No.539-D2/48 dated 30-1-1950.

Grant - Building - F.D.T. High School, Malikipuram
Construction of building - Advance grant pending
Scrutiny of Title deeds.

Government in G.O.No.2922 Education dated 29-11-1948 sanctioned the inclusion in the list of approved works of the scheme for the construction of buildings for F.D.T. High School, Malikipuram, condoning the irregularity, rendering the institution eligible for a grant upto one half of the cost of the scheme not exceeding Rs.35,000/- based on the valuation of the building by the local Public Works Department. Out of this admissible grant Government in their order Ms.No.2406 Education dated 25-7-1949 sanctioned the payment of an Advance grant of Rs.12,000/- during the current year.

2. In connection with the above grant the management was requested to submit the title deeds for scrutiny. I submit herewith a copy of letter received from the correspondent, A.F.D.T. High School, Malikipuram requesting for the payment of the advance grant pending scrutiny of the title deeds. In the circumstances reported by the Correspondent and in view of the undertaking furnished by the management, I request that Government may be pleased to permit the payment of advance grant, pending scrutiny of title deeds. Similar permissions were accorded in Government Memorandum No.48735-G2/49-2, Education dated 11-7-1949 and Government Memorandum No.91387-B1/49-2, Education dated 24-1-1949.

3. An amount of Rs.1,53,000/- is reported to have been spent on the scheme as early as October 1948. The advance grant will be paid during the current year based on the above certificate. The balance of grant will however be paid only on the production of the valuation of the building by the local public works department.

4. Certain managements are finding it very difficult to claim the advance grant payable in 1949-50- Sanctioned in G.O.No.2080 Education dated 28-6-1949 and G.O.No.2406 Education dated 25-7-49 as they are not able to show till a clear title to the property to the satisfaction of the Government Solicitor. If on account of the above difficulty the advance grant is not paid during the current year; the balance of grant cannot be paid during 1950-51 but only during 1951-52 treating it as a fresh scheme under Part II of that year. Such a course will be a great hardship to the managements. Hence I request that Government may be pleased to permit the payment of the advance grant pending the examination of the title deeds. The management concerned will be informed that the balance grant due will be paid only after the title deeds have been examined and found to be in order. Similar permission was accorded in G.O.No.2590 Education dated 16-10-1948. The following undertaking, will, however, be obtained from the managements concerned:--

"The management of ----- as the paramount owners of the property, will refund the amount of grant received, if the title deeds of the property are found to be defective by the Government Solicitor on scrutiny of the documents."

Yours faithfully,

Grant - Requested.
Ref: Your Office Proceedings No. 539-D2/49 dated 28-11-1949. (M)

I am in receipt of your kind reference cited above, for which I am very grateful. With respect to your particulars required for the Advance Grant, I am herewith submitting a certificate from the Engineer in charge specifying the value of the work executed upto 20-10-1948 accompanied by a certificate signed by me specifying the total amounts spent on the work. Here, I bring to your kind notice, that the value of work so far executed, is more than Rs.2 lakhs, but as the Engineer in charge is away from the spot, the upto date certificate could not be submitted. Hence I submitted the certificate of the Engineer, showing the work done upto 20-10-1948.

Regarding the above quoted reference of paragraph 2, of the proceedings just at the time when the necessary documents were under completion, communal riots broke out in the village and the documents could not be completed due to the panic created. Many of the land owners went away temporarily out of the village. Afterwards, the unprecedented cyclone storm caused a big havoc, and many of the concerned members have not yet rehabilitated. It is likely that it may take sometime more in spite of our great anxiety. Added to this, the management could not restart collections of funds from the donors who already promised, because of the loss of their huge properties due to the cyclone. It will take some time to collect the amounts from them.

On account of the reasons explained above, a delay is caused in the submission of the documents. I am herewith submitting an undertaking as required in your office proceedings cited above.

I request that you will be so good as to address the Government and enable me to get the advance grant required by me towards the repairs of the school building, for the re-equipment of the Laboratory articles and the furniture, that were very badly damaged and destroyed during the recent storm.

Undertaking.

"The Management of the Antervedipalem Firka Development, Trust, (Regd.) Malikipuram, Razole Taluk, East Godavari District as the paramount owners of the property, will refund the amount of grant received, if the title deeds of the property are found to be defective by the Government Solicitor on scrutiny of the documents.

Malikipuram - Acquisition of site and
construction of class rooms.

Ref: G.O.Ms.No.501 Edn., dated 17-2-1950.

