Nilambur,
30th August 1950.

To
The President,
District Board, Malabar,
Kozhikode.

Sir,

We, the undersigned, have been forced to approach [illegible] request not to take charge of the management of the "Manavedan High School", Nilambur. We are the members of the Managing Committee legally constituted by the Founder, the late Manavedan Rajah of Nilambur Kovilagom. This constitution was approved and accepted by the Educational Department. We might say in this connection that the major portion of the capital expense for the construction and equipment was subscribed by the public and the Founder in consultation with the then Dewan decided that there should be a Managing Committee in which representatives of the public should form the majority.

When Nilambur Kovilagom decided to partition their property without any provision for the High school we were approached and asked if we would take charge of the institution and run it. We promised to take charge. Then one day we found in the "Mathrubhoomi" that the District Board had decided to take over the institution. It is a surprise to us that the Managing Committee was not even consulted when the Kovilagom decided to approach the District Board to take over the institution. We need hardly say that there are many people who have contributed large sums for the construction of the school. We ourselves have contributed large sums for the construction of the school. The contribution list and all connected papers are kept by the Kovilagom. Under the circumstances we pray that the District Board should not take it over without consulting the members of the Managing Committee and the representatives of the public.

Yours faithfully,

359. Correspondence ending with reference dated 12-7-1950 from the President, Nilambur Kovilakam Interim Management Committee, Nilambur, requesting to take over the management of the "Manavedan High School" at Nilambur by the Malabar District Board.

Note: The Nilambur Kovilakam has been conducting a High School in Nilambur called the "Manavedan High School" for the last eight years. In view of the impending partition of the tarwad, the Kovilakam desires to hand over the school to some responsible body for management. The formation of a school Committee of local gentlemen to take over the school was suggested, but the senior members of the Kovilakam are not in favour of this and they have expressed that the District Board is the best authority to take over the permanent management of the school. They have accordingly authorised the President of the present Kovilakam Interim Management Committee to hand over the school to the Board.

The school is very well situated and has very fine buildings, full equipment and extensive play-ground. There is hostel accomodation for 40 boys and quarters for four family teachers. The results of the last S.S.L.C. examination were very satisfactory.

The working of the school at present shows a slight loss, but it is felt that with proper management, reduction of unnecessary staff, etc., the school can be made quite self-supporting. In taking over the school the Board may not have, therefore, to commit itself to any extra expenditure. On the other hand it is felt that this institution will be an asset to the District Board.

Resolved to take over the management of the Manavedan High School in Nilambur (with forms I to VI) with effect from the current school year provided the management would unconditionally surrender and legally convey to the District Board all the assets of the school (the site with buildings including hostel and quarters thereon) playground, equipments, furniture, etc. and the endowments if any, after clearing off all the outstanding liabilities and after meeting the cost of legally conveying the assets.

The qualified members of the teaching staff will be absorbed in District Board service as new entrants without claim for seniority. Special cases being dealt with at the discretion of the President, District Board. Unqualified teachers and the members on the non-teaching staff will be absorbed if and when vacancies arise after the transfer of management is actually effected.

In continuation of my letter quoted above, I submit herewith a copy of letter dated 13-10-1950 from the President Nilambur Kovilakam Interim Management Committee, requesting on behalf of the Management of the Manavedan High School, Nilambur that the school may be taken over under Government management. For various reasons, economic and otherwise, the present management of the school, viz., the Nilambur Kovilakam is stated to be not in a position to continue the school under its management and therefore desires to hand it over to some responsible body. It has now approached the Government with the request that the school may be taken over by the Government. Not being sure that Government would agree to take over the school, the management had made a similar request to the District Board Malabar also. The District Board has agreed to take over the management. The President, District Board letter Ref.A3.25868/50 dated 30-8-1950, addressed to the Government requesting sanction for taking over the school under its management is enclosed.

