To

The Secretary to the Government of Madras,
Education Department, Fort St. George, Madras.

C.No.1076-K2/50 dated 31st August, 1950.

SIR,

Colleges---Engineering Colleges at Coimbatore, Anantapur and Kakinada-
Employment of Accountants.

In connection with Part II of the Budget Estimates for 1951-52, I have the honour to submit for the favourable consideration of Government the following proposal for the employment of an Accountant in each of the Government Engineering Colleges at Coimbatore, Anantapur and Kakinada.

2. Of the four Engineering Colleges under the control of Government only the college at Guindy has an Accountant. When a proposal was submitted to Government in 1947 for the employment of an Accountant in the Government College of Technology, Coimbatore (then called Arthur Hope College of Technology) Government in their Memo.No. 71366-2/47-A Education dated 27.10.1947 directed that the proposal might be renewed when the final year class was opened in the college. When this proposal was renewed in August 1948, Government observed that the I Year B.E. class of the Coimbatore College was working at Guindy and directed that the question might be renewed when all the four classes began to work at Coimbatore itself - vide Government Memorandum No. 59542-2/48-A Edn., dated 16.11.1948. Last year the final year B.E. Class was opened in the colleges at Kakinada and Anantapur. Considering the need to cope with heavy financial transactions in each college, I requested Government to sanction the employment of an Accountant in each of the two colleges - vide my letter R.C.No.1061-K2/48 dated 1.9.1949. I pointed out in my letter that there was a real need for Accountants in the colleges even before the final year class was opened but I waited till all the four classes began to function as desired by Government. In my letter R.C.No.1061-K2/48 dated 21.11.1949 I submitted the relevant statistical information in respect of the four Engineering Colleges and requested Government not to defer the proposal as before. But the proposal was deferred by the Government - vide G.O.No.3837-Edn., dated 15.12.1949.

3. Ever since, the Principals have been pressing for Accountants in their colleges. All the three Engineering Colleges are full fledged ones and from the current academic year the Government College of Technology is functioning at Coimbatore with all the four classes. The work relating to financial transactions is so very heavy in each college that the existing staff cannot be expected to cope with the work any longer. For the enormous amounts spent on the colleges, the staff of the office should not only be adequate but there should be a responsible member for proper accounting and daily transactions. I request that Government may be pleased to appreciate the real need and sanction the employment of an Accountant in each of the three Engineering Colleges at Coimbatore, Kakinada and Anantapur atleast from next year.

4. The cost of the proposal is indicated below.

P.T.O.

Immediate cost (Recurring)

Pay of 3 Accountants in the scale of Rs. 80-125.	80 x 3 x 8	1,920/-
Dearness Allowance	24 x 3 x 8	576/-
House Rent Allowance	7 x 3 x 8	168/-
		2,664/-
		OR Rs. 2,700/- in round figures.

Ultimate cost:-

Average pay of 3 Accountants	109 1/4 x 3 x 12	3,933/-
Dearness Allowance	25 x 3 x 12	900/-
House Rent Allowance	11 x 3 x 12	396/-
		5,229/-
		OR Rs. 5,200/- per annum.

5. I am including the necessary provision in Part II of the Budget Estimates for 1951-52.

Yours faithfully,

M. S. K. Srinivasan

POST

TELEPHONIC MESSAGE (BY POST) No.1076 K2/50 dated 26-10-50.

From The Director of Public Instruction,
M a d r a s.

The Secretary to Government,
Education Department,
Fort St. George, M a d r a s.

Ref: Your Telephonic Message No.26618 G/50-1
Education, dated 14.9.50 regarding employment
of Accountants in Engineering Colleges.

The particulars required by you are furnished below:-

Name of the College.	Financial Transactions in 1949-50		Whether Accountant Upper Division Clerk or Lower Division Clerk.
	Receipt	Expenditure	
Engineering College, Guindy..	1,68,601	7,52,037	Upper Division Clerk
" " Kakinada...	1,15,853	6,66,832	Lower Division Clerk
" " Coimbatore...	43,617	7,57,060	Lower Division Clerk
" " Anantapur...	56,974	7,08,235	Lower Division Clerk
Presidency College Madras ...	2,22,547	5,64,603	Upper Division Clerk
Government Arts College, Madras...	1,32,468	3,30,747	Upper Division Clerk
Government Victoria College, Palghat ...	1,66,564	2,25,550	Upper Division Clerk
Madras Medical College, Madras. ...	2,63,757	8,43,501	Upper Division Clerk
Stanley Medical College, Madras ...	1,06,028	3,89,775	Lower Division Clerk.
Andhra Medical College, Visag ...	6,954	4,77,310	Lower Division Clerk.

It may be seen that there is a real need for the employment of Accountants in the three Engineering Colleges in question as proposed by me. I may point out that in Guindy there is an Upper Division Clerk besides the Accountant.

