Sir,

Subj:- Post-war Educational Plan - Scheme relating to the introduction of revised scales of pay.

In 1945 the Madras Govt. prepared a five year plan of Post-war ~~Plan of Educational~~ Development Schemes to be introduced in the Province, after the cessation of hostilities. Seven schemes relating to Education were included in the Plan and the Govt. of India have given their general approval to the whole Plan. One of the Schemes included in the Plan, relates to the revision of salaries of teachers. The Central Advisory Board of Education in their report on Post War Ed. Development pointed out that the salaries paid to teachers are very low and uniform scales of pay should be fixed for ~~all~~ teachers irrespective of the managements which employ them. ~~They urged on a~~ Board wanted, a ~~liberal~~ revision of pay of teachers the ~~in Schools~~. In pursuance of the recommendations of the Central Advisory Board, the Madras Govt. have revised the pay of teachers in educational institutions. Though the Board stressed the principle of uniform scales of pay for teachers irrespective of managements, the Madras Govt. had to deviate from this principle on financial and administrative considerations, and lay down different scales of pay to teachers in Govt. schools, those under local bodies and those under private managements. The scales of pay and grants as revised by Govt. are appended to this letter. The revision of salaries entails additional expenditure as indicated below:-

Government Schools.	..	Rs. 8 lakhs.
Local Body Schools:		
Elementary.	..	92 lakhs.
Secondary.	..	30 lakhs.
Schools under Private Managements:		
Elementary.	..	44 lakhs.

X

In the case of Govt. schools and in the case of elementary schools under private management, the entire additional expre. is met from Provincial funds. As regards elementary schools under local bodies, the extra cost of revision should be met by local bodies from their own funds. The possibility of increasing local taxation has been explored and orders have been issued directing increase in the rates of education tax wherever necessary. In the case of secondary schools under local bodies and private management, the Govt. have agreed to meet a portion of the additional cost as indicated below:-

Local Bodies:- One half of the cost of revision.

Private managements:- Two-thirds of the cost of revision.

//Of the total expenditure of Rs.256 lakhs involved in the revision of salaries, the share borne by the Govt. of Madras is Rs. 134 lakhs per annum on the [illegible] basis of allocation.

...Govt. of India have promised a block-grant for all

2. "The Government of India have fixed the overall maximum limit of the block grant for 1948-49 on approved post-war development schemes at Rs. 442 lakhs. By an oversight, the scheme relating to Revision of Salaries of Teachers, was not included in the programme for 1947-48 or 1948-49. However, as this is one of the schemes included in the 5-year plan which has already been approved by the Government of India, I am to request that the Government of India may be pleased to include this scheme in the list of schemes eligible for financial assistance from the Central Grants in 1948-49 and also to permit this Government to count against the block grant for 1948-49 the entire expenditure incurred on this scheme in 1947-48. Another communication will be sent to you about the middle of November stating the actual expenditure incurred in 1947-48 and the amount required in 1948-49 in respect of the scheme."

Sir,

Sub: POST-WAR SCHEME - Revision of salaries - Grant from the Government of India.

REF: Government Memorandum No.56562-B2/48-4 Education dated 14-12-1948.

----

1 Government have called for particulars regarding extra cost to Government on account of revision of salaries of teachers ~~of~~ with a view to claiming grant from the Government of India under Post-War Schemes.

2 So far as Secondary Schools under private managements are concerned the following doubts arise:-

(1.) Salaries of teachers' is one of the items reckoned for purpose of arriving at the net cost under rule 32 of the Grant-in-Aid Code, the other items being expenditure on servants, rent, taxes, contingencies, outlay and Dearness allowance.

(2.) While the managements have been permitted to collect generally increased fees for 10 instalments (7 in the long plus 3 in the short terms) for purposes of grant, Fee income is reckoned only for 8 instalments at standard rates.

(3.) Coming to the expenditure side kind attention is invited to the U.O. reply dated 20-8-1948 submitted to Government with reference to U.O. Education and Public Health No. 54562-B2/48-1 dated 30-7-1948. It was stated therein that managements were asked to adopt atleast the revised scales of -- salaries laid down in G.O.No.975 Education dated 10-5-47 with effect from 1-6-47. Most of the managements have done so with the result that the expenditure on salaries has gone up considerably. It is possible to find out by comparison what extra expenditure has been incurred by managements on the payment of salaries with reference to the Revised scales. As regards the extra expenditure to Government therein comes the difficulty. The code grant at 1/2 or 2/3 as the case may be is worked out on the total net cost comprising the several items mentioned above and it is not possible to arrive at the figures required by Government i.e. extra cost to Government on account of revision of salaries alone.