2. I am of the opinion that the school need not be handed over to the District Board, Malabar but that it may be taken over under Government management. The school ~~with a total strength of 396 pupils~~ has got Forms I to VI with a total strength of 396 pupils and appears to be working in 11 sections, two in each of Forms I to V and one in Forms VI. It is very well situated and has got good buildings of its own. The accommodation, equipment, furniture etc. now provided for the school are quite adequate and satisfactory. The school is provided with extensive playing fields also. The Government will not therefore have to incur any capital expenditure on buildings, equipment etc. if the management of the school is to be taken over. The strength of the school is also increasing and it can be expected, that in due course the school may become self supporting. I therefore, recommend that the school may be taken over by the Government with effect from the beginning of the next school year.

3. I suggest that the following may be stipulated as conditions for the transfer of the management.

(i) The school shall be called the Government Manavedan High School, Nilambur.
(ii) The Management should legally convey to Government all movable and immovable properties of the school.

p.t.o.

(iii) all outstanding bills and liabilities of the school up to the date of transfer to Government including the cost of legally conveying the properties to Government should be borne by the Management.

(iv) Such of the existing teachers in the school as are qualified shall be retained by Government subject to the condition that their pay and not their previous service will be taken into account for fixing their pay in the Government scales, and others discharged without claim for any compensation.

4) The following staff will have to be employed for the school.

1) ONE Headmaster.
2) FIVE School Assistants for the five sections in Forms IV to VI.
3) SIX Secondary Grade Teachers for the six sections in Forms I to III.
4) TWO Malayalam Pandits - One in Grade I and one in Grade II.
5) One Sanskrit Pandit Grade I.

Copy of letter from Sri T.N.C.Tirumulpad, President, Nilambur Kovilakam, Interim Management Committee, Nilambur to the Director of Public Instruction, Madras.

Sub: Manavedan High School, Nilambur - Request to take over Management of.

The Manavedan High School, Nilambur, Ernad Taluk, South Malabar was founded in the year 1940, by the Nilambur Kovilakam, in fulfilment of a long-felt want of the growing population of this part of the District.

2 For the foundation of this institution, the Kovilakam made an initial endowment of an attractive site situated on an eminence overlooking the Chaliyar river, and constructed the present school building. During the past 10 years that the school has been functioning, the building has been extended and additional buildings have been erected to meet the growing needs of the High School and to provide quarters for its teaching staff and pupils. All necessary equipment, such as science laboratory, workshop for technical and manual training, has also been provided. Playgrounds, on up-to-date lines, for Hockey, Football, Badminton, Basket ball etc., have also been laid out, by levelling down the hill-slope. All these have involved an expenditure of over 1½ lakhs to the Nilambur Kovilakam.

3 At present, the school is a fully equipped institution, manned by experienced and qualified teaching staff. That the popularity of the school is increasing is shown by the steady increase in its strength from year to year. Starting with a strength of 85 pupils in 1940, it has now 370 pupils on its roll, in the current year.

4 This is the only High School, in Nilambur Amsam meeting the educational needs of the area lying between Manjeri on one side and Gudalur, on the other - a matter of a few hundreds of square miles. Therefore, as I have already stated, it satisfies a long-felt want of the inhabitants of this vast area.

5 The Management of the institution has till now been conducted by the Nilambur Kovilakam and the annual deficits in running the school have been met by the Kovilakam all these years. For various reasons, economic and otherwise, the Kovilakam now wishes to relieve themselves of the responsibilities of managing the institution and meeting its growing needs. But, having established this institution and maintained it successfuly for a period of 10 years, the Kovilakam feels that this school must continue permanently to serve the cause of local education, and that this desirable objective can best be achieved by handing it over to the Government.

