Petitioner.

1. The petitioner was a student in the S.S.L.C. Class in St., Joseph's Boys' High School at Tellicherry. He failed in the Public Examination last year and intended to appear as a private candidate for the ensuing S.S.L.C.Examination to be held in the 3rd Week of March 1951.

2. With a view to get proper coaching he came to Madras on 30--10--1950 to join the Minerva Tutorial College at Egmore. Ordinarily the examination fee is payable in November or December but to his great surprise he learned from the Minerva Tutorial College that for candidates appearing privately for the examination the fee was payable between 15-10--50 and 22--10--50.

3. He immediately approached the office of

the Director of Public Instruction with a view to find out if the delay in paying fees could be excused, but he was told that the Director had no power to condone the delay and that only the Government had that power.

4. The petitioner therefore begs to approach the Government with this humble petition and prays that the delay in paying the fees which was not at all intentional may be graciously excused and orders passed emergently to enable the petitioner to pay the fees to the concerned treasury.

The petitioner is a young boy aged 17 years and it will be a pity if he has to loose a year of his educational career due to a bonafide mistake committed by him.

Sir,

Ref: Government Endorsement No. 34176/F/50-1. Education
dated 2-11-1950.

According to para VIII 2 of the S.S.L.C. notification, private candidates appearing for the S.S.L.C. Examination in March have to submit their applications without penalty on or before 30th of September or with penalty, before 15th October preceding the examination. These dates have been in force all these years. A notification to this effect was published in the Fort St. George Gazette in August 1950 and publicity to this was also given through the Madras dailies and through the All India Radio.

2) Last year on account of special representations, I extended the time which the Government approved in G.O. 3649 Edn. dated 28-11-1950. This caused considerable difficulty in getting the nominal rolls printed in time. This year the conditions are different. In March 1951, examination has to be conducted both according to the 1929 and 1948 schemes. Private candidates come under any scheme. It is not possible to extend the time or receive any application after the due date was over.

3) The petition with the endorsement of Government is re-submitted.

1. The memorialist is young student who is ~~the~~ to appear for the S.S.L.C. examination to be held in the 3rd week of March 1951. As he failed in the last examination he is to appear as a private candidate.
2. It is understood that there was a notification by the Commissioner for Government Examination that the last date for the payment of examination fee was the 30th of September 1950 without penalty and 15th October with penalty. The memorialist was not aware of the Communication. He was under the impression that the fee was payable in December or January as in the case of regular students appearing ~~for~~ from schools. No publicity was given to the memorandum in the - Gazette or in any of the popular news organs. From a letter to the "Editor" published in the "Hindu" dated 6-11-50 it is seen that the last date for paying the fee was the 31st October 50 (cutting enclosed)

3. This state of affairs has necessarily caused confusion in the minds of a few private candidates like the memorialist either due to ignorance of the notification or due to a misreading of the same. When it was discovered that the due date had expired the memorialist approached the office of the Director of Public Instructions to get the delay excused but he was told that the Director had no power to condone the delay. He was advised to move the Government in the matter.

4. Accordingly he petitioned the Secretary to the Government Education Department for redress but his application was rejected by him by order dated 10-11-50 and received on 14-11-50.

5. Under the circumstances the memorialist humbly beg to approach the Honourable the Minister for relief not only to the memorialist but also to the few unfortunate private candidates who are in the same predicament as himself.

6. The examination is only in the 3rd week of March 1951. Beyond the fact that a late application may cause slight inconvenience to the staff of the Director of Public Instructions no serious harm results to any one. The poor private candidates who stand to lose a year unnecessarily for a bonafide mistake committed by them pray for sympathy and mercy at your hands and request that the date for payment of fees be extended by a week or two from that day to enable the memorialist and others and appear for the March '51 examination.

PRIVATE CANDIDATES FOR S.S.L.C.

Sir,—May I, through your valuable column, ventilate the grievance of S.S.L.C. private candidates who are put to a lot of difficulty owing to lack of specific instructions in the memorandum issued by the Educational Department. Clause 15 in the memorandum says that applications should be sent direct to the Office of the Secretary to the Board of Secondary Education, not later than October 31 for the following March examination after which date no such application will be entertained. A private candidate approached the Officer-in-charge of the local Sub Treasury to accept the examination fees but it was rejected on the score that advice had been received not to accept payment after the 15th October. The poor pupil rushed to the Reserve Bank of India at Madras hoping that his fees might be accepted at least there but even there the authorities concerned declined to accept payment on the same plea. What surprises one is the lack of specific instruction in the Memorandum issued prescribing a definite date for the remittance of the fees into the Treasury. Clause 15 has no meaning if the pupil is denied the opportunity of appearing for the examination. Besides, one cannot understand the interval of 16 days from the 15th to the 31st of October. Perhaps, it may be argued that that period is intended for the postal transit of applications, but the candidates are denied the legitimate opportunity of appearing for the examination even when they satisfy Clause 15 and are forced to waste nearly six months before sitting for the October examination. It is requested that the Departmental authorities concerned may kindly view the case favourably in view of the facts set forth above, and the defect pointed out is remedied in the memorandum issued to the pupils.

