Enclosures : No. RC No. 1202 D1/48 dated 16-2-1949.

Sir,

Sub:-- Schools--Secondary--Harijan concessions--Loss on account of relief--to schools--Grant of.

Consequent on the issue of G.O. No. Ms. 1667 Edn. dated 29-6-48, representations have been made to me by the managements of certain schools both local body and private, urging the grant of a substantial relief to enable them to meet the current expenses on account of the loss sustained by the grant of the full fee concessions contemplated therein. In this connection, I submit the following for the consideration of Government and orders.

1. So far as the year 1948-49 is concerned we are already at the end of the official year and nothing is possible or considered necessary. The managements will be receiving their teaching grants for 1947-48 before March 1949. And it should be possible to give the managements concerned an advance in April or May on the teaching grant due to them for 1948-49 if a request is made. This should help them to tide over their present difficulties.

2. Relief however would be necessary from the next year (49-50) as the heavy drop in fee income in some schools does in fact interfere with the managements' ability to meet their current expenditure fully. I therefore suggest that relief may be given by Government permitting me to make good in a single instalment the amount they have to forego by way of Harijan concessions, on the strength of statements received from managements through the District Educational officers showing the number of Harijans reading in the several classes and the amount foregone. Such statements may be prepared and sent in August or September and it may be possible to sanction the compensation for the two terms in one instalment by November at the latest subject to adjustment in the subsequent year where figures have not been quite exact. As these amounts are to be paid out of the Harijan Welfare Fund, I believe, there cannot be any difficulty in procedure such as is attendant on amounts to be sanctioned by the Legislative Assembly from year to year. Government orders on the subject involve the necessity to deal this item separately for sanction hereafter and the present suggestion is that payment may be made in the year of expenditure itself (unlike Teaching Grant which is being paid only in the subsequent year). The managements have asked for an early advance and my present suggestion goes far to meet their wishes consistently with the need for some kind of preliminary scrutiny of the figures supplied by the managements. I request that Government orders may cover both private and local body managements.

Yours faithfully,

In submitting herewith a copy of the letter from the
Accountant-General, Madras, T.XII-Misc-I-558 dated 14-3-49, I
state that consequent on the orders of Government in G.O.No.1667
Education dated 29-6-48 directing that the expenditure on the
grant of the full fee concessions to Harijan Pupils Secondary
Schools should be met entirely from the Provincial Harijan Uplif
Fund under "47-Misc-a-Labour etc". I sought the advice of the
Accountant-General in regard to the procedure to be adopted
in the matter of sanctioning the payment of fee compensation to
the managements of Secondary Schools. He now suggests that the
compensation grants may be sanctioned by the Director of Public
Instruction and necessary orders issued to the managements of
Schools, under instructions to the Commissioner of Labour by debi
to the head "47-Miscellaneous Departments - a - Labour etc",
I request that this suggestion may be approved in respect of
Secondary Schools under private managements as well as under
Local bodies and early orders issued in the matter, communicat
copies through the Commissioner, of Labour and Special Officers
District Board and Commissioners of Municipalities.

2. In this connection, I invite the attention of Governmen
to my proposals submitted with my letter R.C.No.1202 D1/48 dated

P.T.O.

16-2-49 regarding the grant of relief to managements to compensate the loss of the fee income foregone by the granting of full fee remissions to Harijan pupils and I request that early orders may be passed on that as well.

Sub: Schools - Secondary - Full fee remissions to Harijan pupils - Compensation for fee income foregone - Relief of expenditure.

In submitting herewith a copy of the letter from the Accountant-General, Madras, T.M. No. 1-558 dated 14-2-49, I state that consequent on the order of Government in G.O. No. 10654 dated 29-6-48 directing that the expenditure on the grant of the full fee remissions to Harijan pupils secondary schools should be met entirely from the Provincial Harijan Welfare Fund under W.F. Miscellaneous - Labour etc., I sought the advice of the Accountant-General in regard to the procedure to be adopted in the matter of sanctioning the payment of fee compensation to the managements of secondary schools. He has suggested that the compensation grants may be sanctioned by the Director of Public Instruction and not by orders issued to the managements of schools, under instructions to the Commissioners of Labour, by order to the head "W.F. Miscellaneous - Labour etc. - a - Labour etc." I request that this suggestion may be approved in regard to Secondary schools under private managements as well as under Government and aided orders issued in the matter, so that the same may be sanctioned by the Director of Public Instruction and not by orders issued to the managements of schools.

