Sir,

Tiruchirapalli-Employment of craft Instructor.

Ref:- Government Memorandum No.21247 B/50-2 Education dated
23-8-1950 and 30-10-1950.

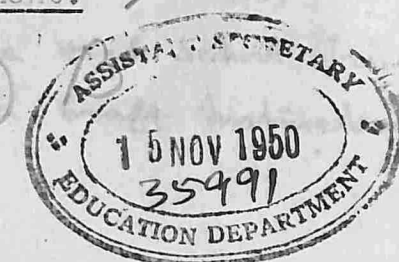

In reply to the above Government Memorandum, I have the honour to submit that there are three sections in each of the three forms I to III during the current year in the Syed Murthuza High School, Thiruchirapalli. The Craft Instructor will have 30 periods out of 35 periods in a week. He will have 6 periods in each of the forms I to III and 4 periods in each of the forms IV to VI for 'Hobbies'. A craft Instructor is normally expected to work for about 24 to 30 periods a week. As the Instructor in the Institution is expected to have 30 out of 35 periods in a week, there is justification for the appointment of an Instructor on the scale of Rs.50-2-95. This scale will be allowed only if the candidate is qualified for the post.

 draft order on page 1 ante.
 may be accepted subject to the following remarks.

As it is proposed to introduce woodwork as a craft subject for Forms I to III in the Syed Murthusa High School, Tiruchirapalli, it does not seem necessary to sanction a Craft Instructor in the scale of Rs. 50-95. Or needs quite sufficient if one in ~~proposed~~ scale of Rs. 35-1-55 is sanctioned for the present. No question of converting

the lower grade Craft Instructor into a grade on Rs. 50-95 may be considered when the wood work is introduced in other forms also as a craft subject.

The period of sanction may be for one year in the first instance instead of two years proposed.

The extra cost will be Rs. 1,200/- or 900/- roundly per annum as a craft Instructor in Grade I or II respectively is sanctioned.

EDUCATION DEPARTMENT (B)

Please see the notes of the Finance Department on pages 2-3 above. They suggest that the ~~scale of pay~~ for the proposed Craft Instructor in the Syed Murthusa High School, Tiruchirapalli, may be allowed the scale of pay of Rs. 35--1--55 instead of Rs. 50--3--65--2--95 as proposed by this Department. The scale suggested by the Finance Department is for the instructors to be employed in basic or elementary schools. According to the reorganised scheme of Secondary Education, the number of periods allotted for the teaching of 'Arts and Crafts' is seven in Form I and three ~~each~~ in each of Forms II and III. Before accepting the suggestion of Finance, the D.P.I. may be requested to report the number of sections in each of Forms I to III in the school during the current school year and the number of periods in a week the proposed instructor will have to work. He may also be requested to report ~~whether the scale of pay suggested by Finance~~ whether the scale of pay suggested by Finance ~~which a teacher has to be expected to work with suffice~~ annually

From the DPG, RC. no. 391-L2/50 dt 13.11.50.

The DPG has reported that there are ^{at present} three sections in each of forms I to III in the Sree Muthuza High School, Trinichivapalli, and that the wage instructor proposed for employment in the school will have 30 periods of work in a week (6 periods in each of forms I to III and 4 periods in each of forms IV to VI for 'Habris'). A wage instructor is normally expected to work for about 24 to 30 periods a week and the proposed instructor will have 30 out of 35 periods of work in a week. The employment of an instructor in the school on the scale of pay of Rs. 50-3-65-2-95, for a period of one year in the first instance, may, therefore, be sanctioned. The scale will be allowed only to a qualified person —