6 I therefore request that, if the above suggestion commends itself to the Government, the management of the school may be taken over by the Government to be run as a Government institution. This School is situated on one of the best sites available in Malabar, affording plenty of scope for future expansion. As the possibilities of the institution increase, it is likely that it may soon develop into a Second Grade or a First-grade College, under the aegis of Government management. It caters to theneeds of the educationally back-ward communities who form a large percertage of the local population. The Government will not have to incur any expenditure by way of initial outlay, since the institution is in a fully, satisfactorily, running condition, with only a negligible annual deficit in the current year. Even this recurring deficit will soon be wiped off, since the strength of the school continues to increase.

7 It is therefore my earnest request that the Government may be pleased to favourably consider the above suggestion and communicate their decision to me, as early as possible.

In continuation of my letter quoted above, I submit herewith acopy of the letter dt. 23-10-50, since received from the President of the Nilambur Kovilakam Interiam Management committee, Nilambur, suggesting certain conditions for the transfer of the management of the Manavedan High School, Nilambur, to Government. I offer the following remarks on the various points, referred to, in the President's letter, seriatum:-

p21 infra

A

1. This may be accepted.
2. There seems to be no objection in principle, to accepting the teachers' quarters and hostel on the condition of utilising any balance out of the rent, after meeting the cost of the maintenance of the buildings, for the award of scholarships. But a final decision on this, need not be taken till the detailed proposals promised to be sent in this connection, are received.
3. I have already suggested this, in my letter referred to above, as one of the conditions vide para 3.
4. This need not be considered as a condition, but only a request. The case of the unqualified teacher in question, can be considered favourably, at the time of the absorption of the staff.

p21 infra

5. There is no objection to this also. I have suggested that ~~at~~ the school may be called the Government Manavedan High School, Nilambur.
6. There is no objection to this also. This can be considered at the time of forming the Advisory committee.
7. This conditions may be accepted but it may be modified as follows:-

vide condition 7 on p21 infra

"If for any reason the school is closed by Government, the then existing movable and immovable properities transferred by the Management (Nilambur Kovilakam) to Government, shall be returned to it, after deducting the value of the improvements and additions, if any, affected to the buildings by the government, taking into account the depreciation in respect of such improvements and additions."

2. It is understood that the Nilambur Kovilkam is anxious to hand over the management of the school, as early as possible, in view of the impending partition of the family. I would therefore recommend that the management of the school may be taken over by Government, even during the current year itself, from the beginning of the next term ie., from January, 1951, making necessary provision for the purpose in the final Revised Estimate for the current year.

3. I request the favour of urgent orders in the matter.

Yours faithfully,

Re. Manavedan High School, Nilambur--Request to take over Management.

In continuation of my application dt. 18-10-50, I beg to submit that the proposal contained therein may kindly be considered with reference to the points enumerated below:-

1. I am willing to hand over to the Government the following assets worth about Rs.1½ lakhs for the purpose of running the High School:-

Condition 3(ii) on p13 ante

a. All the High School buildings and furniture.

b. All the High School equipment, including science laboratory, library and weaving section.
c. Playgrounds for hockey, football, basketball etc.
d. sufficient area surrounding the High School premises to meet the Government's requirements for the purpose of the High School. The boundaries of this area will be demarcated, and a detailed plan submitted.

B
p20 ante

2. In addition to the above, there are separate quarters for four teachers and a hostel to accommodate 40 students. I am willing to hand over these also , but I desire that the rent realised therefrom may be set apart and used to grant scholarships to deserving pupils. Detailed proposals in this connection will be submitted in due course.

3. All qualified members of the teaching stsff may be absorbed in Government service in order of seniority.

Condition 3 (IV) on p14 ante

4. Amongthe unqualified staff, the case of the one unqualified lady teacher (Secondary grade), Miss. M. Sumitra (in whose case, the kovilakam is interested), may be favourably considered for absorption in Government service, on condition that she gets herself qualified within a prescribed time-limit.

5. The name of the Nilambur Kovilakam may be associated with the High School even after the Government takes over its management.

