Sir,

RC.1839 K2/48 dated 4-9-1950.

Sub:-Presidency College, Madras-Starting of Honours Course
in Psychology-

Ref:-G.O.No.3648 Education dated 25-11-49.

The University Inspection Commissioners who inspected the College with a view to recommending the affiliation of the Presidency College, Madras in Honours Course in Psychology, have recommended the employment of two Assistant Professors in Psychology-one during the current year and another during 1951-52, the employment of a Mechanic. In connection with the proposal to affiliate the College in both the pass and Honours courses from 1949-50, Government sanctioned the employment of a Professor and an Assistant Professor during 1949-50-vide G.O. 1887 Education dated 8-6-50. As the Honours Course could not be opened in 1949-50, the post of Assistant Professor was not utilised. In view of the need for the post in the current year, the post is being filled up. Proposals for the employment of an Assistant Professor during the 1951-52 will be submitted early in April 1951 after examining the need with reference to the honours of work of the Department.

In regard to the mechanic the Commissioners state that there should be a small workshop to help the Department of experimental psychology and have recommended the creation of the post in the Presidency College. I request that the employment of a mechanic in the scale of Rs.40-65 may be sanctioned for a period of 2 years from the date of appointment in the current year.

3. The Principal points out that the department is also in need of an attender to arrange for the practical classes in the laboratory. I reproduce below an extract from the Commission's report:-

"For the present, it is proposed that the Honours students should work in the laboratories attached to the Presidency College and the University Department of Psychology. We visualise that both the laboratories will be utilised for this purpose and our plan is that the practical work will be distributed between these two laboratories...." As there is need for a separate attender for this laboratory, I request sanction for the employment of an attender in the Scale of Rs.24-35 for a period of 2 years.

4. I request the favour of early orders.

Yours faithfully,

M. S. Srinivasan

The Laboratory has been set up and the Practical classes have started. The services of the mechanics and attender are very necessary to do the Practical work and also to prepare small additions and alterations for the apparatus. Further we have to duplicate a number of items in view of the fact that courses will have to be conducted for Honours, Post- Graduate and B.A. Classes. A mechanic and an attender with skill in carpentry will be able to make a number of items under the guidance of the professor.

These two posts are absolutely necessary and arrangements may kindly be made to sanction the two posts immediately and appoint the personnel.

As stated in my Roc.No.860/48, the services of a
mechanic and attender are needed to set up apparatus for
regular laboratory work, attend to minor repairs and
maintenance of the apparatus and to duplicate some appliances.
The mechanic's tools and carpenter's tool necessary for
this purpose have already been purchased. A big and well
equipped workshop is not necessary at this stage. But
the personnel has to be appointed immediately to conduct
the practical classes.
