for the course ~~can be~~ is judged from the experience gained in the running of the course in the Lady Willingdon Training College where it is to be introduced in the current year.

'Z' on p1 11-12 ante

4. In respect of the other courses the D.P.I. has recommended the adoption of the following revised maxima:-

para 4 on p12 ante

	Rs.
Engineering	4,000
Agriculture	2,500
Secretarial	2,100

It is proposed to accept the Director's recommendations. But the D.P.I will be informed that the receipts from the sale of manufactured articles, however negligible they may be, should be taken into account for working

Note for the Standing Finance Committee of the Cabinet

Sd/ 28/2/50

~~Sub~~. Revision of the maximum limits of teaching grants payable to non-Govt Secondary Schools for ~~towards introduction of~~ bifurcated courses of studies ~~in non-Government Secondary Schools~~.

Summary of Cost

Major head of account (1)	Minor head and sub heads of ~~accounts~~ appropriation (2)	Ultimate Cost Recurring (3) Rs.	Cost in 1950-51 Recurring (4) Rs.
37. Education - Secondary	g. Direct grants to non-Govt. Secy. Schools - A. General 1. Teaching ✓	1,75,500	72,000.
37. Education - Secondary	h. Grants to local bodies for Secy Edn. A. Ordinary areas 1. Teaching ✓	58,500	24,000
		2,34,000	96,000

P.S.C.F

(R) The following bifurcated courses of studies have been introduced in certain selected secondary schools in the State :-

(1) Secretarial (2) Agriculture (3) Engineering (4) Drawing and painting (5) Domestic Science and Cookery (6) Music and (7) Dancing.

para 4 of (R) In order to enable local bodies and managements of aided secondary schools to meet the extra expenditure on ~~introduction~~ the introduction of the new courses, the Govt have undertaken to pay them teaching grants, as a special case, at three fourths of the net cost of conducting the courses in the preceding financial year subject to

P.T.O.

a maximum of Rs 1450 per annum for each course for a period of five years from the year of its introduction.

3 From the experience gained in conducting the new courses, the D P I has come to the conclusion that the existing uniform limit of Rs 1450 for each course is unworkable and that it should be revised with reference to the expenditure involved in conducting each course. He has recommended the adoption of the following maxima in respect of the three costly courses taking into account the staff to be employed for each course:-

para 3 on p. 1 cf

para 4 on p. 12 cf

Engineering	Rs 4000
Agriculture	Rs. 2500
Secretarial	Rs 2.100.

In certain cases/schools where Commercial subjects were hitherto taught and which could not be taught from the current year onwards owing to the abolition of optionals, have sought permission to introduce Secretarial Courses without this special aid as the Commercial Instructors could be utilised for Secretarial Course also. Such schools will be preferred for introduction of secretarial Courses. No revision is considered necessary in respect of Domestic Science, Drawing and Painting and Dancing. In regard to Music the Director has reported that the question of revising the limit may be taken up, if necessary, in 1951-52 after the staff required for the Course is judged from the experience gained in the running of the Course in the Lady Wellingdon Training College where it is proposed to introduce the Course in the current year.

para 3 on p 12 cf

In respect of secondary schools in which Engineering, Agriculture and Secretarial courses have already been introduced, it is proposed to confine

(P.T.O

In preparing the revised maxima the D.P.I. did not take into account the income derived by the managements of schools by way of sale proceeds of articles produced or prepared or manufactured by the pupils who have taken the bifurcated courses, as they will be negligibly small. The Fin Dept while agreeing to the revision of the maximum grants as recommended by the DPI, suggest

Instructions to this effect will be incorporated in the orders to be issued after the D.P.I.'s recommendations are approved by the Govt.

last para on note

on p 13 cf

HM (Edn) and HM (Fin) have agreed ~~to the~~ proposal being placed before the S.F.C

p 122 of BE 1950-51 (not printed)

the payment of teaching grants subject to the revised maxima only for the balance of the period of five years. This Deptt accept the recommendations of the D.P.I. ~~But he will be informed~~ that the receipts from the sale of manufactured articles, however negligible, should be taken into account ~~th~~ for working out the actual cost of running of each course while assessing the teaching grant payable for the course and that the annual recurring charges, other than on staff, should be restricted to Rs 300/- for Engineering, to Rs 800/- for Agriculture and to Rs 60/- for the Secretarial course. ~~As~~ The recurring extra cost of the proposal is estimated at Rs 0.96 lakh in 1950-51 rising to Rs 2.34 lakhs in 1953-54. ~~It is placed before the S F C for approval.~~

4 The point for decision is whether the maximum limit for the teaching grant payable to managements of non-Govt secondary Schools for running the Engineering, Agriculture and Secretarial courses be revised as proposed by the D.P.I with effect from 1949-50, the grant for which is payable in the current year.

5. The particulars to be furnished for financing new schemes of expenditure are given below:-

(a) Budget provision under the Major Head of Account. — 9, 95, 08,000

(b) Actual expenditure under the Major Head in the current year. upto the end of May '50 — ~~Not yet known~~ Rs 84 70 337

(c) Estimate of expenditure on the scheme in the current year. — 96,000.

(d) Savings in the budget provision for the other items included in the major heads. — 7.90,400

(e) Total commitment in the year under the major head of account of new schemes (not provided for in the budget) sanctioned since the beginning of the financial year upto the end of the month of 1950.