In this connection, I have the pleasure to inform that the Government have approved the suggestion.

of a number of letters to the effect of the fact that the Government of Madras is not in a position to grant the full fee concessions to Harijan pupils in secondary schools. The Government of Madras is not in a position to grant the full fee concessions to Harijan pupils in secondary schools. Subject:- Schools- secondary - Full fee concessions to Harijan pupils - compensations for fee-income foregone- by schools- Debit of Expenditure.

Sir,
With reference to your letter No.R.C.2492-G-3/48 dated 6-1-49 requesting instructions for the procedure to be followed in regard to sanction and payment of compensation on account of full fee concessions granted to Harijan pupils in secondary schools, I have the honour to state that the procedure indicated below may be considered for adoption and orders of Government obtained for its approval.

As the initial scrutiny of the financial statements of the schools is done by the Director of Public Instruction, compensations on account of loss of income due to full fee concessions granted to Harijan pupils in Secondary schools may be sanctioned by him, and necessary orders issued to the Managements of Schools under intimation to the Commissioner of Labour by debit to the head "47 Miscellaneous Departments - Labour Expenditure from the fund for Village reconstruction and Harijan uplift Madras - Expenses - Fee concessions to Harijans in Secondary schools" as required in G.O.1667 Education dated 29-6-48. to enable them to meet the current expenses on account of the loss sustained by the grant of the full fee concessions contemplated in G.O. no. 1667 Edn. dated 29.6.48. — 169 U

The D.P.I. points that so far as 1948-49 is concerned, no action is called for as the year has already passed. For 1949-50 only relief is necessary, as the heavy drop in fee income in some schools does in fact interfere with the ability of the managements to meet their current expenditure fully. The D.P.I. therefore suggests that relief may be given by Govt. permitting him to make good in a single instalment the amount they have to forego by way of Harijan concessions, on the strength of statements received from managements this DEOS, giving the number of Harijan pupils reading in ^{several} the classes, and the amount of ~~amount~~ foregone.

It has been ordered that the amount on account of the grant of full fee concessions to the Harijans should be met from the Harijan uplift fund. The D.P.I. considers that the statements refd to at 'A' above may be prepared and sent in August or September so that the compensation for two ^{years} may be sanctioned and disbursed in one instalment by November at the latest.

In the circumstances it is for orders whether the proposal of the D.P.I. at Bd. C.F. may be accepted.

Finance (Exp.A) Deptt.

Please see the letter from the D.P.I. on p.1 C.F. and the notes on pp.1-3 above.

In G.O. 1667 Edn. d/29-6-48, the Govt. have issued orders granting full fee concession, instead of half the fee concession to Harijan pupils studying in Secondary Schools for a period of ten years commencing from 1948-49. Under the existing rules the managements of secondary schools run by local and private bodies are eligible for teaching grant

to make up the loss on account of the half fee concession, but this is paid only in the year subsequent to the one to which the loss relates. The D.P.I. has now represented that consequent on the grant of full fee concession, the managements are unable to meet the current expenses in a year on account of the heavy drop in their fee income. He has therefore suggested that relief may be given by the Govt.

permitting him to make good in a single instalment by

Novr. of each year the amount they have to forego on the strength of statements received from the managements through D.F.Os. ~~subsequent strength of~~ showing the number of Harijans

reading in the several classes and the amount foregone.

Adjustments, if any, with reference to actuals are proposed

to be carried out in the subsequent year. The cost involved

in the grant of full fee concessions is estimated at

Rs. 2.56 lakhs.

2. In suggesting the above procedure, the D.P.I. presumes that as the expenditure is to be met from the Harijan Welfare Fund, there cannot be any difficulty in procedure such as is attendant on amounts to be sanctioned by the Legislative Assembly from year to year. This presumption is not correct as the expenditure is subject to the vote of the Legislature, although it is eventually met from the Fund by transfer of an equivalent amount from the Fund which is taken in abatement of the charges. Acceptance of the D.P.I.'s suggestion will therefore result in additional expenditure in the current year which may have to be met by a supplementary grant.

