At the meeting of the Syndicate of the Madras Unty. held on 20-12-1949, the applications for the affiliation of Government Colleges in new subjects were considered and it was decided by the Syndicate that further action on these applications should be deferred and that the Director of Public Instruction be requested to obtain the approval of Government on the proposals and communicate the same to the University by January 1950. I enclose for the information of Govt. a list of Govt. Colleges wherein the starting of new courses during 1950-51 ^{has} have been proposed by me and request that Govt.'s approval or otherwise may be communicated to me so that the Syndicate may be be moved to take further action in regard to the appt. of Inspection Commission.

FROM

THE REGISTRAR,

University of Madras.

TO

The Director of Public Instruction,
M a d r a s.

Sir,

Sub: Government Colleges in the University area -
Applications received for affiliation in new
and/or additional courses from the next
academic year 1950-51.--

I have the honour to invite your attention to the several applications received from you for affiliation of Government Colleges in the University area in new and/or additional courses and subjects from the next academic year 1950-51 stating therein that proposals have been submitted to Government as Part II Scheme and that classes in subjects will be opened only if Government sanction the proposals. I may state for your information that owing to sanction of Government being received as late as March or April considerable difficulty has been experienced in appointing Inspection Commissions and taking necessary action on the reports of local enquiry. If, however, subject to the vote of legislature, administrative sanction of Government in regard to each college is obtained before the middle of January 1950, it will greatly facilitate action being taken sufficiently in advance in arranging for the inspection of the colleges by commissioners, wherever necessary.

In this connection I have to state that the Syndicate considered recently the applications from colleges and institutions relating to the affiliation in B.T. course in this University (Teachers' Training Colleges) and has laid down the general principles and conditions to be followed (vide Annexure). The conditions will be applicable to Government Colleges except in so far as they relate to the endowment for a college.

The inspection of the colleges by the Commissioners appointed wherever required will have to be conducted before the middle of March 1950. To enable the Syndicate to take the necessary action in time, I am to request you to address Government and obtain their administrative approval, subject to the final vote of the Legislature and communicate the same at least by the end of January 1950.

I may also state that in certain cases further delay is caused by the late payment of the affiliation fee. Orders of Government may also be obtained for the payment in time after appointment of commissioners.

Yours faithfully,

R. R. Ramesh

Affiliation of Institutions as Training Colleges - B.T. Course -

RESOLVED that the following principles be laid down for such applications to be considered -

The Syndicate notes that the Training Colleges already affiliated to the University were affiliated before the date when the Syndicate laid down that an endowment should be a necessary part of the conditions for affiliation to be granted for new colleges. The Syndicate feels that Training Colleges should also come under this proviso, and that an adequate endowment for this purpose must be made available by Managements.

The Syndicate has noted from the letters written by the Managements to the Director of Public Instruction that there is great paucity of trained teachers to man the schools already existing, and it would therefore be impossible to start new schools without trained teachers. While appreciating the difficulties of this position, the Syndicate feels that the University should see that the colleges affiliated to the University conform to the minimum standards of efficiency required of such colleges, and particularly so in a professional course of education like that of teacher-trainees.

Keeping these objectives in mind, the following conditions are specified to be fulfilled by Managements:--

- (1) Training Colleges should be started only at centres where there are adequate facilities for practical training to be given to teacher-trainees under the revised syllabuses and Regulations for the B.T. Degree course.
- (2) Such Training Colleges should have an independent status with separate buildings, with a separate Principal and with separate staff unconnected with any other institution except it be a Model School that may be attached to such a training centre.
- (3) The staff appointed to such colleges should possess the minimum qualifications laid down and the lecturers of the principal subjects should be on the professorial grade with scale of salary already laid down by the Syndicate, namely a minimum of Rs.200/- to Rs.500/-. Assistant lecturers may be on the grade of Rs.150/- to Rs.250/-.
- (4) In view of the urgent need for a large number of teacher-trainees, the Syndicate may as a purely temporary measure permit the holding of these classes in temporary buildings that may be made available for this purpose, and provided further that the management is in a position to construct buildings adequate for the purpose within a period of three years.
- (5) As regards endowment, the Syndicate suggests the following two procedures: Where temporary affiliation is granted, the endowment may be Rs.50,000/-, the period of temporary affiliation not exceeding five years. If the College seeks permanent affiliation, the endowment for a Teachers' College must be not less than Rs.2 lakhs, such endowment being in Trust Securities, the interest of which being available to the College to meet its expenditure from year to year. It will be open for a college that has been temporarily affiliated to seek permanent affiliation after satisfying all the conditions laid down, namely buildings, equipment, staff and the endowment of Rs.2 lakhs stipulated.

RESOLVED that such managements as are prepared to comply with the above conditions may be informed that their applications will be proceeded with on this basis and that on receipt of satisfactory reply from the managements concerned, a Commission will be sent out to inspect and report on the application.