Mr 3-5 nf

Mr 1-2 nf.

3 Secondary Schools under Local Bodies:- In regard to the schools coming under the above category I may point out that in addition to the difficulties mentioned above in respect of the Secondary Schools under Aided

(page....2)

14

-2-

managements which equally apply to these schools also in general it is not possible to determine the extra cost in 48-49 on the basis of the figures of 47-48, since the grant for the year 46-47 was originally paid to local bodies as a lump sum subsidy under the block grant system without the ~~sanction~~ Scrutiny of the financial statements under the provisions of the grant in aid code. The exact cost on account of the salaries paid in 1946-47 which would be admissible for purposes of grant have not been determined so far. In calculating the net cost for this year 1947-48 Government have however ordered that 10 instalments of fees at standard rates should be taken into account in respect of secondary schools under local bodies, unlike 8 instalments in the case of secondary schools under private managements.

In the circumstances I request that I may be enlightened in the matter further on the points now raised.

Yours faithfully,

for Director of Public Instruction.

Memo 2423 B2/49-2 Edn d/ 4.2.49.

The DPI is informed that the extra cost on account of revision of salaries of teachers in nongovt secy schools may be calculated approximately by deducting from the expenditure on teaching staff in 1947-8, the expenditure on teaching staff in 1946-7. (Item 1 in the financial statements received for assessment of teaching grant) and the net cost may be arrived at by deducting from the gross extra cost a percentage of the fee income that is taken into account for purposes of assessment of teaching grant - ie 8 instalments at Standard rates in respect of secondary schools under private managements and 10 instalments of fees at Standard rates in respect of secondary schools under local bodies. The percentage of fee income that should be taken into account for this purpose may be fixed by the Director in the proportion which the expenditure on salaries on the revised scales of pay bears to the expenditure on all approved items of expenditure in 1947-8. The extra cost to Govt on account of the revision of salaries of secondary school teachers may then be worked out as one-half of the net cost as arrived at in the manner indicated above in respect of secondary schools under local bodies and two thirds in respect of secondary schools under private managements.

Reference:-Government Memorandum No.2423-B2/49-2 Education dated 4..2..1949.

—

With reference to Government Memorandum cited above, I have to state as follows:

Aided Secondary Schools:

The fixing of the percentage indicated in the above Government Memorandum was found unworkable. When the percentage of fee income to be deducted was actually calculated following the instructions of Government. Such percentage was found to exceed the gross extra cost and unofficially a clerk was sent to the Secretariat to explain orally the difficulties and to take instructions. Accordingly the following course was agreed to.

Aided secy. schools

"The net cost was arrived at by deducting the product of the total gross extra cost and fee income at standard rates(8 instalments) divided by the total admissible expenditure from the gross extra cost." Accordingly figures were worked out and the net cost comes to Rs. 9,78,817/- and two thirds of this is Rs. 6,52,545/-.

Secy. schools under l. bodies

In regard to Secondary schools under local bodies, the net extra cost amounted to Rs. 2,02,000/- taking into account all the secondary schools which were eligible for a code grant for 1947-48. But it was found that in respect of certain fixed subsidy schools, which were already paid the fixed subsidy in 1947-48 as special grant in advance, no further amount is payable to them in 1948-49, and thus no extra cost was actually borne by Government in 1948-49 due to the revision of salaries in these schools in 1947-48. Excluding the schools of this type, the net extra amounts to Rs. 1,62,200/- only and one half of the net extra cost may be taken to be Rs. 81,100/-.

Sir,

Sub:--Post-War Development Schemes--Grant from the Centre--Extra expenditure incurred on account of the revision of salaries of teachers.

Ref:--Government's U.O. Note no.56562-B2/48-10 Education dated 13-9-49

'M'

In respect of the Secondary Schools under local bodies and private managements there was no actual extra expenditure incurred in the year 1947-48 on account of revision of salaries to teachers, as- grant to these institutions is paid under the post payment system. The grant paid to these institutions during 1948-49 is for the pervious year i.e. for1947-48 and the extra expenditure for the year 1947-48 on account of the revision of salaries has been actually incurred only during the year 48-49 and included in the teaching grant paid during this year. So far as the year 47-48 was concerned the extra cost to Government on account of the adoption of the revised scales of pay for teachers in Secondary Schools under local boides and private managements was worked out as suggested by Government and the same was already furnished to Government as expenditure actually incurred during the year 1948-49. The attention of Government is in this connection invited to the Director's letter Roc.No.1572 B1/48 dated 6-4-49 in reply to Government's Memorandum No.2423 B2/49-2 Edn. dated 4-2-49.

