Copy of letter from the Principal, College of Engineering, Guindy, Madras 15. to the Director of Public Instruction with Rc.2.325 A/50 dated 24-11-50.

Sub:-Permission to send Professors in Civil Engineering from all the Engineering Colleges to attend the international Engineering Conference and International Association for Hydraulic Research to be held in January 1951-recommending-

---

In continuation of my personal conversation with the Director of Public Instruction on the subject, I submit that, during the month of January 1951, two important conferences are going to be held in India. The first is the International Association for Hydraulic Research to be held at Bombay between 2nd and 5th January 1951 and the second is the International Engineering conference on large dams to be held in Delhi from the 10th to 15th January 1951 and the final session will conclude at Bangalore. In the above conferences, eminent engineers and Professors of International standing from all parts of the world will participate in the discussions and deliberations. The importance of this unique opportunity for the memebers of the Engineering profession and the educationalists in the field of Engineering will be great and so every effort should be made to depute delegates to attend these conferences. Besides, these two conferences an engineering exhibition on All India basis will also be held. Symposiums of different kinds will be conducted during the session utilising the presence of eminent authorities on different subjects in engineering. These conferences are with special reference to Civil Engineering structures.

It is understood that for the above conferences, the Chief Engineer, P;W.D. will be sending about 30 delegates. As the conferences relate to the discussions of the Civil Engineering topics, all the Professors of Civil Engineering in the various engineering colleges in the Madras State may be deputed to attend the same. By sending the professors who have the calibre and status to take part in the discussions and to conduct members of the profession from different countries, the tone and capacity of Professors will definitely improve and they may utilise their knowledge in imparting instruction to the students.

3. The standing Advisory Board for Technical Education has also recommended to depute professors to study as occasion arises particular aspects of highly specialised problems that may be tackled at the time in any major project or work or industry, for a period of three months or less. In my remarks on these recommedndations of the Standing Advisory Board for Technical Education, it was stated in my letter No.C.No.3-194 A/49 dated 29th August 1949, that a start can be made by deputing members of staff to study the details of the latest projects that are under construction by the Government during summer vacation (please see your Proceedings Rc.No.766 K2/49 dated 3-6-49) My suggestion to depute the heads of Civil Engineering staff of the four Engineering Colleges to attend the International conferences is in accordance with the above proposal of the Standing Advisory Board for Technical Education. Further, a number of students and officers were deputed Overseas in previous years by the Government at an enormous cost to the State, and such candidates were able to contact only a few of the eminent engineers within the narrow orbit of their University area, whereas, in the present case, eminent members are meeting from all the countries at one and the same place and their contact will give the professors not only help in their professional work but also in setting up the laboratories on modern lines and a good deal of cultural advantage.

4. Under these circumstances, it is requested that Government may kindly be addressed to depute the following Professors of the various Engineering Colleges to attend both the conferences which will be held between 2nd and 15th July 1951 and also the concluding sessions at Bangalore.

1. Sri;N.S. Krishnaswamy Iyengar, Professor, College of Engineering, (in Civil Engineering).

P.T.O.

2. Sri.V. Kalyanaraman. Professor, College of Engineering, Guindy. (in Civil Engineering).

3. Sri.P.R. Ramaswamy do Coimbatore.

4. Sri.N.R. Sithapathi. do Kakinada.

5. Sri.T.S. Venkataraman. do Anantapur.

5. During my personal conversation with the Director of Public Instruction, it was suggested that it is most desirable that Professors should be given first-class travelling allowance to be in keeping with their status. If first-class fare is allowed, the approximate cost under T.A. and other allowances for the five professors works out to Rs.3,900/-as noted in Appendix A. If, for any reason, second class fare only is allowed, the approximate cost comes to Rs.2,980/-as detailed in ApendixA; This financial ~~cost~~ aspect of the proposal is very small when compared to the advantages that will be realised by deputing these Professors to attend these importxtant conferences.

6. While deputing the Professors to attend the conferences certain procedure has to be adopted, and it is noted in appendix B.

7. As the time at the disposal is very short, it is requested that the question may kindly be taken up with the Government as early as possible and orders obtained so as to enable these Professors to obtain seats to attend these conferences, in time. During the absence of the Professors from the various Institutions the class-time-table will be so arranged that the deputation is in no way prejudicial to normal routine instructional work as most of the classes will be on survey camp work.

Deputation of some Professors in Engg.colleges to two Conferences of Engrs. at Bombay, Delhi and Bangalore.