(f) Total Commitment in the year

Education Department(B)

NOTE FOR THE STANDING FINANCE COMMITTEE.

Revision of the maximum limits of teaching grants payable to non-Government Secondary schools for bifurcated courses of studies.

SUMMARY OF COST.

Major Head of Account (1)	Minor Head and sub Head of appropria-tion. (2)	Ultimate Cost Recurring (3) Rs	Cost in 1950-51 Recurring (4) Rs
37. Education - Secondary.	g. Direct grants to Non-Govt. Secondary Schools-A. General 1. Teaching	1,75,500	72,000
37. Education - Secondary.	h. Grants to local bodies for Secondary education - A. Ordinary areas - 1. Teaching	58,500	24,000
		2,34,000	96,000

The following bifurcated courses of studies have been introduced in certain selected secondary schools in the State:

(1) Secretarial (2) Agriculture (3) Engineering (4) Drawing and Painting (5) Domestic Science and Cookery (6) Music and (7) Dancing)

In order to enable local bodies and managements of aided secondary schools to meet the extra expenditure on the introduction of the new courses, the Government have undertaken to pay them teaching grants, as a special case, at three fourths of the net cost of conducting the courses in the preceding financial year subject to D.a./a maximum of Rs 1,450/-/for each course for a period of five years from the year of its introduction.

2. From the experiences gained in conducting the new courses, the D.P.I. has come to the conclusion that the existing uniform limit of Rs 1,450/- for each course is unworkable and that it should be revised with reference to the expenditure involved in conducting each course. He has recommended the adoption of the following maxima in respect of the three costly courses taking into ~~consider~~ account the staff to be employed for each course:

Engineering	..	Rs 4000
Agriculture	..	Rs 2500
Secretarial	..	Rs 2100

In certain cases schools where Commercial subjects were hitherto taught and which could not be taught from the current year onwards owing to the abolition of optionals, have sought permission to introduce Secretarial courses without this special aid as the Commercial Instructors could be utilised for Secretarial course also. Such schools will be preferred for introduction of Secretarial courses. No revision is considered necessary in respect of Domestic Science, Drawing and Painting and Dancing. In regard to Music, the Director has reported that the question of revising the limit may be taken up, if necessary, in 1951-52 after the staff required for the course is judged from the experience gained in the running of the course in the Lady Willingdon Training College where it is proposed to introduce the course in the current year.

In respect of secondary schools in which Engineering, Agriculture and Secretarial courses have already been introduced, it is proposed to confine the payment of teaching grants subject to the revised maxima only for the balance of the period of five years. This Department accept the recommendations of the D.P.I. In preparing the revised maxima, the D.P.I. did not take into account the income derived by the managements of schools by way of sale proceeds of articles produced or prepared or manufactured by the pupils who have taken the bifurcated courses as they will be negligibly small. The Finance Department while agreeing to the revision of the maximum grants as recommended by the D.P.I., suggest that the receipts from the sale of manufactured articles, however negligible, should be taken into account for working out the actual cost of running/each /of course while assessing the teaching grant payable for the course and that the annual recurring charges, other than on staff, should be restricted to Rs 300/- for Engineering, to Rs 300/- for Agriculture and to Rs 60/- for the Secretarial course. Instructions to this effect will be introduced in the orders to be issued after the D.P.I.'s recommendations are approved by the Government. The recurring extra cost of the proposal is estimated at Rs 0.96 lakh in 1950-51 rising to Rs 2.34 lakhs in 1953-54. H.M.(E.&L.) and H.M. (Finance) have agreed to the proposal being placed before the Standing Finance Committee.

4. The point for decision is whether the maximum limit for the teaching grant payable to managements of non-Government secondary schools for running the Engineering, Agriculture and Secretarial courses be revised as proposed by the D.P.I. with effect from 1949-50, the grant for which is payable in the current year.

5. The particulars to be furnished for financing new schemes of expenditure are given below:

	Rs
(a) Budget provision under the Major Head of Account	9,95,08,000
(b) Actual expenditure under the Major Head in the current year up to the End of May 1950	84,70,337
(c) Estimate of expenditure on the scheme in the current year	,000
(d) Savings in the budget provision for the other items included in the major heads	7,90,400
(e) Total commitment in the year under the major head of account of new schemes (not provided for in the budget) sanctioned since the beginning of the financial year upto the end of the month of M a y 1950	Not known
(f) Total commitment in the year under all major heads of new schemes (not provided in the Budget) sanctioned since the beginning of the financial year upto the end of the month of M a y 1950.	Not known

(Last seen in Finance at p.23 above)

The Cabinet decision at p.19 C.F. and the note of Education above may be perused.

The draft order below may be accepted, subject to the following remarks.

With reference to 'Z' above, it may be stated that an amount of Rs 11,53,500 ~~is~~ has been resumed and held in reserve under Grant XV as a consequence of the special economy drive. The expenditure in the present case is estimated at Rs 96,000 in the current year and it can be met from the savings under the above grant. There is therefore no necessity to meet the expenditure from the Contingency Fund. Education Dept. may be requested to send a copy of the order together with a correct estimate of the expenditure required during the current year and an extract of this note to this Dept. for sanctioning the necessary reappropriation of funds.

The expenditure may be debited to the relevant sub-heads under "37. Education". Para 4 of the draft order may be amended suitably.
