T.S.L.C. Examination 1950 - Printing of the Nominal List of Candidates for the Elementary Grade.

Education and Public Health Department,
Fort St. George, M a d r a s.

Sir,

1. Government in their order Ms. No. 56 Edn., dated 8-1-1948, approved the proposal for reducing the number of question papers for the Elementary Grade T.S.L.C. Examination from 8 to 6, the four papers on Methods of teaching of 2 hours duration being converted into two papers of 2½ hours duration each. Owing to the combination of these subjects, the size of the Nominal List of candidates hitherto printed needs to be widened a little. Further, at present, on each page of the nominal list of candidates for the T.S.L.C. Examination about 35 names are printed and these sheets are used as mark books as well, with horizontal lines drawn against the names. The mark books are permanent records. As the names of candidates are printed very closely and as the horizontal lines are not in alignment with the names printed and exceed the number of names on certain pages, wrong posting of marks is rendered possible even as against the names of candidates who are absent for the examination. In the case of ex-students, their marks in the previous years when they appeared for the examination together with those of the current year have to be noted in the mark books. As the names are very closely printed, with 35 per page, there is not enough space to post the marks distinctly without smudging or overlapping the entries above or below. The indistinct entries result in wrong compilation of the pass and failure lists of candidates and entails a lot of avoidable correspondence with the heads of Training Schools and private candidates after the publication of the results. Errata lists have to be issued to the results already published. In the circumstances it is considered necessary to print not more than 25 names on each page and also to increase the width of the paper as seventeen columns as against twelve have to be provided now on each page.

2. The Superintendent, Government Press, Madras, who was consulted in the matter has stated that an extra cost of Rs. 600/- for printing a list of 100 pages of the list of candidates will have to be incurred according to style of printing referred to above. The approximate number of pages for printing the list of candidates for the Elementary Grade, Men and Women, is 375. So the extra cost for printing the list in the new style will come to Rs. 2,250/-. Considering the benefits arising out of the proposed style of printing, the extra cost involved is negligible. The new type of printing will be restricted to the Elementary Grade only and not to the Secondary Grade.

3. I therefore request that the Government may be pleased to instruct the Superintendent, Government Press, Mint Buildings, Madras, to print the list of candidates as per instructions given by me. The favour of very early orders is requested, as the lists of candidates for the ensuing examination will be sent to the Press for printing before the end of this month.

Sir,

With reference to Government Memorandum No. 98396/G2/49-2, Education, dated 8-2-1950, I have the honour to submit that in the T.S.L.C. Examination Scheme the subjects are divided into four groups as shown below:-

SECONDARY.

As there is no separate list for the Secondary Examination, the nominal list is being submitted for your approval.

B.

English - Methods and Texts.

C.

Special Methods - I - Mathematics and General Science.
 Special Methods - II - History and Civics and Geography.

A.

 School Administration.

B.

Language of the Presidency.

C.

Elementary Mathematics and Nature Study and Gardening.

D.

Indian History and Civics.
 Geography.
 Rural Social Problems.

Pupils appearing for the Public Examination for the first time at the end of the two years course should appear for all the subjects included in Groups A, B, C and D. The subjects included

under the above groups cannot be taken piece-meal. Pupils who have already appeared for the Public Examination once and failed in the examination may however, appear for the subsequent examination without further training in one subject or one group of subjects specified above, till they pass in them. When candidates who had already passed in one or two or three groups, appear subsequently for the remaining group and obtain pass marks, the marks secured by them in the other groups or subjects at the previous examinations are posted against their names in the mark-book with the year or years in which they passed in the other groups so as to arrive at the percentage of marks obtained by them and to determine their success in the examination. This percentage is posted in the certificates issued to successful candidates. Certificates are completed and issued only in the case of candidates who pass the T.S.L.C. Examination in all the groups at one or more examinations.

It is for entering the previous year's marks with the year against the names of candidates that more space is needed between two names which is not available in the present mode of printing the nominal list with 35 names on a page. The need for printing only 25 names on a page has been explained in detail in my letter R.C. No. 644-C/49, dated 14-12-1949.

It is only in the case of the T.S.L.C. Examinations that marks of previous years are recorded along with those of the current year's marks in the mark-book and results determined. For all other examinations under my control, only the marks of the particular examination are considered for determining success or failure of candidates.

As there is hardly a month before the examinations begin and as the nominal lists have not been printed yet, I request immediate orders approving my proposal.

2/19-1-50
 With ref. to the T.M. on p 5 of, the C.E.S. has
 stated that the printing of nominal list with
 greater space between names is proposed only in
 the case of T.S.L.C. exam. & not in the other exam in ams.

2. Evidently the list relating
 to the other examinations need
 not be revised at present - The
 point may perhaps be left over
 for consideration when a proposal
 is received in that regard.

The notes of the E & P.H. Department on pages
 1-2 above may be perused. The proposal is to permit
 the Commissioner for Government Examinations, Madras
 to get the nominal list of candidates for the T.S.L.C.
 examination for 1950 printed by the Superintendent,
 Government Press with not more than 25 names (as against
 35 names now printed) ^{on} a page and to increase the
 width of the paper consequent on the increase ⁱⁿ the
 number of columns from 12 to 17 ^{in each page}. The reasons for
 the ^{proposed} change, are given on page 1 C.F. The extra cost
 is estimated at Rs. 2,250/-

para 2 of Lr. on p. 1 of

11 on p. 2 above

para 1 of Lr. on p. 1 of

As ^{observed} ~~has been observed~~ by Secretary, E & P.H.
 the question is 'if other lists can do without change,
 why is change necessary in this.' To the Government
 telephonic message dated 16-1-50 on page 5 C.F., the
 Commissioner for Government Examinations has not given
 any ^{satisfactory} ~~any~~ reasons ~~for the change~~ beyond stating that the
 change is proposed only in respect of the T.S.L.C. Ex-
 amination and not for other examinations. If all these
 lists are printed alike, i.e. with 35 names ~~to~~ a page,
 then the same difficulty said to have been experienced
 in the case of T.S.L.C. examination should have been
 felt in other cases also. Wrong compilation of the
 pass and failure lists of candidates is presumably due
 to want of proper caution and care on the part of those
 engaged in the work. If this work is done with ~~the~~ a
 little care and diligence on the part of those engaged
 in the work, unnecessary errors can well be obviated.
 The change now proposed by the Commissioner of Govern-
 ment Examinations which results in an expenditure of
 Rs. 2,250/- cannot ~~be~~ ^{be regarded as} very essential in the
 present state of provincial finances. A little care
 and watchfulness will easily obviate the necessity for
 a heavy expenditure of this kind. Finance may, there-
 fore, advise that the proposal ^{of the C.E.S.} may be negatived.

Please see below
 31/1/50

The necessity for the proposal

is explained in detail in the letter on p. 1 & f.

Apparently, the necessity for adopting a similar course in the case of Nominal list of candidates for S.S.C. & other examinations is not felt. Finance may accept the proposal of the Commr. for such examinations.