As ordered in the above G.O. an advance grant of Rs.12,000/- was sanctioned to A.F.D.T.High School, Malikipuram on 23-2-50. A sum of Rs.17,250/- was provided in the Budget Estimate for 1950-51 for a further part payment towards the scheme, but this provision was not availed of by the school as the scrutiny of the title deeds was not over. The provision was therefore diverted to other schemes.

The State Counsel have now certified that the title of the management to the property is in order. As the management of the school represented that they are in urgent need of funds I have ~~xxxx~~ sanctioned a second advance of Rs.20,000/- on the strength of the certificates furnished by the Engineer in charge of the work to the effect that the estimated value of the work already done was Rs.1,50,000/- and by the Correspondent to the effect that a sum of Rs.1,60,000/- was actually spent on the scheme. The final payment of Rs.3,000/- will be authorised after the work is completed and the valuation statement from the Public Works Department is obtained. I request that my action in having sanctioned a second advance of Rs.20,000/- pending receipt of the valuation statement from the Public Works Department may kindly be approved by Government.

Yours faithfully,

for Director of Public Instruction.

I submit herewith a copy of the letter dated 19-2-53

With reference to the above, I have the honour to state that
we have spent actually Rs.1 lakh fifty thousand rupees towards
construction of class rooms, Science block and acquisition
of site, an estimate of which submitted to you with necessary
certificates. The building is almost completed. Hence, on
our request you were pleased to earmark Rs. 35,000/- towards
the grant for the building and you were kind enough to sanc-
tion Rs.32,000/-. We would have completed the building
entirely and would have submitted the necessary completion
certificates etc had it not been for the unforeseen circum-
stances which...

unprecedented cyclone which devastated the entire firka. Added to this, this area became a centre of the target for the communists and there were several disturbances and hence even the donors from whom we were expecting amounts, fled away from this area and recently returned. So we were not able to get the little thing completed. As we have already spent Rupees one lakh fifty thousand towards the construction, I request you to kindly sanction the remaining balance of grant (viz Rs. 3,000/-) earmarked for our school.

With that amount, I assure you that I will complete the building and submit the necessary certificates. If your honour thinks that it is not possible, I request you to give me one more year for the completion, Meanwhile I shall get the building completed.

2 Under para 54 of the Grant-in-aid Code, whenever a scheme is approved and Govt. sanction a grant, the management shall be required to execute a deed of mortgage of the property concerned or a deed of acceptance in respect of the grant payable. In exceptional cases, the Govt. have permitted the institutions to draw the grants pending execution of such mortgage deeds. In the present case, the D.P.I. has ^{asked} for general permission (consider the case of A.F.D.T. High School, Malikipuram) to pay the grants pending execution of the deeds ~~in order to~~ so that payment can be made in the current year itself.

3. In the circumstances, Finance may agree to the D.P.I.'s proposals & accept the draft on plabue. H.M. Fin may see.

There seems to be no proper security for recovery of the advance front in case the title deeds are found to be defective. It does not therefore appear to be correct to disburse advance fronts as a matter of course subject to the management giving an undertaking as at K on page 1 above. Finance may advise accordingly. E & P. H. may also consider local if they wish to pass this proposal.

We may agree to the payment of front to A.F.D.T. School as a SHP cost. 11-2-50

13 FEB 1950
11-2-50

and also consider whether it is not necessary to lay down up to what limit, i.e. up to what percentage of the total admissible front, may be sanctioned in advance front, may be sanctioned.

The proposal of the D.P.I. seems to be based on the difficulty expressed at N on page 1 of regarding disbursement of the front in a year subsequent to the one in which provision has been made for it, if no expenditure is incurred in the year in which provision has been made. The general rule is that if a new scheme of expenditure provided for in a year is not given effect to in that year, it should be considered as a Part II scheme in the subsequent year. This rule may be relaxed in the case of fronts-in-aid to schools for building purposes, so that if no front is paid in a particular year for a sanctioned scheme, it may be paid in the subsequent year after necessary preliminaries are completed.

11-2-50
11-2-50

The proposal of the D.P.I. will, if agreed to, in effect, amount to materially modifying the time-long principle and a very necessary one, contained in para. 54 of the Grant-in-aid Code. This provision is necessary to ensure that the Government are not put to any loss on account of defective title in any case. If the proposal of the D.P.I. is agreed to, it will encourage managements to draw the grants in all cases on giving the undertaking and may in some cases result in a loss to the Govt. In exceptional cases, if there are valid reasons as in the cases dealt with in the papers at (C) and (Y), it is always open to the D.P.I. to come up to the Govt. and to obtain orders of Govt. for relaxation and for the drawal of a portion of the grants in advance pending the scrutiny of the title deeds, etc., by the Govt. Solicitor.

In the circumstances, Finance will strongly advise against the proposal.