Two international conferences - viz., the Conference of the International Assocation for Hydraulic Research and the International Engg. Conference on Large ~~Dams~~ - are to be held ~~at~~ in Bombay and Delhi and Bangalore between the 2nd and the 15th Jany. 1950. It has been ascertained from the P.W.D. that they have deputed 25 officers to attend the Conferences and allowed them to draw T.A. and daily allce. (at the rates admissible hereto) ~~under the rules.~~ The Principal, Engg. College, Guindy has proposed that the Professors of Civil Engg. - five in number - in the four Govt. Engg. Colleges may also be deputed to attend the Conferences. He has fully ~~x~~ justified his proposal - pp.3-4 C.F. The D.P.I. supports the proposal and recommends that the Professors' absence from their headquarters may be treated as duty and they be paid T.A. and D.A. at the rates admissible (to them) under the rules. The recommendation may be accepted. A draft order is subd. Finance may see for acceptance before circn. ~~May be sent to Govt with the P.W.D~~ P.W.D and

While submitting the proposal of the Principal, College of Engineering, Guindy, for necessary orders of Government regarding the deputation of the Professors of Civil Engineering in the four Government Engineering Colleges to attend the Sectional Meetings of the World Power Conference, I recommended that they may be paid travelling and daily allowances as per Madras Travelling Allowance Rules. This was in addition to the Membership fee (i.e. Registration Fee) to the Central Board of Irrigation, New Delhi for the five Professors at Rs.150/- each. Specific mention about travelling allowance alone was made as the Principal suggested that the Professors may be given first-class travelling allowance to be in keeping with their status.

p.t.o.

Q 16

: 2 :

2. I therefore request that Government may now be pleased to sanction the payment of the membership fee to the Professors at Rs.150/- each.

In this connection I invite the attention of Government to G.O.Ms.No.2153 Public Works Department dated 3-6-1950 wherein Government have sanctioned Rs.5000/- to certain Engineers in the Electricity Department in connection with the same meetings which includes Registration fees, travelling expenses, etc.

3. I invite the attention of Government also to my letter Rc.No.2335 L4/50 dated 14-12-50 and request that orders may be passed regarding the deputation or otherwise of Major B.H.Marley, Principal, Government College of Technology, Coimbatore.

4. As there is hardly any time, I am asking the Principals of the respective colleges to arrange for the payment of Rs.150/- each in anticipation of sanction of Government and request that my action may kindly be approved.

Yours faithfully,

for Director of Public Instruction.

Rc.No. 2335.L.4/50 dated 9.1.1951

Sir,

Sub: Conference - International Engineering Conferences at Bombay and New Delhi.
Ref: G.O.Ms. No. 3360, Edn., dated 21-12-1950

It has been since reported that the Conferences at Delhi will be held from 10th to 16th instant and that on the 16th inst., visits to important works and Engineering Exhibition, etc., have been provided, for the delegates.

Sri N.S. Krishnaswamy Iyengar, Professor of Civil Engineering, College of Engineering, Guindy, wants to utilize this opportunity to visit the Hircaud Dam, which is under construction, on his way ba-ck- from Delhi, so that it may be useful in importing instruction to the students in Dam construction. This proposal it is reported involves only an additional cost of about Rs. 187-8-0 to the State towards Travelling Allowance. This may not be considered much in view of the benefits that may be derived by his visit to that Dam. The Principal has therefore recommended this proposal, for favourable consideration, and has stated that the expenditure can be met from the allotment sanctioned to the College for 1950-51 under Travelling Allowance. It is reported by the Principal that Sri V. Kalyanaraman, who is also a

a delegate to the above Conferences has not proceeded as he has been suddenly ill.

In view of the shortness of time, I have permitted Sri N.S. Krishnaswamy Iyengar to visit the Hiracud Dam to claim Travelling Allowance therefor in anticipation of your kind approval. So, I request that Government may be pleased to issue necessary orders in the matter.

Yours faithfully,

for Director of Public Instruction

Sir,

Subject:-

International Engineering Conferences at Bombay, Delhi and Mysore- Deputation of certain professors in Engineering Colleges- Membership fee for the conference at Bombay- Sanction of.

Ref:- G.Os Nos. 2360 Education, dated 21-12-1950, No. 3382 Edn. dated 27-12-1950 and Memo No. 41714-A3 Education, dated 3-2-1951.

