Sir,

Sub: Recognition of the Engineering
Degree of the Annamalai University.

Ref: Govt.Memo No.92001 A-1 Edn., dated 8-12-1948.

With reference to the Government Memorandum quoted above, I have the honour to report that the amendments since issued in G.O.No.364 Edn., dated 12-2-49 regarding the qualifications prescribed in the Madras Educational Subordinate Service for the posts of Assistant Instructors and Laboratory Assistants, cover the B.E.degree of the Annamalai University as well, and that it will suffice, if the B.E.degree of this University is recognised by the Government as equivalent to the B.E.degree of the Madras University.

2. As regards amendments to the Madras Educational Service Rules I suggest that the entry, "B.E. of the Annamalai University", be added to the list of examinations in the table in the annexure to these rules.

Yours faithfully,

for Director of Public Instruction.

Sir,

Subject: M.E.S. - Qualifications - Degrees of Annamalai University to be prescribed as alternative qualifications.

Ref: Government T.M. by post No.92001-A.3 Edn dated 5-5-1949 (Para 2)

In submitting herewith an extract from the letter ROC.2-196-A/48 dated 25-8-49 from the Principal, College of Engineering, Guindy, I recommend that the Annamalai University degrees may be prescribed as alternative qualification also for Professors of Engineering and for Instructors in Mechanical Engineering and Senior Workshop Instructors.

2. In this connection I may add that the Engineering College, Kakinada is now having the fourth year course and that the students will receive the degrees in 1950. I therefore recommend that the special rules for the M.E.S. may be amended to give recognition to the Engineering degrees of both the Annamalai and the Andhra Universities.

Extract from the Principal's letter:

Ref: Your Proceedings ROC.No.3794-C.2/48 dated 6-6-49.

With reference to the Director's Proceedings referred to above regarding the B.E. degree of the Annamalai University, I have gone through the syllabus of the various branches in great detail and I find that the syllabus is more or less identical with that of the Madras University. In addition I have gone through the question papers set by the Annamalai University in different subjects and I find that the standard is practically the same with the standard of question papers set by the Madras University. I have consulted the heads of various departments in this College who are also the examiners of the Annamalai University and they are of the same opinion.

On account of these reasons, it is suggested that the degree of the Annamalai University with 1st class in any particular branch may be accepted as equivalent to B.E. degree of the Madras University prescribed in the statutory rules for the category of Professors and Principals. For the same reasons the B.E. degree of the Annamalai University may be considered as an alternative qualification for the posts of Instructors as well as for the post of Senior Workshop Instructor.

The occasion for both the drafts below is the same. The object of both is to accord recognition to the Annamalai Univ. & the Andhra Univ. Engg. degrees. If, w.r.t. Draft I about the M.E.S. (the posts in that service are within the Commission's purview), the Commission holds the degrees as equivalent to the Madras Univ. degrees, that view shd. apply to the M.E.S.S. (the posts of Lab. Assts., etc. in that service are not within the Commn.'s purview) also. The Commission cannot take a different view about the same degrees in respect of the M.E.S.S.

A refce. to it w.r.t. Draft II is manifestly unnecessary. It is proposed to issue that draft only along with draft I after the Commission's remarks on the latter are received. Public may see again & say whether, in view of the reasons given above, their suggestion need be followed.

Please see the subsequent note of E & P.H. on p. 2 ante. No doubt when w.r.t. draft I, the Commission holds the degrees in question as equivalent to the Madras University degrees that view should apply in respect of the posts in the M.E.S.S. also. But the Commission's acceptance can only be inferred. There seems to be no special reason for not obtaining the Commission's concurrence direct. This may Dept. may therefore suggest that the Commission may be consulted specifically w.r.t. draft II also.
