Sub: Audit - Mayuram Municipality - Audit Report -
General Fund Account 48-49 - Tender not invited for
the purchase of Manual Training articles -
condonation by Government Requested.

Ref: Audit Report Para No.14. of 48-49 of the
General Fund Account.

The audit Department during the inspection of annual
audit of the Municipality has raised an objection that - (1)
Tenders were not invited for the wood for Rs.199-14-0 required
for the use of Manual Training Section of the Koranad High
School, (2) Tender were not invited for the purchase of
Tools required for the use of Manual Training Section of the
Mayuram High School - vide copy of the audit objection
enclosed. Though the Headmaster, Municipal High School,
Koranad has informed the Commissioner that the estimated cost of
the wood required would be about Rs.575/- and the Council
has also sanctioned the same in M.C.R. No. 498 dated 1-10-48
the required wood was purchased only for Rs.199--14--0 at the
lowest quotations from the Mayuram Timber Depot.

Articles such as Tools of special nature required for the
Manual Training sections of Secondary school are similar to

p.t.o.

those special articles and tools required for the laboratory and games of Secondary Schools. The Government have been pleased to dispense with the tender system for the purchase of Laboratory articles, games articles and Books and Maps required for the Secondary Schools and permitted to purchase them at the lowest quotations. It was thought by mistake that the Manual Training articles were also of that type mentioned above. Moreover the purchase was only for Rs.385--15--0

Under the circumstances stated above, I request that the Government may be pleased to condone the purchase of the wood for Rs.199-14-0 required for the Koranad High School, and the tools for ~~the~~ Rs.385--15--0 for the Municipal High School, Mayuram by not inviting tenders as required by rule and also to pass orders to dispense with the tender system for the purchase of articles required for the use of Manual Training Sections of Secondary Schools.

2. There is no objection to Government condoning the irregularity in having purchased wood and Manual training articles without inviting tenders.

As regards the request of the Commissioner for dispensing with the invitation of tenders for supply of the materials required for Manual Training Sections of secondary schools, this is a general question which, if accepted, would necessitate the amendment of rule 1 of the rules issued in G.O.No.2492 L.A., dated 11-9-41, as amended.

2. I consider that there appears to be no objection in exempting the purchase of the Manual Training articles from the operation of rules requiring tenders. Hence general orders dispensing with tender system may be issued but it should be laid down that quotations should be called for from a number of dealers.