6. In case the Government appoint any advisory committee to deal with the school affairs, the kovilakam interim management committee should be suitably represented on the same.

para 1(7) on p[illegible] ante

7. In case the Government should decide to discontinue the running of the school at Nilambur, the properties handed over and all rights therein should revert back to the Kovilakam.

I pray that the Government may be pleased to consider the above points favourably and intimate their decision to me at an early date.

The main file on the subject was sent to Finance on 27/10/50. It has been proposed therein that the question of taking over the Manavedan High School [under Govt. management] may be considered as a Part II scheme for 1951-52. For the reasons stated in para 2 of his letter at p19 ~~p1~~ ante, the D.P.I. has now proposed that the Govt. may take over the management of the school in the current year itself with effect from January 1951 and that necessary provision may be made in the Revised estimates for this purpose. This may be sent to Finance U.O. in continuation for remarks on the revised proposal of the D.P.I. They may be requested to treat the matter as very urgent.

EDUCATION DEPARTMENT

Sir,

We, the undersigned, who are guardians and parents of the pupils studying in the Manavedan High School, Nilambur, and donators of the same school, wish to bring the following to your kind notice for necessary action.

✓ The said School was started with an idea of imparting education to the children in the locality and surrounding areas where the general public are so poor that but for the institution the means of higher education for the children are very remote as they cannot offored to send the children to outside places for education. As a High School has recently been started in Wandoor, the area which is served by our school has been reduced to a large extent to say, that it at present serves only the Nilambur proper and interior villages in Nilambur and a part of Amarampalam and Mambad Amsoms. The local people are therefore more interested to see that the said institution continues to maintain its high standard in the matter of education. It is certainly to the credit of the Kovilagam to have such an institution in Nilambur.

3 We may mention here that although the then Senior Raja decided to have the High School, he also ~~decided~~ same to have local subscription raised for the construction and equipment of the School. Large sums were collected both from rich and poor alike. The existence of a V.K.S.Hostel in the premises is proof positive of the contribution made. It is only ~~for~~ in the fitness of things that the Public should be consulted when the institution is to be handed over to the District Board. The very existence of a Committee for the management of the School, we understand, was ignored when the institution was offered to the District

Board. There are limitations to the extent that a District Board can contribute for successful show of an institution of the kind. But, if it is run by the local Public the institution can be run on a much sound basis maintaining the present standard.

4 We are ready to raise the necessary funds and take up the management of the School. In this circumstance, we request you to approach the Kovilagam for a reconsideration of their decision to hand over the management to the District Board, and to hand over the same to a local Committee which we are prepared to constitute. The Public are very grateful to the Kovilagam for what they have done. May we hope that the Kovilagam ~~should~~ would show the same consideration that they have shown so far, and hand over the institution to the Public of Nilambur, thus enhancing the prestige of Kovilagam and its members.

5 We may also state that all communications on the subject may be addressed to Sri Poolakkal Kuttikrishnan Nair, Nilambur who is one among us.

Yours faithfully

Roc.No. 1308 K.3/50 dated 5--4--1951

Sir,

Sub: Schools - Government Manavedan High School, Nilambur - Proposal for the award of scholarships - Orders.

Ref:1. My letter Roc.No. 1308.K.3/50 dated 28-10-50 — p 19 of (E)
2. G.O. Ms.No. 3264 Edn. dated 8--12--1950 — pp 31-33 of (E)

Para 1(2) on p 19 of (E)

In my letter to Government, quoted above, I suggested that a final decision on the proposal of the President, Nilambur Kovilakam Interim Management Committee for the award of scholarships to students out of the amount of rent realised from the hostel and the staff quarters, might be taken only after the receipt of the detailed proposals in this regard. The President of the Committee has now submitted detailed proposals for the award of scholarships, and I enclose herewith a copy of his letter dated 26-2-1951. p 2 infra