The Principal, Madras Medical College has stated that in addition to the Head clerk who is holding cash and permanent advance, there is one upper division clerk who deals with pay bills and contingent bills. In regard to the Andhra Medical College, Vizag, the fees are not received in the College office but the students are directed to remit them in the Treasury and send the chalans only to the office. Among the Government Arts College mentioned above, both the Presidency College and the Arts College mentioned above, have Upper Division Clerks in addition to the Head clerks. Proposals for the employment of an additional Upper Division Clerk in the Victoria College, Palghat was submitted to Government in connection with the Part II Schemes for 1950-51 but it was not accepted by Government. There is need for an additional Upper Division Clerk in this College in view of the size of the college and heavy financial transactions. I am convinced that without a separate accountants, it will not be possible for the existing upper division clerk to manage the heavy financial transactions in addition to the usual work.

The W.P.I. has been pressing for the employment of an accountant in each of the King Colleges at Coimbatore, Anantapur and Kakinada. There is an accountant in the King College, Coimbatore. Last year the W.P.I. submitted statistics in respect of all these colleges. But Finance considered that the figures for the 3 colleges in the mufassal did not stand any comparison with those for the King College at Coimbatore and that there was no case for sanctioning accountants on the ground that there was an accountant in Coimbatore. The proposal was not therefore approved. When the W.P.I. renewed the proposal for consideration as a Part II Scheme for 1951-52 he was asked to submit a comparative statement including the Medical Colleges and Arts Colleges. Attention is invited to the Staff at p 7 cf furnished by the W.P.I. There seems to be a case for converting the post of lower division clerk in each of the 3 King Colleges in the mufassal into an upper division post on Rs 80-110, which may be recommended by this Deptt for consideration.

The remarks of Finance may be invited.

27/10/50 J. Finance

28/10/50 Fin

Part II scheme for 1951-52

The Education Department have recommended the conversion of one of the L.D. posts in each of the Engineering Colleges at Coimbatore, Anantapur and Kakinada into that of an ^{U.D. clerk} ~~U.D. clerk~~ on Rs 80-140. The extra cost involved is Rs 1500 p.a. roughly.

2. The D.P.D. has been pressing for the employment of Accountants in the mufassal Engineering Colleges on the basis that there is an Accountant's post in the Guindy Engineering College. Last ^{year} at the instance of this department statistics of the no. of students in the Guindy Engineering College as well as in the Engineering Colleges referred to, the fee income realised, the strength of the ministerial staff, amount of pay disbursed, and ^{the} amount spent on equipment were obtained with a view to comparing the work involved in the Guindy College and the other Engineering Colleges. The statement on p 3 of this department's note on GO 3837 Edu dt 15.12.49 may be kindly perused.

Since the statistics revealed that there was no comparison between the work involved between the Guindy College and the mufassal Colleges, ~~this department advised against the proposal.~~ ^{This} ~~suggestion that the proposal be negatived.~~ ^{view} This was also accepted in circulation. In the orders it was, however, mentioned that the proposal should be deferred. The proposal has, hence, been renewed by the D.P.D. this year also.

3. The statistics furnished by the D.P.D. in his letter on p 7 of are not quite ^{useful}, the total expenditure alone having been shown in it as against the ^{various} items such as the pay amounts disbursed, the amount spent on equipment etc. The total expenditure now furnished is not far excessive of the total ^{in respect of items} furnished by the D.P.D. last year also - please p 3 of (K). The strength of staff also cannot have materially increased. As observed ahead, by this department the ^{state of} ~~state of~~ expenditure ^{on equipment} in the new Engineering Colleges is only a passing phase, ~~the~~ equipment of these

institutions having ^{presumably} not ~~yet~~ been finalised yet. It may also be pointed out that the accounts relating to the other Arts Colleges and Medical Colleges in respect of which also statistics have been furnished by the D.P.D. on p 7 of can be assumed to have settled, in view of the fact that these institutions have been in existence for a long time. The necessity for the creation of Upper Division posts in the mufassal Engineering Colleges ^(in lieu of one of the L.D. posts in each) as suggested by Edn. is not therefore supported by the statistics furnished.

4. The proposal also does not satisfy the criteria laid down for Part II schemes for 1951-52. In the circumstances, Finance may advise that the proposal may be negatived.

22.11.50

22.11.50

Edn

The D.P.D.'s proposal is for the employment of an accountant in each of the 3 Engg Colleges at Coimbatore, Kakinada and Anantapur, ^(during last year) this Dept recommended the creation of U.D. clerk's posts in each of the Colleges in lieu of L.D. clerk's posts. Finance consider that there is no case for accountants in these colleges and that the necessity for the conversion of L.D. clerk's posts into U.D. posts is not supported by the statistics furnished by the D.P.D. They also state that the proposal does not satisfy the criteria laid down for Part II schemes for 1951-52 and advise that the proposal may be negatived. The suggestion may be accepted. A draft order is submitted for approval. May be circulated to H.M (P.W).
