Respected Sir,

1. I am publishing a monthly Magazine 'GOSEVA' from April 1949, for the well-being of cattle giving every thing about the diseases of the cattle and their treatment without any reservation. It is being appreciated by Ryots all over Andhra Desa for the valuable information it is giving every month.

2. Firka Development Department, Government of Madras issued circular to all Firka Central Libraries to get 'GOSEVA' for one year ie., from April 1949 to March 1950.

3. I request you to be kind enough to issue a circular to all Panchayat Boards and District Boards' Libraries in Andhra Desa and thereby support the Magazine working strenuously for the benefit of all Ryots in the Villages.

Thanking you,

I beg to remain,

Andhra Desa - Remarks offered.

Ref: Government Memorandum No.33887/49-2D, Local Administration
Department dated 31-8-1949.

I forward herewith a copy of the remarks offered by the Additional Lecturer in Animal Husbandry, Madras Veterinary College together with a copy of the letter Roc.No.524-F/49 dated 5-11-1949 of the Principal, Madras Veterinary College, in respect of the monthly magazine "Goseva" (Telugu) sent with the Government Memorandum cited above. As it is reported that the journal will be of little use to the Livestock owners and that the views expressed by the author are inclined to prejudice the public against the work of this department, I do not consider that this journal is fit for use in the public libraries of the District Boards and Panchayat Boards in Telugu Districts. In this connection I would also like to invite the attention of the Government to the criticisms made in pages 22 and 27 of the issue of the journal "Goseva" for April 1949 and pointed out by the District Veterinary Officer, Guntur in his letter No.1921/49 dated 7-8-1949, a copy of which is enclosed herewith for the information of Government. The two copies of the magazine for July 1949

A copy of the remarks offered by the Additional Lecturer in Animal Husbandry, Madras Veterinary College in respect of the criticisms made in the journal "Goseva", is forwarded to you.

2. From the remarks it could be seen that the journal in question will be of little use to the livestock owners and I do not consider this journal as fit for supply to the public libraries of Andhra Desa. As regards the criticisms made in pages 22 and 27 and already pointed out by the District Veterinary Officer, Guntur, are unwarranted and the views expressed in it will certainly be little the work of the Animal Husbandry Department in the public minds.

3. The three copies of "Goseva" sent with your Memorandum cited above are returned herewith.

/True Copy/

Copy of remarks offered by the Addl.Lecturer in Animal Husbandry, Madras Veterinary College, in respect of the criticisms made in the journal of "Goseva".

The journal bears a title which is rather misleading, since it deals with a great array of topics and features. The editor seems to be a staunch supporter of the Ayurvedic system of veterinary treatment and the views presented in this journal are inclined to prejudice the public against the Allopathic system. Some of the views presented on livestock judging and veterinary treatment are grossly inaccurate and are likely to do more harm to the livestock owner than good. This journal does not present any progressive trends of livestock breeding methods and ignores recent advances in Veterinary Medicine, etc., and articles on Animal Husbandry in ancient India do little good to the people of to-day. I do not consider this journal as fit for supply to public libraries, from the point of view of a progressive Animal husbandryman and veterinarian.

The remarks in pages 22 and 27 are unwarranted and all the grievances expressed therein cannot be considered as genuine. The views expressed are inclined to prejudice the public against the work of the Animal Husbandry Department.

Sub: Monthly publication 'Goseva' in Telugu by Sri Yejella Sriramulu choudary of Tenali - April 49 issue - Translation of relevant portion pertaining to the Department - Copy submission of.

I submit that I am enclosing herein for your information a copy of "Goseva" a Telugu monthly for the month of April, 1949 published by Sri Yejella Sriramulu choudary of Tenali to whom a grant of Rs.200/- has been granted by Government in G.O.Ms.760 Local Administration Department dated 7-4-49 communicated in Head office Endt.D.Dis.1172-II/49 dated 12-4-49.

On pages 22 and 27 of the journal, there are criticisms. The former is with regard to the one day cattle show held in Tenali on 13-3-49 and the latter is with regard to the attitude of the Director towards Veterinary Ayurvedic Medicines.

A free translation of them as obtained from the staff is enclosed for your perusal.

The strictured criticism on the former is probably due to his having had no hand in the show and on the latter is presumably due to non-recognition of his bogus work.

/True Copy/

Page 22 of Goseva.

"Government Cattle show at Tenali - Dissatisfaction among the Ryots."

The ryots were dissatisfied with the Tenali Cattle Show held on 13-3-49. It was learnt that the Local Veterinary Assistant Surgeon was responsible for it. Ever since he came to this place, he has not only been harrasing the ryots by soft words but assumed himself to be the only fit person to judge the animals and at the time of collecting donations exhorted the ryots by saying that every thing was in his hands and asked them to bring their animals for the show; with much hopes, the ryots brought their animals for the show.

Saying that the ryots have no hand in the arrangements for the Cattle shows that he has been conducting the show under the Departmental officer's instructions and as if there were no fit persons among the non-officials to act as judges for the show, he has formed a 'Kumbakonam' committee and dissatisfied the ryots. Even though the ryots put innumerable questions he paid a deaf ear to all of them and said that he would do as he pleased.

Even under the popular government if ryots are subjected to such treatment under Government Veterinary doctors, who do not know either the marks of animals or good points in them the injustice can as well be imagined.

It is my firm belief that only very few government Veterinary doctors know the good points of cattle.

District Collectors when every judging is done distribute prizes when they are requested to do so; but what do they know the ryot's experiences.

For the Tenali show it appears there was a Government grant of Rs.250/- in addition to it's donation.

Till recently ryots have been successfully conducting the Deso-dharaka Cattle Shows giving away prizes with thousands of rupees. It is only when such shows are again conducted by us in each-firka will be much satisfied.