2. According to his proposals, the entire amount of rent realised from the hostel and staff quarters is to be set apart for the award of scholarships. This, apparently cannot be accepted. The hostel and staff quarters when taken over, will have to be maintained by the Government and it is therefore necessary that the expenditure on proper maintenance and repairs of buildings should be met from out of the rent realised. Therefore, only the balance of the amount if any, available after deducting the maintenance charges can be set apart for the award of scholarships. The total amount for awarding scholarships every year shall be the amount of rent realised from the hostel and staff quarters during the previous year less the amount spent on repairs etc., to the buildings in the previous year. The amount will have to be fixed in consultation with the Public Works Department, every year, and it may vary from year to year.

3. I recommend that the proposal of the President of the Nilambur Kovilakam Interim Management Committee, for the award of scholarships may be approved by Government, subject to the condition that clause (b) of the scheme drawn up by him is modified suitably in the light of what has been stated in para 2 above. p 2 infra

4. If the Government approve of the proposal a regular scheme will be drawn up for the award of the scholarships.

Yours faithfully,

para 2 cr p21 q of (E)

In continuation of my letter dated 23.10.1950, I wish to intimate that the award of scholarships, referred to in para 2 of my above letter, may be made as follows:

a) Three scholarships named "The Nilambur Kovilakam scholarships" to be created and awarded annually.

b) The annual income derived as rent, from the hostel and the four residential quarters for teachers, to be utilized for this purpose, by dividing into three equal parts and awarding scholarships to students studying in the school Final class, as below:-

1) To the best Hindu Harijan student, for General Proficiency.

2) To the best Hindu student, for General Proficiency, provided that if the student eligible under this clause happens to be the same as the one under (1) above, the scholarship will be awarded to the Hindu student next in rank

3) To the student showing highest proficiency in Sanskrit.

N.B. If, in any year, a particular scholarship could not be awarded for lack of eligible students, the amount of the scholarship will be funded and the interest thereon will be added to the value of the Scholarships to be awarded in subsequent years.

The hostel building and the staff quarters have also been taken over by Government along with the other assets of the school. The properties have yet to be legally conveyed to Government. The presumption that the approval of the Government is required in respect of the proposal for the award of scholarships, is correct.

The Manavedan High School, Nilambur, is a private institution, maintained by the Nilambur Kovilakam. For various reasons, economic and otherwise, the Kovilakam now desires ~~to relieve itself~~ to be relieved of this responsibility by handing over the management of the school either to the Dt. Bd. Malabar or to Govt. With this end in view, the President, Nilambur Kovilakam Interim Management Committee has addressed both the P.D.B. Malabar and the D.P.I. in the matter.

2. After due consideration, the Dt. Bd. Malabar has passed a resolution agreeing to take over the management of the Manavedan High School, Nilambur and has now approached Govt. for permission to take over the management of the school. The D.P.I. through whom the proposal has been made, does not recommend the transfer of management of the school to the Dt. Bd. He has pointed out that the school is very well situated and has got good buildings of its own. It is also provided with adequate equipment, furniture and playing fields. The strength of the school (which is only about ten years old) is on the increase and the Director anticipates that it will become self-supporting in due course. In view of this, he has recommended that the school may be taken over by Government.

position to continue the school and it will not be desirable to close down the institution particularly in view of its popularity and efficiency and in view of its serving educationally backward communities who form a large part of the local population. The Director has not recommended the transfer of management of the School to the Dt. Bd. Malabar. ~~It may also be pointed~~ out ~~that~~ A representation has also been made to the D.B. Malabar against their proposal to take over the management of the school. ~~Further~~ The Dt. Bd. Malabar has ~~been~~ already been permitted to take over the management of two aided high Schools (one at Wandoor and the other at Pathiripala) from the current school year even though its finances cannot be said to be sound. It would therefore appear not desirable to ~~allow~~ saddle the Dt. Bd. ~~to take over~~ with the management of yet another high School from the next school year. In the circumstances ~~it is for consideration whether~~ the management of the Manavedan High School, Nilambur may be taken over by Govt. from 1951-52 as proposed by the D.P.I. ~~and the proposal~~ The proposal may be considered as a Part II Scheme for 1951-52. It may also be pointed out, in this connection, that the Govt. recently took over the management of the Hamidia High School, Kilakarai and have also decided to retain the management of the Brihadambal High School Pudukkottai both of which are institutions for boys. These are exceptions to the general policy of not maintaining Secy Schools for boys directly under Govt management.

