SUB: Payment of Rs. 33,667--5-9 towards the cost of Chevenard Micro Testing machine--permission requested

In 1949-50 order was placed with Messrs Volkart Brothers Madras for the supply of Chevanard Micro Testing Machine for the Strength of Materials Laboratory against the allotment of Europe Stores to be got in India. Sanction for the incurring of expenditure on the purchase of the stores was also accorded in G.O.Ms. No. 3039 Education dated 28-9-1949 Education and Public Health Department Communicated with Proceedings No. 693 A2/49 dated 10-10-49. The equipment was not supplied in that year and was delivered only on 26th May 1950- A copy of letter dated 10th July 1950 of the firm for the delay in executing the order is herewith submitted for favour of perusal. There is sufficient amount to meet the cost of the equipment under question in the current year's allotment against Europe stores to be got in India. It is therefore requested that necessary permission may kindly be granted to incur the expenditure.

In our quotation No. 254 Mech. dated 11th August on the basis of which your order was placed with us for the Chevenard Micro Testing Machines, we had indicated a delivery of 2-4 ~~months~~ ex works from the date of acceptance by manufacturers of firm order subject to availability of the necessary Indian Import Licence. Although your order is dated the 12th September 1949 we received an import licence only by about the 25th October and immediately the licence was received the order was placed on the manufacturers. Our order on the manufacturers is dated the 7th November 1949. The equipments were delivered by the manufacturers by the 20th February 1950. You will, therefore, see that the delivery indications given in our quotation were adhered to. There is however some delay in the shipment and arrival of the goods. The goods were actually delivered to you on the 26th of May 1950. As explained above, the manufacturers have delivered the materials within the period indicated. May we request you to pass our bill for payment at an early date.

Ref: Proceedings R.C.No. 282 A2/50 dated 2--x--50.
Sub: Purchase of Chevenard Micro Testing Machines.

The Chevenard Micro Testing Machines are meant for instructional purposes to the civil Engineer students and for conducting research in the strength of Materials Laboratory. They are therefore have to be specially manufactured to suit the requirements. Messrs. Volkart Bros, Madras were requested to quote for the manufacture and supply of the above machines in consultation with the manufacturers and they first offered Rs. 29,550/- approximate. In this office letter Ac.75/sk/49 dated 29--8--49, permission was requested for the purchase of the machine at a cost of Rs. 29,550/- as quoted approximate by the firm and an order also was placed on 12--9--40 with the firm.

On 27--x--49 Messrs. Volkart Bros. wrote to say of the 4 % increase in the ex-works price and devaluation of the rupee and estimated Rs. 42,090/- approximate for the same machines. Considering the necessity of securing the machines which are of educational value to the students and the devaluation which was inevitable the firm was asked to go ahead. Since the price offered was only approximate, it was considered not necessary to address the Director of Public Instruction at this stage till the receipt of the final bill. The machines have since been supplied in good condition and the firm have billed Rs. 33268-15--0 towards the cost of the machines and Rs. 398--6--9 towards sales tax amounting in all Rs. 33667--5--9.

2
It would be seen from the above that the company were not able to send a firm quotation as these machines were unlike others sold in the market and were special ones manufactured on orders to suit the requirements. A comparison of the first and subsequent offers of the firm with the invoiced price presented for payment shows an increase of Rs. 3718-15-0 and a reduction of Rs. 8821/- respectively. This was mainly due to uncertainty of the prices of materials required for the manufacture of the machines. A copy of the letter of the firm dated 21-x-50 is herewith submitted for favour of perusal. In these circumstances sanction may kindly be accorded for incurring the expenditure of Rs. 33667-5-9 on the purchase of the machines under question.

Ref: Your order ref. 60/49 dated 12--9--49 Chevenard micro testing Machines
Our Invoice No. 3037 dated 29--5--50.

We set down below the position in regard to prices quoted by us on the basis of which your order was placed and the final prices at which you have been invoiced. Between the time of your placing the order and our supplying the material we had been advising you of certain price changes and in order that the position might be well clarified, we are giving further details in order enable you to see the position clearly as per the attached schedule.

You will note that we have been indicating every time the approximate rupee prices based on the Swiss franc prices for delivery ex-works. But in our final invoicing we have indicated the final Swiss franc prices for delivery f.o.r Schaffhouse and then indicated separately the charges such as railway freight from the factory to Genoa--the port of shipment, sea freight, insurance charges, duty, clearing expenses etc. at actuals as have been incurred by us. The total sum of Rs. 33268--15--0 which is exclusive of sales tax of Rs. 398--7--0, therefore represents the final price as against the approximate rupee price f.o.r Madras of Rs. 35620/-. We trust that we have clarified the position completely and that you will be able to pass our bill for payment without any further delay. Nearly 5 months have already elapsed since our bill has been submitted and therefore we request you to give this matter your immediate attention.
