With due respects I beg to state the following.
I appeared in Final M.B.B.S. in April 1949.
got compartment in Midwifery. I have cleared
Surgery and Medicine.
Instructions have reached the college office
that my loan should be discontinued as
I have failed. In this connection I beg
to state that I had worked sincerely and hard
throughout the year, and had given quite a good
impression to my teachers under whom I worked
during the final year. I had expected to get through.
I need not stress the extreme uncertainty which
accompanies the Medical examinations, especially
the final year exam. The fact that I have cleared
the two major subjects, goes in favour of
my statement that I worked hard.

I request that the accident of my going
down in Midwifery should be considered
sympathetically, and my loan again be
continued.

I shall be obliged.

Sir,

With reference to your letter No. ROC 1240-W/49 dated 22.7.49. I most humbly and respectfully beg to state, that most unfortunately I failed in the 1st MBBS examination, held by University of Madras in April 1949. It is very unfortunate, that the circumstances at my home, since our coming to India from Pakistan, have been a constant source of worries to me. Under the circumstances I have not been able to concentrate fully on my studies due to repeated needs of sufferings of my parents at home.

I shall be very much obliged if you kindly continue my loan to enable me to continue my studies, as it is impossible for my father to support me and his large family with his monthly income of Rs. 14/-.

Thanking you in anticipation.

I beg to remain

Sir,

In reply to your letter No.145-Refugee/49 with reference to
the letter No.Roc.1240W1/49, dated 24-10-49 from the Director of
Public Instruction, Madras, I have the honour to submit that the
condition laid down for the repayment of the loan bonds does not
demand that the sum should be paid as desired by you. The condi-
tion laid down is that in case of the failure of the student the
future instalments of the loan shall stop, but the clause does not
say that it shall have a retrospective effect and that any bonds
that have been executed before hand shall become payable at once.

The displaced persons who have been sacrificed at the altar
of freedom for India and have left then all in Pakistan were given
a helping hand in time of need to be able to educate their children
who could lose their career for want of funds. It was sheer neces-
sity that compelled us to take the loan. After two years stay in
India, we are now quite devoid of money and flesh and are tottering
as a skeleton. The Government may have any reason in stopping the
future help in case of failure but it will be the height of adver-
sity if they Government demand the loan overnight as your letter
shows. I ask the Government if the parents of a student in case of
his failure which is often providential get rich in a moment and are
able to pay the whole sum.

Anyhow I am ready to abide by law and can pay the loan under
the following circumstances:-

- a) when the bond matures.
- b) when I am given any money as a lump sum for my property
worth Rs.3,50,000 left in Pakistan.
- c) when I get a good sum as a maintenance allowance.
- d) when the student in question gets the degree and becomes
an earning member instead of being a liability as at present.
- e) The boy can serve the Government to defray the loan.