p19 ante
p15 ante

But in regard to Government Schools the extra expenditure actually incurred during 1947-48 has been reported to Government as Rs.1,56,429-0-0 in the Director's letter, Rc.No.1572 B1/48 dated 12-8-49 The actual extra expenditure incurred during 1947-48 on account of revision of scales of grants for teachers in aided Elementary Schools is Rs.72,69,714-0-0 Thus the total extra expenditure actually incurred during 1947-48 is only in respect of these two categories of Schools and the total amount is Rs.74, 26,143-0-0. Half of this amount i.e. Rs.37,130,72 may be claimed as grant due for the year 1947-48 from the Government of India.

p33 ante

The extra expenditure incurred during 48-49 on account of the revision of salaries of teachers in Secondary Schools is shown below:--

Government Schools	Rs.2,02,399- 0- 0
Local body Secondary Schools (relating to the year 47-48)	81,100- 0- 0
Secondary Schools under private managements (relating to the year 47-48)	6,52,545- 0- 0
Total/extra expenditure for the year 1948-49	9,36,044- 0- 0

40

The probable extra expenditure during 1948-49 in respect of Elementary Schools under private managements is Rs. 76,71,503/- for teaching grant and Rs.32,62,531/- for dearness allowance.

The Government's reminder dated 10-9-49 referred to in the above U.O. note has not been received.

Sub: Madras Government's development schemes for 1949-50.

I am directed to refer to your letter No.19967 P & D xxxxx V/49-17 dated 29-11-49, and to offer the following comments in respect of some of the schemes included in the list forwarded therewith.

(1) Experimental trials on Botanical gardens: As the scheme has been discontinued in four places and carried out only in Anakapalle, it is suggested that the small expenditure on this scheme may be met from Provincial resources.

(2) Poultry development in Agricultural Research Stations: The attention of the Provincial Government is invited to the Ministry of Agriculture's letter No.F.4-10-/49-L dated 6 July 1949

(3) Appointment of Lecturers in Animal Genetics and Bacteriology: The scheme is a small one involving only payment of salaries; it may be financed from Provincial resources.

(4) Construction of 12 wards of 18 beds each in T.B. Sanatorium, Tambaram: The scheme has already been appro d for 1948-49 Vide item 66 of the list attached to Development Board's letter No.59/RC/Madras dated the 24th July 1949. No fresh approval for 1949-50 isnecessary in terms of Ministry of Finance's letter No.F.18(1)-P/49 dated the 24th November 1948.

Subj:- Post-war Scheme - Revision of salaries - Grant from the Government of India.

"Revision of salaries of teachers" is one of the seven schemes included in the Post-war plan. The intention of Govt. originally was that uniform scales of pay should be fixed for teachers irrespective of the managements under which they were employed. In 1947 the question of general revision of salaries of Government employees was taken up. In that connection the question was raised whether the pay of teachers in schools under local bodies and private managements should not also be revised. Though the Government accepted in principle uniform scales of pay for teachers under different managements, yet they decided to introduce for teachers in schools under local bodies scales of pay slightly lower than those fixed for teachers in Government service. The scales of pay for teachers in aided secondary schools are the same as those teachers in the service of local bodies. In the case of elementary schools under private management revised scales of grants were also laid down. These are lower than those for teachers in Govt. service and in the service of local bodies.

2. In the case of secondary schools under local bodies the system of subsidies was revised. Under the revised system, secondary schools under local bodies are eligible for grants based on half the net cost system under the provisions of the Grant-in-Aid Code. In the case of secondary schools under private management, the grant payable was raised to two-thirds of the net cost against "one half" previously in force. The increased rate of grant was intended to enable managements to introduce the scales of pay fixed for teachers in schools under local bodies.

3. It was estimated that the introduction of revised scales of pay and scales of grants would entail additional expenditure as indicated below:-

31/7

	Total extra cost. (In lakhs)	Extra cost to Provl. Funds. (In lakhs)	
Elementary schools:			
Local bodies. ..	92*	--	* The decision was that the extra cost should be met by local bodies themselves.
Private managements..	82	82	
Secondary schools:			
Local bodies. ..	30	15 ※	※ Half cost.
Private management..	44	29 @	@ Two-thirds.
Teachers in Govt.schools:	8	8	
Total.	256	134	

4. The figures referred to above are only estimates and it is not known what the actual extra cost will be for each year. As the scheme has been included in the Post-war Plan, the Madras Government will be eligible for a grant from the Centre in respect of the extra cost of revision of salaries. It is understood from Development (P.& D.) that steps have not been taken so far to claim a grant from the Government of India in regard to the scheme. That Department have noted that details may be furnished to them regarding the extra cost of revision of salaries so that the scheme may be included in the programme for 1948-49 and steps taken to obtain a grant from the Govt. of India. The D.P.I. may be requested u.o. to report what the extra cost of revision of salaries will be for 1948-49, so that the figures may be reported to the Govt. of India and a grant claimed from that Government. Figures for 1947-48 ~~is~~ are also necessary so that the Govt. of India may be addressed for the allotment of the grant due for that year which had lapsed.