*****

In their orders read above Government were pleased to permit the professors of Civil Engineering in the four Government Engineering Colleges and the Principal, College of Technology, Coimbatore, to attend the conference of the International Association for Hydraulic Research and the International Engineering Conference on Large Dams held in Bombay, Delhi and Mysore in January 1951 and also sanctioned the payment of a membership fee of Rs.150/- on behalf of each of the Professors. Only three professors, namely (1) Sri. N.S. Krishnaswamy Iyengar of the College of Engineering, Guindy (now Principal, College of Engineering, Anantapur), (2) Sri. P.R. Ramaswami Government College of Technology, Coimbatore and (3) Sri. T.S. Venkataraman, College of Engineering, Anantapur, attended the conference at Bombay. It has now been reported that each delegate was asked to pay a further sum of Rs.24/- (Twenty four only) towards membership fee for attending the conference at Bombay in addition to the membership fee of Rs.150/- to the Central Board of Irrigation New Delhi, and that this sum has been paid by the above three professors who attended the conference at Bombay.

In the circumstances, I recommend that Government may be pleased to sanction also the payment of the sum of Rs.24/- (Twenty four only) to each of the professors of Civil Engineering of the three Government Engineering Colleges under reference who attended the conference at Bombay.

Yours faithfully,

for Director of Public Instruction.

Sir,

REF: Government Memorandum No.5894-A.2. Education dated 10th March 1 9 5 1.

Sri N.R. Sitapathi, Professor of Civil Engineering, College of Engineering, Kakinada, is one of the officers permitted in G.O.Ms.No.3360 Education dated 21-12-1950 to attend the International Engineering Conferences held in Bombay, Delhi and Mysore in January 1951. In the memorandum quoted above, the Government were pleased to sanction the payment of a sum of Rs.24/- in addition to the membership fee of Rs.150/- to the Central Board of Irrigation towards the membership fee of each of the three officers, viz., (1) Sri N.S.Krishnaswamy Iyengar, now Principal, College of Engineering, Anantapur, (2) Sri P.R. Ramaswamy, Professor of Civil Engineering, Government College of Technology, Coimbatore and Sri T.S.Venkataramanan, Professor of Civil Engineering, College of Engineering Anantapur, who attended the conference at Bombay.

Page.....2

--2--

Sri N.R. Sitapathi has since reported that he also has paid the additional sum of Rs.24/- to the International Association for Hydraulic Research at Bombay and attended the conference. So, I request you to kindly sanction the payment of a sum of Rs.24/- to Sri N.R.Sitapathi also.

Yours faithfully,

for Director of Public Instruction.

Sub: International Engg. Conferences at Bombay - Deputation of Certain Profs. in Engg. Colges - Membership fee.

In your letter - no. 2335-L4/50, d/- 9.2.51 it was reported that only three Professors attended the conference at Bombay. Please say ① why the name of Sri N.R. Sitapathi was omitted then, & ② why he did not claim so far the sum of Rs. 24.

ASSISTANT SECRETARY 21766 8 JUN 1951 EDUCATION DEPARTMENT

Sir,

Sub: International Engineering Conferences at Bombay, Delhi and Mysore - Membership fee for the conference at Bombay - Payment to Sri N.R.Sitapathi - Sanction of

Ref: Your Telephonic Message (by post) dated 22-5-51.

With reference to the Telephone Message cited, I have to state that at the time when I addressed Government in February 1951 for the sanction of an additional sum of Rs.24/- towards membership fee for attending the conference at Bombay, requests from only three Professors were received by me and it was therefore reported to Government in my letter dated 9-2-1951 that only three Professors attended the conference at Bombay which statement is however now found to be not correct. As no request from Sri N.R.Sitapathi was received at that time, his name was not included. I am enclosing a copy of the letter dated 21-4-51 from Sri N.R. Sitapathi to the Principal, College of Engineering, Kakinada from which it will be seen that he has made his request only after he came to know that Government have sanctioned the additional sum of Rs.24/- to the other three Professors. Since Sri N.R.Sitapathi has actually attended the conference at Bombay and paid the membership fee of Rs.24/- I recommend that Government may be pleased to sanction the payment of the above sum to him also. The Professor may however be informed that he should have made his request much earlier than the 21st of April 1951.

Yours faithfully,

for Director of Public Instruction.

PTO

Copy of letter from Prof. N.R.Sitapathi, dated 21-4-51.

....

I understand that the Government have sanctioned payment of Rs.24/- to each of the Professors of Civil Engineering viz. Prof.N.S.Krishnaswami, Prof~~e~~.P.R.Ramaswami and Prof. T.S.Venkataraman. This is the amount which each one of us had to pay to the International Association for Hydraulic Research at Bombay.

Prof. V. Kalyanaraman~~a~~ did not attend the Bombay session. But I had attended and paid the amount. I therefore request you to address the Director of Public Instruction to sanction payment of Rs.24/- to me; the voucher for which is herewith enclosed.
