The above mentioned resolution was passed on 22--5--50. Only three untrained graduates working in the school were willing to undergo training. If the Commissioner had the interest of the school at heart he would have taken necessary steps to see that all the three were sent for training. But unfortunately the Commissioner even from the beginning had been doing his utmost to see that no non-brahmin is sent for training and he had succeeded in doing so. The candidates were first asked to give an undertaking that they would undergo training at their own expenses and risk till the receipt of favourable orders from higher authorities (vide Memo. 2631/50 dated 2--6--50). This need not have been done ~~th~~ by the Commissioner yet he had wantonly done that in order to dissuade the candidates from going for training. Though the reply from the Director of Public Instruction had been received on 13--6--50 the Commissioner has sent for the candidates for a personal discussion.

on 19--6--50 (vide Memo. dated 16--6--50) and had extracted from the non-brahmin candidates letters expressing their unwillingness to undergo training.

The Council though the selection committee selected another outsider to undergo training. As this candidate also happened to be a non-brahmin, the Commissioner has successfully manovoured to have this proposal dropped. The representations made by Sri. C. Veeraraghavan, Municipal Councillor requesting the Government to order the Commissioner to stay actions which was communicated to me for my remarks in No.13815/F.50/2 Education dated 12--6--50 will also go to prove that the Commissioner had been behind the screen in sending their representations. The Commissioner is not only doing dis-service to the institution but also communal minded and does every thing to prevent any non-brahmin from deriving any benefit.

I request the Government to take disciplinary action against this Commissioner for acting in such a partial manner.