5. The file may be sent to the D.P.I. u.o. for remarks.

He may be requested to treat the case as specially urgent.

2. Kind attention of Government is invited to the Director's letter Roc. No.2382/B2/48, dated 10-8-1948 regarding the particulars required in respect of Elementary Schools under private management.

3. Regarding Secondary Schools under local bodies and private management the following facts are submitted.

SECONDARY SCHOOLS UNDER LOCAL BODIES:- On account of the introduction of the Revised System of subsidies to Local Bodies for Secondary Schools, Government passes orders in G.O. No.2190 Education dated 10-10-1947 sanctioning the payment during ~~the~~ 1947-48 of a special grant equal to the fixed lump sum subsidies paid in 1946-47 and in addition the compensation payable in respect of ~~free~~ fee concessions and military concessions for the short term of 1946-47. As these items did not include any extra grant due to revision of salaries; no extra expenditure was incurred in 1947-48, towards payment for the revision of salaries of the staff employed in Secondary Schools under Local Bodies.

As for the year 1948-49, Government ordered that local bodies should furnish the Director of Public Instruction with the financial statements of all recognised secondary schools under their management for the year 1946-47 ~~by the~~ and 1947-48 in the form required by the Director for assessment of teaching grant for both the years and that from the total teaching grant due for the year, the lump sum subsidy paid in 1946-47 and the Special grant paid in 1947-48 should be

~~should be~~ deducted and the balance paid to the local bodies concerned in 1948-49. To this end instructions for the preparation of the financial statements have just been issued to the local bodies and the statements may be expected in a complete form only by the end of the September 1948. Even a rough scrutiny of these statements which are about 380 in number will take at least a month and the estimate of extra cost can be furnished to Government only by the middle of November 1948, that is , immediately after fixing the revised estimate for 1948-49 under the revised system of payment of subsidies to local bodies.

X

SECONDARY SCHOOLS UNDER PRIVATE MANAGEMENT:- It was only in June 1947 that the mangement were asked to introduce at least the local body scales from 1-6-47 and as an inducement 2/3 grant instead of the present ½ grant was promised. The financial statement of the schools are being received. There are not less than 500 schools and to obtain the extra cost under "salaries" the financial statement of 1946-47 and 1947-48 have to be compared and the necessary figures worked out. As matters stand at present only about 80 statements have been received as against 536 due.

GOVERNMENT SCHOOLS:- There are no figures regarding extra cost of Government in 1947-48 or 1948-49 due to the introduction of the revised scales of pay sanctioned in G.O. No.78, Finance dated 6-2-47 and amended subsequently in several other orders. These particulars are being called for from the subordinate officers and a separate report will be submitted.

The D.P.I has reported that complete particulars are not available & that it may take some more months to get them from the subordinate offices. A rough estimate of the expenditure on the grant of revised scales of pay & scales of grants have already been furnished to the Govt of India in another connection. This may therefore lie over till 15.11.48

The Govt of India have to be addressed for a grant towards the expre involved and for this purpose ~~the~~ figures of the actual expre incurred are necessary. The file may lie over until 15-11-48 meanwhile Dev (P&D) and ~~Finance~~ may see

3/9/48

We must register a claim at the earliest possible moment for Post-War Development grant from the Govt. of India for 47-48 and 48-49 - even though full ~~xxx~~ figures are not available. In fact, I think only approval from G. of I. is important - the adjustments according to actuals are made later I believe.

At least for 47-48, have not we got full figures? We should be able to ask for adjustment of the ~~x~~ lapsed grant. In any case, as I have indicated, a report should go at once asking for inclusion of this for 47-48 and 48-49.

It will be possible to estimate the extra cost on account of revision of salaries only approximately. The expenditure on salaries. (Item 1 in the financial statements submitted by managements for assessment of teaching grant) in 1946-7 represents the expenditure according to the old scales and that in 1947-8 according to the revised scales. The difference between the two may be taken to be the extra cost on account of the adoption of the revised scales of pay.

