p2 of (A)

In G.O. Ms. No. 2141 Edn. dated 5-7-1949, a scheme for the construction of an additional block for Hindu Nadars High School, Sivakasi at an estimated cost of Rs. 72,595/- as recommended by the Joint Consulting Architect to Government, rendering the institution eligible for a grant of Rs. 35,000/- Government have also sanctioned an advance grant for payment during the current year in G.O. Ms. 2080 Edn. dated 28-6-1949.

not put up

p2 infra
p2 infra

2. As the tender amount of Rs. 97,399/- received for the execution of the scheme is much higher than the estimate cost the management decided to execute the work themselves under the supervision of the local P.W.D. As no private qualified professional advice is reported to be available, the Chief Engineer, P.W.D. was requested to instruct the local P.W.D. to help in this regard. I submit herewith a copy of reply from the Chief Engineer P.W.D. (Buildings). A copy of letter from the correspondent of the school is also submitted.

3. In the circumstances explained, the management may be permitted to execute the scheme themselves without entrusting it to a contractor and without the direct supervision of a qualified engineer. The advance grant may be paid on the certificate of the correspondent, but the final grant may be paid only on the valuation certificate of the building after completion, by the local P.W.D.

4. The Chief Engineer may be requested to instruct the Executive Engineer and his subordinates of the P.W.D. Ramnad District, to visit the above construction during their tours as requested by the correspondent.

Yours faithfully,

J. O. Sankaranarayanan

Copy of letter No. 7160 Wks/49-CR dated 29th October 1949 from the Chief Engineer, P.W.D. (Buildings) to the Director of Public Instruction, Madras.

Sub:- Grant- Building- S.H.N.V. High School, Sivakasi- Construction- Supervision by the local Public Works Department.

Ref: Your letter No. 697-D2/46 dated 24-9-1949.

If the above work is to be done departmentally as decided by the management of the School, it is essential that the work should be supervised daily by a qualified hand. It is therefore necessary that the management engages a qualified man for supervising the work. Occasional supervision by the Public Works Department cannot be a substitute for day to day supervision which departmental supervision requires.

Copy of letter No. 3636 dated 7-12-1949 from the Correspondent Sivakasi Hindu Nadar's Victoria High School, to the Director of Public Instruction, Madras.

Sub:- Grant- Building- S.H.N.V. High School, Sivakasi, Construction without entrusting it to a tender.

Ref:- Proceedings of the Director of Public Instruction, Madras R.C. No. 697-D2/46 dated 28-11-1949 communicating copy of letter No. 7160 Wks/49-C.R. dated 29-10-1949 of the Chief Engineer, Public Works Department (Buildings) Madras.

The engineer who prepared plans and estimates Mr. L.M. Chitale is in Madras. He cannot do the day to day supervision and no private qualified professional advice is available locally. On the other hand the Executive Engineer P.W.D. Ramnad District who tours and camps in the place more often will be able to have more effective supervision by him and through his subordinates and section 53 (iii) of the Grant in aid code provides for this.

If necessary also a supervisor of the qualification of Upper or Lower subordinate will be appointed if available for the day to day supervision. But I think I can do the day to day supervision being myself well experienced in the line, having built many buildings for myself and the school. As a matter of fact the existing building for the High School was designed by me and built under my supervision without the help of any engineer. Further the new buildings for our Elementary school with 7 class rooms in the ground floor and 7 class rooms in the first floor which was opened in February 1942 by the then Governor of Madras was planned and supervised by me without the help of any engineer. Moreover, I am in the trade of building materials such as iron and steel and I know all the details of the trade. I am also a member of the Provincial steel advisory Board representing the Hardwar merchants' association, Tuticorin.

So the requests in my letter No. 3447 dated 25-8-49 may kindly be granted.

Further I consider that the management has sufficient command of materials and labour to execute work and claim the advance grant of Rs.10,000/- during the current year.

Grant - Building - Sivakasi Hindu Nadars Victoria High School, Sivakasi - Construction of building without entrusting it to a tenderer - Permitted.

Read :- G.O. Ms. No. 2141 Edn. d/5-7-49

G.O. Ms. No. 2080 Edn. d/28-6-49. 4

From the D.P.G. Re. No. 697 B2/46 d/12-2-50.

Order No 638 Edn. dated. 1-3-50
MS

In the circumstances stated, permission is accorded, as a special case, to the management of the Sivakasi Hindu Nadars Victoria High School, Sivakasi, to proceed with the construction of the building for the school, without entrusting the work to a ~~tenderer~~ ^{contractor} and without the direct supervision of a qualified engineer, relaxing the provisions of Rule 53 of the Grant-in-Aid Code.

2. The D.P.G. is informed that advance grant may be paid on the certificate of the Correspondent in regard to the expenditure incurred on the execution of the work so far but the final instalment should be paid only after completion of the work based upon the valuation Certificate of the local P.W.D.

3. The Chief Engineer (Buildings) is requested to issue instructions to the Executive Engineer and his subordinates in the Ramnad District, to inspect the construction during their tours to ^{Sivakasi} ~~Sivakasi~~ area.
