Subject:-

Colleges- Government College- Revision of pay of
Gasman- Part II Scheme for 1951-52.

Sir,

In connection with Part II of the Budget Estimate for 1951-52, I have the honour to submit for the favourable consideration of Government a proposal for the revision of pay of Gasman in Government Colleges from the scale of Rs.22-1/2-(A)-30 to Rs.25-1-40 with effect from the academic year 1951-52.

2. The existing scale of pay of Rs.22-1/2-(A)-30 for Gasman was sanctioned in G.O. No. 437 Finance (Salaries Department) dated 11-6-1947. It has been brought to my notice that the work of Gasman involves danger and a ~~serious~~ serious set back to the health of the individuals working in the gas house. It is also reported that constant exposure to furnace heat and the injuries ~~to~~ ^{to} undermines their health very much and that the scale of pay sanctioned at present is too meagre to enable them to keep themselves fit for their duties. The work of gas men is risky compared to the work of attenders in the laboratories. I consider that there is a pressing need to raise the scale of pay of gasmen in Government Colleges and I propose that the scale of Rs.25-1-40 may kindly be sanctioned for the posts. This will be somewhat commensurate with their risky duties and may serve as an inducement to them. There are 10 posts of gasman in the Government Arts and Engineering Colleges and the extra ultimate cost to Government will be Rs.900/- per annum. I request that the proposal may kindly be approved, as it is very necessary and its cost is very negligible.

3. I am including the necessary provision in Part II of the Budget Estimate for 1951-52.

Yours faithfully,

M. S. Srinivasan

for Director of Public Instruction.

Part II Scheme for 1951-52

Colleges - Grant - Grasmen.
Revision of pay.

C.F.

From the D.P.I. No. 959, K2/50 & 26 9.00

In connection with the Part II Schemes for 1951-52, the D.P.I. has submitted for consideration a proposal for the revision of pay of Grasmen in the Grant Colleges from Rs 22-1/2 (A) - 30 to Rs 25-1-40.

2. Grasmen employed in Colleges were originally menials paid from Contingencies. Later they were placed on the time scale of pay of Rs 19-1/2-24, which, in the 1947 revision of scales of pay, was revised to Rs 22-1/2-30. Orders are under issue separately including the posts in the General Subordinate Service and prescribing qualifications among others, that the holders of the post must possess experience as a fitter in a workshop for a period of not less than one year, preference being given to candidates who possess practical experience to the satisfaction of the General Superintendent of the Public Works Workshops. In the Madras General Subordinate Service the scale of pay of Rs 22-1/2-30 is held, besides Grasmen, by Cleaners in the King College, Grindley, Attendants in Grade in Grant Colleges and weighman, General Hospital, Madras, but the holders of these posts do not require the qualifications proposed to be prescribed for Grasmen as are exposed to the risks to which the Grasmen are

subjected. In the circumstances stated by the D.P.I., there seems to be a case for revision of the scale of pay of Gasmen. His proposal may be supported by this Dept for consideration as a Part II Scheme for 1951-52. The extra ultimate cost to Govt is reported to be Rs 900 per annum.

The remarks of Finance may be invited before circulation.

Fin (Estt. Spl)
 [Part II Scheme for 1951-52]

The proposal in the file is to revise the scale of Gasmen in the Govt. Colleges from Rs 22-1/2 A-30 to Rs 25-1-40 (The extra cost involved in the proposal will be Rs 900 p.a. recurring.)

2. The scale of pay of Gasmen was increased from Rs 19-1/2 - 24 to Rs 22-1/2 (A) - 30 in G.O. no 437 Fin. d 11.6.47 as recommended by the D.P.I. as the pay of Cleaners in the College of Engineering, Guindy, was revised to Rs 22-1/2 A-30 from Rs 19-1/2 24. The D.P.I. would have been, no doubt aware of the duties and responsibilities of these Gasmen while recommending the above scale of pay. Further, as a matter of policy the Govt. are opposed to any further upward revision of scales of pay. If there is any risk involved in the duties of Gasmen, the proper course is to suggest the grant of a suitable rate of Class III (a) Special Pay is for

Manual of Pay and Allowances also medical staff employed while on X-ray work draw class III 60% pay

dangerous duties and risk to health. For instance, the wardens employed as maistries for blasting operations in the Tiruchirappalli Salem and Vellore jails are allowed a special pay of Rs 2 pm. But it does not seem that the Gasmen under reference will have to expose themselves ^{so much} to the gas so as to cause serious risk to their health. The case of giving any risk allowance also to the Gasmen does not seem to be strong. 3 In the circumstances explained above, Finance may advise against the proposal.

This scheme does not satisfy any of the criteria prescribed for Part II scheme, and the Govt. policy is against upward revision of pay scales. This Dept. would advise against the proposal.

Ed. 9.

Finance do not agree to the proposal to revise the pay of Gasmen in Govt. Colleges from Rs 22-1/2 (A) - 30 to Rs 25-1-40. For reasons whether that Dept's view may be accepted. If so, the draft order submitted below is for approval. It may be circulated to H.M. (Estt.).