A

1-2-49

2. As pointed out by the DPI, the teaching grant which is calculated on the basis of net cost - one half in respect of secondary schools under local bodies and two thirds in respect of secondary schools under private managements - is assessed not with reference to expenditure on salaries alone but also in respect of other items of expenditure, eg. servants, rent, taxes, contingencies, outlay & dearness allowance. The income from fees which is taken into account in arriving at the net cost should be apportioned in the proportion which the expenditure on salaries bears to the expenditure on ~~other~~ all items of approved expenditure generally. The DPI may be asked to fix the percentage of fee income that should be taken into account on the above basis and deduct the amount of fee income thus arrived at from the extra cost on account of revision of salaries and arrive at the net extra cost. The cost to Govt will be one half of this extra cost in respect of secondary schools under local bodies and two thirds in respect of schools under private managements.

from 2 (1) on p13 cf.

B

1-2-49

3. The DPI has pointed out that there is no uniformity in the fee income that is taken into account for purposes of assessment of grant in respect of secondary schools under local bodies and private managements. This cannot be helped. The fee income that is now taken into account for purposes of assessment of teaching grant should be taken for purposes of reckoning net extra cost on account of revision of salaries also according to the percentage to be fixed with reference to 2 above.

Please see the notes at pages 1 to 6 ante. The Government of India have not yet intimated to this ~~Govt.~~ Deptt. whether the scheme of revision of salaries of teachers has been approved by them as one of the schemes eligible for grant from the central Govt. That Govt. may now be reminded. The draft below is for approval. It is understood from Development Department that no communication regarding the approval of the scheme has been received either by them.

2. The scheme has provisionally been included in the Post-war schemes drawn up by the Development Department and sent to the Government of India for the purposes of grant from the centre. The scheme finds a place both in the list for 1948-49 & 1949-50. As regards 1947-48 the Director has been asked to ~~give~~ report the figures of actual expenditure & his reply in the matter is still awaited. (He will be reminded on 10.9.49.) The Government of India have also been addressed for specific sanction to the payment of a grant for the scheme for 1947-48 also. In the circumstances it is not known what arrangements are being made to claim a grant from the G. of I. in respect of the scheme. The D.P.I. may see the case w.o. for remarks. Development (P & D) may also see.

A draft letter to the Govt. of India is submitted below for approval. The D.P.I. has indicated that a sum of Rs. 32,62,531/- was paid as grants for dearness allowance to teachers in Ele. schools under private management during 1948-49. No such figure has been given for 1947-48; nor is there any indication to show that the expenditure on d.a. has been taken into account for purposes of extra cost in the case of Secy. schools. It is not known whether a grant can be claimed in respect of the expenditure on d.a. Perhaps reference to the expenditure on d.a. may be omitted in the draft. Finance

E&P.H. notes at pp. 11-12 above may be perused. With ref. to M'm: 11 ante, it would appear that no ~~grant~~ claim for central grants can be made in respect of the scheme as a postwar scheme, unless the specific approval of the Govt. of India is obtained. Draft below may be perused and the case passed on to Fin.

(Previous Finance note on p. 9 above).

The notes of E.& P.H. on pp. 11-12 above and the draft letter to the Govt. of India may be perused.

The Govt. of India have since reduced their block grant for 1949-50 from Rs.500 lakhs to Rs.400 lakhs and have also indicated that there is no likelihood of this Province getting a grant in the next year for Devt. schemes.

2. As regards postwar development schemes, for which Govt. of India have already been addressed for approval, they have stated that they have not so far accorded their approval in view of their financial stringency, that they would be prepared to approve such of them as are considered essential by the Provincial Govt.; but that such approval does not convey with it sanction for any additional grant in respect of the schemes over and above the revised ceiling of Rs.4 crores.

It is understood from Devt. (P. & D.) that ~~that~~ the Govt. of India have since asked them to review the lists of unapproved schemes (of which the scheme dealt with in this file is one) and to address them again for approval in respect of essential schemes. Dev. (P. & D.) will no doubt consult E.& P.H. In the circumstances, it does not seem advisable to issue the draft letter below now.

cf. p. 37 cf.

With the above remarks the case may be returned to E.& P.H. thro' Dev. (P. & Dev.).

already in progress may be allowed to continue and the Govt of India addressed for approval in respect of these schemes, without prejudice to the instructions issued by Fin that each Dev. Scheme should be carefully reexamined by the Head of the Department concerned with a view to see whether the scheme could be abandoned or suspended at some appropriate stage, or whether the scheme could be modified to reduce its cost. A decision on that file may be awaited. The file ~~too~~ will be sent U.O. to E&P.H. also before a decision is arrived at. This case may be returned to E&P.H.