3. As by the orders issued in G.O.1667 Edn. d/29-6-48, the managements' fee income in a year will be affected only to the extent of the additional half fee concession granted, it seems sufficient to help the managements by the grant of 50% of the estimated loss ~~as proposed by the D.P.I.~~, the rest being paid in the subsequent year as at present. This department may advise accordingly. As even this involves a departure from the existing practice ~~of payment in a subsequent year~~ Firka Devt. may be requested to take orders in circulation including H.M. (Fin)

 for issue of orders, in accordance with the
 procedure suggested by the A.P. in the
 matter of sanctioning of fee compensa-

2. In this connection attention is invited to the decision of the Cabinet, at its meeting held on

7.9.49 extract at (W), that the limit of expenditure of Scholarships, and boarding grants etc. ^{for Haryanis} from the General funds, may be fixed on the basis of expenditure incurred during 1948-49, and that any amount required over and above this limit may be debited to the Haryan fund. It was also decided that as the problem of illiteracy is a general one, not peculiar to Haryanis alone, there is no need to spend money from the Haryan fund on Adult Education etc. In L.O. 1667 Edu. dated 29.6.48, it was ordered that the expenditure on the grant of full fee concessions to Haryan Students in Secondary Schools for a period of 10 years beginning with 1948-49 should be debited to Haryan Uplift Fund. In view of the orders at (W) this seems to require revision. C. & P. H. Dept. may be requested to take necessary action in the matter, take note of the decision of the Govt at (W) in modification of the orders in The L.O. No 1667 Edu. 29.6.48.

(The two files referred to the previous notes have clubbed)

Until 1948-49 Harijan girls reading in Forms IV to VI and Harijan boys reading in Forms I to VI and classes I to V were eligible for half fee concession while Harijan girls in Forms III and below were eligible for full fee concession. In G.Os. No.1667-Edn., dated 29-6-48 and No.2260-Edn., dated 10-9-48, the Govt. directed that for ten years beginning with 1948-49 Harijan boys in all classes i.e., Forms VI and below of secondary schools and Harijan girls in Forms IV to VI be granted full fee concession. They also directed that the expenditure on the full fee concession be met entirely from the Provincial Harijan Uplift Fund. The S.F.C. considered that "both the amount granted already and the addl. money to be spent should be met from the Harijan Uplift Fund." The Cabinet approved this. The implication of this is that the entire expenditure on the grant of fee concession to Harijans and not merely the addl. expenditure involved in the orders cited should be debited to the Fund.

2. In G.O.No.2740-Edn., dated 30-8-49, the Govt. sanctioned the grant of full fee concession to Harijans, boys and girls, in ele. schools. This new expenditure also has to be met from the Fund.

3. The Firka Dev. Deptt. now points out that the Cabinet while considering the Harijan Welfare Committee's report decided on 7-9-49 'that the expenditure from the one crore Harijan Fund need not be ~~conferred~~ ^{confined} to general amenities only but that the limit of expenditure for scholarships, boarding grants, etc. from the General fund may be fixed on the basis of expenditure incurred during 1948-49 and that any amount required over and above this limit may be debited to the Harijan Fund'. The Firka Dev. wants the orders cited in the previous paragraphs to be revised.

4. First of all it is not clear whether the decision of the Standing Finance Committee referred to in para 1 above, which

was approved by the Cabinet previously, was before the Cabinet when the decision referred to in para 3 above was taken. This later decision should, it seems, be taken to apply only to the expenditure incurred by the Labour Dept. on scholarships, etc. and not to the expenditure on the grant of full fee concession which the Cabinet originally agreed should be met entirely from the Harijan Uplift Fund. The fact that the full fee concession was sanctioned only from 1948-49 points to this conclusion. If the intention was to apply the decision to full fee concession also the decision should have referred to the 'expenditure during 1947-48'.

5. In the letters in the current file the Director has proposed that:-

(a) that the compensation payable to local bodies and managements of aided schools on account of the grant of full fee concession to Harijans may be paid in the year of expenditure itself and not in the subsequent year as at present - page 1 c.f.

(b) that the compensation may be sanctioned by the Director under instructions to the Labour Commissioner to debit the expenditure to the head "47. Miscellaneous Departments - a. Labour etc." This is on the advice of the A.G. - pp.5-9 c.f.