"One ryot".

True translation of a Telugu extract of "Drugs" written on page 27 of the Telugu monthly journal "Goseva" for the month of April 1949.

In our country there are many herbs that are useful for treatment of Cattle. There are many evidences found in our sastras to show that ancients used these drugs (medicinal herbs) for the treatment of animals in the days when the Europeans have no control over our country. Our "Andhra Jatheeya Veterinary Hospital" was at Angalur in the beginning. The present European Officer who is now acting as the Director of Animal Husbandry of the Madras Government was the head of that Department in those days also. He after seeing our drugs which are being used for treatment, he be-littled us and remarked that "All there are only coming from our country is it not". Then we replied him, Sir, White Officer! your prestige is only by taking and converting our "ginger" into Tincture Gingeberis, our "Nelavemu" into Tincture cherata (noted as Barata) and this converting our drugs into liquid form and sending them to us".

This European Officer is still continuing to be the Director. He will be very angry at the Principal of Ayurvedic Veterinary Treatment. It is not known whether he had changed his views now during the regime of the popular National Government.

One Dr. Y. Sreeramulu Choudary is publishing a monthly Magazine 'Goseva' in Telugu from Tenali for the well-being of cattle giving details of the diseases of the cattle and their treatment etc. The Provincial Firka Development Officer, in his Proceedings No. 15787-F.D.III/49-2 dated 7-4-49 has accorded sanction to the purchase of the monthly Journal 'Goseva' in Telugu for use in all Firka Central Libraries in Andhra area for a period of one year from April 1949. Dr. Choudary in his letter to H.M.(L.A.) requests that a circular may be issued recommending the purchase of the above journal by all Pt. Bds. and Dt. Bds. in Andhra Desa. In recommending the purchase of certain books for use in Panchayat and Dt. Bd. libraries, the Secretary, E. & P.H. remarked that recommendations in such cases without precise examination of the value of the book may easily lead to abuse. In the present case the journal deals mainly with treatment of diseases to cattle. For orders whether the remarks of the Director of Animal Husbandry may be obtained.

From the Director of Animal Husbandry,
L.Dis.No.6323-I-49 dated 24-11-49.

In August 1949 Dr. Y. Sreeramulu Chowdary represented to H.M.(L.A.) that he is publishing a monthly magazine "Goseva" in Telugu from Tenali for the well-being of cattle giving details of the diseases of the cattle and their treatment etc. The Provincial Firka Development Officer, in his Proceedings No.15787-F.D.III-49-2 dated 7-4-49 has accorded sanction to the purchase of the monthly Journal "Goseva" in Telugu for use in all Firka Central Libraries in Andhra Desa for a period of one year from April 1949. Dr. Chowdary has now requested that a circular may be issued recommending the purchase of the above Journal by all Panchayat Boards and District Boards in Andhra Desa. The case was referred to the Director of Animal Husbandry for remarks.

The Director has offered his remarks after consulting the Principal, Veterinary College. It is reported that the Editor of the Journal is a staunch supporter of the Ayurvedic System of Animal treatment and the views presented in the Journal are likely to prejudice the Allopathic system. Some of the views presented on Livestock are grossly inaccurate and are likely to do more harm than good to the Livestock owner. As it is reported that the Journal will be of little use to the/stock owners and as the views expressed are likely to prejudice the public against

the
the work of/Government Veterinary Department, the
Director of Animal Husbandry considers that this
Journal is not fit for use in public libraries of
the District Boards and Panchayat Boards in Telugu
Districts. In these circumstances the request of
Dr. Y. Sreeramulu Chowdary need not be complied
with.

Chowdary d 8.11.49 in which he requests that
purchase of the journal "Gosara" published by
him may be recommended to all Dt. Bds and
panchayats in the Telugu districts. H.M. (L.A.) has
minuted that necessary orders may be issued to
Dt. Bds and other local bodies in Andhra Des.

pp 11-12 cf.

3. The Director of Animal Husbandry, who
was consulted in the matter states that he does not
consider that the journal is fit for use in the
public libraries of the dt. bds and panchayat boards.
The reasons given by him are that the journal
will be of little use to the livestock owners and
that the views expressed by the author are inclined
to prejudice the public against the work of the
Animal Husbandry Deptt. It would appear that
the Animal Husbandry Deptt. is prejudiced against
the journal on account of some criticism made
in it against the Deptt. As a matter of fact
the Ayurvedic system is generally more popular
in the rural parts. The Director of Animal Husbandry
has also forwarded a copy of a letter from the
Addl. Lecturer in Animal Husbandry, Madras
Veterinary College in which he states as follows:-

p 13 cf

A on p 13 cf

"The editor seems to be a staunch
supporter of the Ayurvedic system of veterinary
treatment and the views presented in this journal
are inclined to prejudice the public against the
Allopathic system."

As a matter of fact the Ayurvedic system
is generally popular in the rural parts.

4. The Govt. in the Fika Des. Deptt. have
sanctioned the purchase of the journal for use
in all Fika Central libraries in Andhra area for a

(G)

period of one year from April 1949 to March 1950.
In view of this, it is for consideration whether the
purchase of the journal may be commended to
all Dt. Bds and major panchayats in Andhra Desh

5. The petitioner has been
informed by E & P. H. Deptt that he should
approach the P.D. Bd and the authorities of the
Dt. Bds in the matter of purchase of copies of the journal by them.
As it is now proposed
to issue revised orders as suggested in para 5 above,
the case may be sent to that Deptt. for
perusal before circulation.

H M (L A) discussed
this case with Secy recently.
H M (L A) was of opinion that
the journal shd be useful
to the millagers.

The purchase of
the journal may be commended
to Dt Bds and panchayats in the
Andhra Dts for use in their
public libraries.