Sir,

Ref: Special Government Memo. No. 36131-F/50-1, Edn.,
dated 17-11-50 regarding extension of time for
submission of applications by private candidates for
the S.S.L.C. Public Examination of March 1951.

The mention of 31st October in the printed memorandum of this office referred to in the news paper cutting dated 6-11-50 relates to the submission of applications by certain types of private candidates in connection with the S.S.L.C. Public Examination of March 1949 only. Vide para 3 of this office letter, R.C. No. 427 B/48 dated 14-7-1948 disposed of in G.O. Ms. No. 1916, Education, dated 3-8-1948. This date is obsolete for subsequent examinations with reference to the amendment (item (iii) ordered in G.O. Ms. No. 640, Edn., dated 8-3-49. The candidates are expected to be guided by the dates mentioned in the notice inviting applications for each session of the examination, as such notifications contain the latest information concerning the examination. In the notification published in Part I B of the Fort St. George Gazette dated 22-8-50, it was specified in para 7 that private candidates for March 1951 examination should submit their applications by 30th September 1950 without penalty and by 15th October 1950 with a penalty of Re.1/- per application.

As already stated, it is not possible to extend time for submission of applications by private candidates. Such late admission of applications will delay the printing of the nominal list and the subsequent arrangements.

Government Memo. No. 36131/F/50-2, Education dated 20-11-50.

With reference to the above order the time for submission of application by private candidates has been extended and due publicity given to it by inserting short advertisement in widely read dailies and publishing it as a late notification in the Gazette dated 21-11-1950. The Station Director, All Indian Radio, Madras, has also been asked to broadcast the news. However, I wish to bring to the notice of Government the practical difficulties involved in conducting the examination by giving this extension of time.

2) Nearly 12000 candidates have applied in time for the examination. Among these candidates some appear according to the 1948 scheme and others according to the 1929 scheme. Papers except in languages and English are different for these groups. These applications have to be carefully gone through and the whole nominal roll prepared in this office. Along with this work the results of the candidates who appeared for the examination in October 1950 have to be tabulated and published. With the limited staff all this work has to be done by a fixed schedule and any change in the middle seriously upsets the work. I may in this connection state that the University of Madras which has only to deal with about 2000 candidates for the Matriculation examination has fixed 30th of September as the last date for receipt of applications from private candidates. Any mistake committed in checking applications or in preparing the nominal roll will result in candidates not getting the required papers in the required language which will give room for serious complaints.

3) Again the private teacher candidates have to submit their application through the Inspecting Officers who have to certify in regard to their services and their eligibility to appear for the examination. If such candidates submit their applications now, the Inspecting Officers will not be able to submit the applications by 3-12-1950. If they submit late, such applications will also have to be accepted as the candidates would claim that they submitted their application in time and I am sure applications will be coming in for a considerable time after 3-12-1950. This was a difficulty experienced last time when the time was extended. It will not be difficult to realise the difficulties if it is remembered that no less than 80,000 candidates have to be examined in different languages and under different schemes in March 1951. Mistakes can be brought to the minimum only when a fixed programme is accepted.

4) I bring these facts to the notice of Government only to show the magnitude of the work involved and the possibility of mistakes by changes in the programme of an examination whose cent per cent accuracy should be aimed at.

5) I am addressing Government separately regarding the date for the 1952 Examination.

on pp 12 etc requests that the delay in paying
the fees for the ensuing S.S.L.C. Public Exam in

Candidates appearing for the S.S.L.C. Exams in
March, ~~should~~ have to remit the required
fees without penalty on or before 30th September

every year. He has also stated that these
dates have been in vogue all these years
except last year when the time limit was

Commissioner ~~has observed~~ ^{observed} that it is not

Attention is invited to ^{the orders issued in} Memo. No. 34176/F/50-2, Edn., dated 10-11-50 and the further representation on pp.1-2 e.f. and the minutes thereon of H.M.(E. & L.) extracted above. As already been stated by the C.G.E., private candidates appearing for the S.S.L.C. Examination in March have to submit their applications without penalty on or before 30th of September or with penalty, before 15th October preceding the examination. The petitioner has enclosed a press cutting from "The Hindu" dated 10-11-50 which refers to a memo. issued by the Edn. Dept. wherein it is stated that 31st October is the last date for the submission of applications by the private candidates. This is not clear ~~in this case~~ in view of the C.G.E.'s letter dated 3-11-50. It ^{may} be mentioned in this connection that ~~in G.O. No. 3649, Edn., dated 28-11-49~~ the Commr. on receipt of special representations extended the time up to 3-12-49 ^{last year} and ~~that~~ the action of the Commr. was also approved by the Govt.-vide G.O. 2. With ref. to the minutes of H.M.(E. & L.) extracted above, there seems to be no objection to a general extension being granted till the end of November 1950. The Commr. may be consulted. ~~Subject to orders~~