(a) above:- The Finance Dept. consider that 'as by the orders issued in G.O. No.1667-Edn., dated 29-6-48, the managements' fee income in a year will be affected only to the extent of the addl. ^{half} fee concession granted, it seems sufficient to help the managements by the grant of 50% of the estimated loss, the rest being in the subsequent year at present' - p.4 ante. This Deptt. agreed to this - p.5 ante. But it may be pointed that there is a fallacy in the argument of Finance.

14

The full fee concession has been granted only from 1948-49. A number of pupils might not have been taking to education prior to this because they were not able to meet even the half fee. Such pupils will now join schools and the number of Harijan pupils should be expected to increase considerably. The loss in fee income will not be, therefore, just double of what it was before. Again, once the principle that the grant on this account may be paid in the year of expenditure itself is conceded, there does not seem to be much point in restricting it to half the amount. This Deptt. may, therefore, press the proposal of the Director to pay the entire grant each year in one single instalment, adjustments being made with reference to actuals, if necessary in the subsequent year.

(b) above:- The procedure proposed for sanctioning the payment of the compensation grants may be accepted.

6. The file may be sent Firka Dev. and Finance for remarks.

Firka Dev. Dept.

The previous notes of this Department at "A" on p. 5 above, and on pp. 9--11 above may be perused.

The further notes of E & P.H. on pp. 12--14 above may also be perused.

Expenditure to be met from the Harijan Uplift Fund.

The Provincial Harijan Welfare Committee when considering the question of the nature of the amenities to be allowed to the Harijans from the One Crore Fund, considered that the Fund should go towards general

--: 15 :-

amenities only and not for education on which the Government have been spending nearly half-a-crore of rupees every year. It was also pointed out that ~~the~~ it should be possible to spend more and more year after year on education for which there is a ~~very~~ growing need. On this point the Cabinet decided that the One Crore Fund need not be confined to general amenities only but that the limits of expenditure for scholarships, boarding grants, etc., from the general funds might be fixed on the basis of expenditure incurred during 1948--49, and that any amount required over and above this limit may be debitted to the Harijan Fund. This limit is only with reference to the allocation of Funds between the One Crore Fund and the General funds spent from the Harijan Welfare Department under "47. Miscellaneous.". But it may also be pointed out that the Cabinet has decided that the entire expenditure on fee concessions, boarding grants, scholarships, etc., for Harijans, hitherto ~~made~~ from the Education Budget, should henceforth be debitted to the account of the Harijan Welfare Department and not to the One Crore Fund. This decision of the Cabinet is however subject to the debit of the funds as mentioned at "A" above. In the circumstances, this Department may agree with the view of the E & P.H. that the expenditure on full fee concessions ~~of~~ ^{to} the Harijans granted in G.Os in "U" and "F" may be met from the funds at the disposal of the Director of Harijan Welfare under "47. Miscellaneous."

Compensation to be paid to local bodies and managements in full in the current year.

The suggestion of the D.P.I., is that he may be permitted to make good the amount the local bodies and managements forego, as a result of the orders issued in G.O. No. 1667 Edn., dated 29-6-1948, in one instalment each year, adjustments being made with reference to actuals if necessary in the subsequent year. Finance Department consider that 50 % of the estimated loss

may be paid in the current year, and the rest in next year.
E & P.H. Department support the D.P.I. This Department may agree with E & P.H.

Compensation may be paid by the D.P.I. under instructions to the Commissioner of Labour to debit the expenditure to the Harijan Uplift Fund.

This is on the advice of the A.G. who based his letter on the orders issued in G.O. No.1667 Edn., dated 29-6-1948. The Commissioner of Labour is no longer in charge of the work, and the D.H.W. now looks after it. The D.P.I. may therefore take action under instructions to the D.H.W.

With the above remarks the file may be passed on to Finance Department.

Fin. (Expre. A).

(Previous Finance note on pp.3-4 above).

Notes from p.12 above may be perused.

The points under consideration are:--

(a) whether the compensation payable to local bodies and private managements for loss of fee income ^{from 1948-9} consequent on the grant of full fee concession to Harijan pupils (instead of half fee concession, ^{to which it relates} compensation for which is at present paid, only in the subsequent year) should be paid in the course of the year, necessary adjustment with reference to actuals being made in the subsequent year; and

(b) the accounting procedure to be adopted in the matter of payment of this compensation.

