It is not known how much expenditure has been sanctioned so far on purchase of equipment in order to see whether the expenditure of Rs. 4.31 lakhs now proposed to be sanctioned is covered by the original sanction in which case the new service procedure need not be followed. E. & P.H. may be requested to furnish information on the above point.

The letter from the Director of Public Instruction on page 1 C.F. and the draft order overleaf may be perused.
When the scheme of opening the Coimbatore Engineering College was sanctioned in the year 1945 after treating it as a 'New Service' it was estimated that an expenditure of Rs. 30 lakhs would be required on the construction of buildings and purchase of equipment for the College. Every year Government sanction expenditure on the purchase of equipment for the College according to the requirements for each year as reported by the Director of Public Instruction. Proposals for the sanction of the expenditure in each year are not treated as new services since the expenditure was included in the total estimate for expenditure on equipment in the original scheme sanctioned in 1945.
