From the District Board, South Kanara, No.13196 E8/49 dated 26-11-1949,
From the Inspector of Municipal Councils and Local Boards, No.71167-49 dated 21-12-1949.

***

ORDER:

The Government approve the proposal of the President, District Board, South Kanara made in his letter read above that the work relating to the verification of the articles of equipment tools and plant belonging to Board elementary schools should be attended to by the Licence Inspectors in addition to their other duties. These officers may make recommendations to the Presidents for the writing off of the value of articles found unserviceable in these schools.

Sir,

Subject: UNSERVICEABLE ARTICLES -in Board Schools - writing off - Orders solicited.

+++

1 The unserviceable articles in Board Elementary Schools were being written off hitherto on the recommendations of the Deputy Inspector of Schools who used to inspect them during the course of their tour. The Director of Public Instruction has since issued instructions to the Deputy Inspectors not to undertake this work of checking and verifying the articles of equipment belonging to Board schools on the ground that it does not constitute inspection work of inspecting officers.

2 The Board has 548 schools under its control spread over the whole District in distant corners. The Headmasters of Elementary Schools are sending up lists of unserviceable articles to be written off. But no action can be taken as no responsible officer has verified them. It is too much for the President or the Dt.Board Educational Officer to visit every school situated in the nook and corner of the District and verify the stock and equipment. The District Board has no Supervisors of Elementary Schools under its control.

3 Therefore I propose to entrust this work to Licence Inspectors working under the Board and I request that Government may be moved to lay down, verification and writing off of unserviceable articles in Elementary Schools as one of the duties of the Licence Inspectors.

B. M. Hegde

Sir,

Sub:-Education - Elementary - District Board Elementary schools - writing off unserviceable articles - Deputy Inspectors - furnishing of remarks -

***

The Director of Public Instruction, Madras in his letter Roc.No.137-B1-49 dated 1-2-1949 addressed to the Special Officer, District Board, South Arcot (copy enclosed) informs that the proposal to instruct the Deputy Inspectors of schools to offer their remarks on the request of Headmasters of Bd.Ely.Schools for writing off of unserviceable articles, cannot be accepted and that the District Board need make its own arrangements for the purpose.

Thereupon the Director of Public Instruction, Madras was addressed in this office Roc.No.D1-15986-49 dated 6-10-1949 stating that it is very difficult on the part of the District Board to arrange inspection of such unserviceable articles on receipt of applications from the Headmasters of Bd.Ely. schools, while it is very easy for the Inspecting officers to check them and recommend for writing off at the time of their inspection of the school concerned or at the time of their visits, and requested to reconsider the matter.

On this reference the Director of Public Instruction, Madras informs in his Roc.No.1898-B1-49 dated 20-10-49 (copy enclosed) that he is unable to reconsider the order already passed in his letter No.137-B1-49 dated 1-2-49.

In this connection I have to inform as follows. The Deputy Inspector of schools inspects every Bd.Ely.School once in a year and may have also stray visits during his tour. The unserviceable articles to be written off the accounts would be very few. The Headmasters of Bd.Ely.Schools will

(p.t.o)

previously prepare the list of such unserviceable articles and present before the Deputy Inspector of schools at the time of annual inspection or of visits. The Deputy Inspector of schools will take a few minutes to verify them and offer his remarks.

As the District Board has no officer of its own to supervise the Ele. schools, the Deputy Inspectors have to be asked to do this work. Though they cannot purposely go to the school for this work, they can conveniently offer remarks when they go for inspection or visit.

I request that Government may be pleased to consider the matter and issue necessary instructions.

The work of checking & verifying the articles of equipment belonging to Board Ele. Schools was hitherto attended to by the Deputy Inspector of schools. The D.P.I. has since issued instructions to the Deputy Inspectors not to undertake this work as it does not form a part of the ~~work~~ inspection work.

p 1 c

– ibid. The P.D.B., South Kanara, has brought to notice that it will be much difficult either for the President ~~or~~ for the D.B.E.O to attend to this work. He has suggested that the work of checking & verifying the articles of equipment belonging to Board Ele. schools may be entrusted to the licence inspectors in addition to their own duties. The Inspector of Municipal councils & Local Boards who was consulted in the matter ~~has~~ concurs with the P.D.B., South Kanara. It seems ~~that it will be more appropriate~~ that orders ~~may~~ be issued in the matter in the L.A. Deptt. The file may be transferred to L.A. for further action.

ASSISTANT SECRETARY'S
30 MAR 1951
12115
EDUCATION DEPARTMENT

In the Government memorandum cited above, Government have passed orders that the verification work of tools and plants belonging to the elementary schools in this District may be entrusted to the Secretary, District Board as a temporary measure.

There are 94 elementary schools under this District Board and it will take nearly one and half months for the Secretary to visit all the elementary schools and verify the tools and plants. Besides the Secretary has to visit all the high schools under the District Board for inspection of the registers maintained by them. An absence of nearly two months from the office will entail considerable dislocation of office work especially when there is no Superintendant. At present the tools and plants are verified in the elementary schools with reference to the annual statements received from the headmasters concerned and the unserviceable articles are written off or auctioned on the recommendation of the Deputy Inspector of Schools.