2. Item (a) in para 1/above. (on p. 16) The D.P.I. has suggested that, as the managements are unable to meet the current expenses in a year on account of the heavy drop in their fee income, relief may be given by the Govt. by permitting him to make good in a single instalment by Novr. of each year the amount they have to forego, on the strength of the statements received from the managements through the D.E.Os. showing the number of Harijan pupils reading ⁱⁿ the several classes and the amount foregone, necessary adjustments if any, with reference to actuals being carried out in the subsequent year. As the managements' fee income in a year will be affected only to the extent of the additional half fee concession now granted, this Deptt. considered that it would be sufficient to help the managements by the grant of 50% of the estimated loss, the rest being paid in the subsequent year, as at present. E. & P.H. and Firka Dept. press for the proposal of the D.P.I. being sanctioned. E. & P.H. have stated that as the number of Harijan pupils joining the schools is expected to increase on account of the full fee concession, the loss of fee income will not be just the double of what it was before. It is submitted that under the procedure suggested by this Department the amount of grant to be paid in the course of the year will not be restricted to 50% of the loss of fee income during the previous year, ~~as proposed by E. & P.H.~~ but to 50% of the total estimated loss for the year in which compensation is paid. There is therefore no fallacy in the course suggested by this Deptt. as may be seen from the illustration given below:--

Suppose there are 100 Harijan pupils in a school enjoying half-fee concession and the average rate of full fee is Rs. X. Then, under the present arrangement, the management will collect Rs. 50 X from the pupils in

the course of the year and the Govt. will make good the remaining Rs.50 x in the subsequent year. Assuming that the number of pupils increases to 150, and the average rate of full fee levied remains the same i.e. Rs.x, under the arrangement now proposed by this Deptt., the management will get Rs.75x in a lump sum from Govt. in November (which sum alone could have been collected from the pupils in the course of the year by way of half fees) and the remaining Rs.75x will be paid in the subsequent year, as at present. Thus if as a result of the grant of full fee concession the number of pupils ~~is~~ increased from 100 to 150, the management will, in the course of the year itself, get a corresponding increase in the ~~fee income~~ ^{Compensation to make up the loss from fee income} even under the method suggested by this Deptt. ^(In the circumstances) Finance may adhere to the view already expressed at 'K' on p.4 above.

3. Item (b) in para 1 above.- E. & P.H. and Firka Devt. agree with the D.P.I. that the procedure indicated in the A.G.'s letter on p.9-10 c.f. for the grant of the compensation and its exhibition in accounts may be adopted, subject to the modification that the D.P.I. should pass on the debit to the Hon'y. Director of Harijan Welfare, instead of to the Commissioner of Labour. Finance also may agree.

4. E. & P.H. will no doubt circulate the case to H.M. (Fin.) also, as already suggested by Finance at the bottom of p. 4 above, as a change in the ^{present} ~~existing~~ method of

payment of compensation is involved.

in this file are:

(i) that the compensation payable to local bodies and managements of aided schools on account of the grant of full fee concession to Harijans may be paid in the year of expenditure itself and not in the subsequent year as at present;

(ii) that the compensation may be sanctioned by the Director under instructions to the Labour Commissioner to debit the expenditure ~~to~~ to the head "47. Miscellaneous Departments - a. Labour etc." as per the advice of the A.G.

Item (i) above: This department suggested that the proposal of the Director to pay the entire grant each year in one single instalment, adjustments being made with reference to actuals, if necessary in subsequent year, may be accepted. Firka Development has agreed with this Department. Finance Department points out that in view of the orders in G.O.No. 1667 Edn, dated 29-6-48, the managements' fee income in a year will be affected only to the extent of the additional half fee concession granted, it seems sufficient to help the managements by the grant of fifty per cent of the estimated ~~rest~~ loss, the rest being paid in the subsequent year as at present. They state that if, as a result of the grant of full fee concession the number of pupils increases from 100 to 150, the management will, in the course of the year itself get a corresponding increase in the compensation to make up the loss from fee income even under the method suggested above. For orders whether this department will press the proposal of the D.P.I. to pay the entire grant each year in one single instalment, adjustment being made with reference to actuals if necessary, in the subsequent year.

Item (ii) above: This department supported the procedure proposed for sanctioning the payment of the compensation grant. Firka Development points out that as the Director of Harijan Welfare is now in charge of the work, the Director of Public Instruction may sanction the compensation under instructions to the Director of Harijan Welfare. Finance Department agree. The ^{procedure} ~~proposal~~ may be accepted.
