The Govt see no necessity to make provision in the District Municipalities Act, 1920, for the Constitution of a Standing Education Committee as in Section 6 of the City Municipal Act. They consider that it will be sufficient if an Advisory Committee is constituted for secondary schools under the control of a municipal Council as ordered in Go. no 4129 Edn d 23.5.48

From the Govt., Malthurai mltly no. A7/28702/50 d. 4.11.50

Sec. 6 of ^{City} Municipal Act provides for the constitution of Standing Committees of the corporation to deal with ^{various} several branches of administration. The Govt., Malthurai mltly addressed the Govt. ^{March} last suggesting the formation of similar committees ^{for Education} by amending the District Municipalities Act. The DPA did not accept the suggestion for the following reasons:-

p10 (B)

p3 (B)

(N)

Memo 11794 B/50
3656 (A) P11-5

1) G.O. 1129 ed d. 3.5.48 provides for the constitution of ^{any} advisory committees for each Secondary School under local bodies.
2) Sections 23 & 24 of the D. Municipalities Act authorise the appointment of committees for specific purposes.

(B) / p1

A reply was given to the Govt., Malthurai mltly that there was no need to act on the council's suggestion regarding the formation of Standing Education Committee for each Municipality. A similar reference from the Govt., Palni mltly was answered in the negative.

p6 (A)

p116

2- The Govt., Malthurai mltly reiterates the original proposal and suggests ^{that} the constitution of committees may be limited to at least big municipalities. ^{The point to be decided is} whether it is necessary to

constitute a standing committee of education for each municipality or whether such committees may be formed for big municipalities. The committee to be formed is to look after ~~only~~ matters relating to secondary education. The need for a committee will arise only if a m.l. maintains a number of secondary schools. The size of the m.l. will not be a real factor to determine the need for a committee, as a big municipality like Madhava does not maintain any secondary schools while a small m.l. like Nandyal maintains two high schools. The D.P. has explained in detail how there is no need for committees of m.l.s for secondary education.

3. There may be need for a committee to look after elementary schools but this point has not been raised in this file.

4. For orders whether the Govt. may be informed that the request regarding constitution of committees will not be reconsidered.

It may be however be noted that one of the comprehensive amendments to the M. D. M. Act, 1920 considered in 1947 provided for the constitution of four standing committees, for contracts and works, public health, appointments and accounts; and for the constitution of additional standing committees for such purposes as the Council thinks fit, with the previous sanction of the Government. In this connection the question of having specific provision for a standing committee for education was also considered and required.