The Manavedan High School, Nilambur, is a private institution maintained by the Nilambur Kōvilakam. For various reasons economic and otherwise, the present management of the school is stated to be not in a position to continue the school under its management and therefore desires to hand it over to some responsible body. It has now approached the Govt. with the request that the school may be taken over by the Govt. At the same time, the management made a similar approach to the District Board, Malabar also, and the District Board has agreed to take over the management. The D.P.I. has, however, recommended that the school need not be handed over to the Dt. Board, Malabar; but that it may be taken over under Govt. management. The D.P.I. originally suggested that the proposal may be treated as a Part II scheme for 1951-52. He has now reported that the Nilambur ~~Kobilam~~ Kovilakam is anxious to hand over the management of the school as early as possible in view of the impending partition of the family, and that the management of the school may be taken over by Govt. even during the current year itself, i.e. from January 1951 making necessary provision for the purpose in the final R.E. for the current year.

Education have invited the remarks of this dept. on the proposals of the D.P.I.

2. The policy of this Govt. generally is to rely on local bodies and private managements for the provision of facilities for secondary education, especially for boys. The Education dpt. have stated in this connection that the

Govt.have recently taken over the management of the Hamidia High School, Kilakarai, and have also decided to retain the management of the Brihadambal High School, Pudukottai. They have also stated that these are exceptions to the general policy of not maintaining Secondary schools for boys directly under Govt.management. So the present proposal will have to be considered in the light of the existing policy of the Govt.in the matter and on the merits of the case.

pp 7-9 CF

X on p 2 above

From 'M' on p,12 C.F. it is observed that the financial position of the Dt.Board of Malabar is not so bad as apprehended by the Education Dept. Anyhow, it seems desirable to know exactly the position whether the District Board will be unable to take over the management as stated by the Education dept. Education dept.may consult L.A.on this point. Further in the present case, the Dt.Board itself is willing to take over the management of the school, and there seems to be no sufficient justification for the Govt.taking over the management of the school.

In the circumstances explained above and in view of the existing policy of the Govt, this dept.may advise that the management of the Manavedan High School need not be taken over by Govt, and that the ~~it may be left over to the control of~~ Dt.Board, Malabar, may be permitted to take it over if L.A consider that the Dt. Bd. will be in a position to run it efficiently.

been received from the public of the locality against the transfer of the management of the School to the local body. Further L.A. Deptt have pointed out that the financial position of the Dt. Bd. Malabar will not permit its taking over the school. In the circumstances the management of the school may be taken over by Govt, as proposed by the D.P.I, as it will not be desirable to close down the school, in view of its popularity and efficiency. As the Kovilakam is very anxious to hand over the management of the school, in view of the impending partition of the family, the Director has suggested that the management of the school may be taken over even during the current year from 1-1-1951, ~~making~~ the ~~necessary provision~~ fund necessary for the purpose ~~in~~ being provided in the final revised estimate for the current year. This may be agreed to. The proposal involves an ultimate net extra cost of Rs 19,000/- roundly per annum.

With reference to this deptt's suggestion at $\overline{x}$ on p 4 above, the L.A. deptt have pointed out that the Dt. Board of Malabar will not be in a position to take over the management of the Manavedan High School, Nilambur. The Edn deptt have therefore stated that the management of the above school may be taken over by Govt as it will not be desirable to close down the school.