A

There is a proposal to appoint two supervisors from the school year 1951-52 and so I suggest that the verification work of tools and plants may be entrusted to them soon after they are appointed. Till, then the existing procedure may continue.

PRESIDENT,
Nilgiris District Board.

Memo No. 12115 - E/51-3 Edn., dated 20/6/51

Education: unserviceable articles in board ely. schools. Verification -

In GO No: 72 Edn Dt 10.1.50 instructions have been issued to the effect that the work relating to the verification of ~~tools~~ the articles of equipment re ~~[illegible]~~ belonging to Dt Board ely: schools should be attended to by the Licence Inspectors in addition to their duties. The President Dt. Board, the Nilgiris, has reported that there are no ~~Licence~~ Inspectors employed under the Dt. Board. It has been suggested that the work, so far as the Nilgiris Dt. Board, is concerned, may be entrusted to the Dy Inspectors of schools to be done during the course of their inspection visits to the schools. The D.P.I. is requested to offer his remarks on the suggestion.

P 13 cf. From the C.E. (Highways) No. 54304-D1/50-HR Dated 13/12/50.

Please see the letter cited above from the C.E. (Highways). Originally the work of checking

P 3 (Q) and verifying the articles of equipment belonging to

4

Board Elementary Schools was attended to by the Deputy Inspectors of Schools. On the ground that it does not ~~form part~~ constitute inspection work of inspecting officers, the D.P.I. was not in favour of such an arrangement. The P.D.B., South Kanara, brought it to the notice of the Govt. when the question was considered and orders ~~have~~ were issued in G.O. No. 72 Edn. Dated 10/1/1950 that this work should be attended to by the Licence Inspectors in addition to their other duties. P3 (Q) P3 (Q) P1 (Q)

In this connection the P.D.B., the Nilgiris has pointed out that there are no Licence Inspectors employed by that District Board and that this work may be entrusted to the executive staff of the Highways Deptt. as a special case. The Inspector of Municipal cls. and Local Boards who was consulted in the matter has endorsed the same view. The matter was then referred to the C.E. (Highways). He reports that the executive staff of the Highways Deptt. are already overburdened with their normal duties. He agrees with the views of the Superintending Engineer (Highways) IV circle who suggests that this work may be entrusted either to the D.B.E.O. or to the Secretary of the District Board, the Nilgiris as it does not require any technical knowledge. P1 cf. P5 cf P7 cf. P13 cf. 'A'

2. There is a proposal separately under consideration to ~~It will be observed that the question~~ ~~of~~ appointing Supervisors for the District Board Elementary Schools. ~~is separately under consideration~~ If they are appointed, the duties of checking and verifying the articles of equipment belonging to the Board Elementary Schools can be ~~automatically~~

File in circulation

M

27

LAD (G).

Please see the note of Edn Department from page 6 above. It is not clear from the D.B's letter on page 19 CF. what the existing procedure for the verification of tools and plant in Bd Ele Schools is. Presumably the annual statements received from the Head masters of Elementary schools are compared with the Tools and plant register maintained in the Dt. Bd Office. If so, this is no verification at all. The D.B states that the unserviceable articles are written off or auctioned on the recommendation of the Deputy Inspector of Schools. Evidently the Deputy Inspector inspects the articles proposed to be auctioned or condemned ~~and~~ or written off in the course of his inspection of the schools. It is understood that Deputy Inspectors of Schools visit the elementary schools ~~fairly~~ ~~frequently~~, not less than twice a year. They may be empowered to verify the tools and plant during their visits. The No. of articles of tools and plant in elementary schools especially in rural areas is bound to be very small. Their verification will not take up much time. Edn Department may consider this suggestion in consultation with the D.P.I. Even now the deputy inspectors are invested with certain functions in respect of Board elementary schools. They are consulted when unqualified

p19cf

A on p19cf.

hands are appointed, transfers made and certain punishments imposed on Bd Elementary School teachers. It may not be a strain if they are asked to undertake the duty of inspection of tools and plant once a year.

(D)

L.A.D(G)

This Department's previous note is at pages 7-8 ante.

2. The note of the Education Department at page 8 above may be perused. One of the duties prescribed for the inspecting officers of the Edn Department is to see whether there is adequate and suitable accommodation in the schools. Presumably they will scrutinise the adequacy of the furniture and equipment also. It does not appear that the verification of tools and plant in these elementary schools in villages will make such inroads into their time that their other work will be hampered. In this connection it may be noted that the work of checking and verifying articles of equipment belonging to Board Elementary Schools was attended to by the Dy Inspector of Schools previously. It was only after instructions were issued by the Director of Public Instruction to the contrary that this work was not done. The work of verifying the tools and plant has been allotted ~~to~~ to Licence Inspectors under Dt Bds in G.O. (Ms) No 72 Edn of 10.1.1950. In the Nilgiris Dt Bd there is no licence Inspector. After all the no. of schools in this District is only 94. This Department may therefore adhere to the view that the ~~Inspecting officers~~ Dy. Inspr of Schools may be asked ~~to continue~~ to undertake the verification of tools and plant as was done previously, so far as the Nilgiris Dt is concerned. With these remarks the file may be returned to Edn Dept. That Department may be requested to circulate the
