Honoured Sir,

I beg humbly to submit the following facts for the
sympathetic consideration of Government and favourable orders being
passed:

I was ordered to perform one-third extra work without
extra remuneration along with Mr. Halje and Mr. Amalanathan, as
Mr. A.G. Anderson, Senior Deputy Superintendent went on Military duty
(Vide G.O. 14 Emergency, (P.H.) M.S. dated 29-4-1942).

2. After sometime, I was asked to do the additional
duties of Mr. J.W. Halje, Asst. Superintendent and Mono Instructor who
went on transfer to the Allahabad Government Press. Therefore, I
was doing 2-2/3rd normal duty.

3. A few months later, I learnt that the Superintendent
and two Deputy and one Asst. Superintendent were given extra -
remuneration. I requested Mr. Lepper, Superintendent, to grant me
extra remuneration as I was doing two and two-thirds of my normal
duty and he told me that he would write to Government and get sanction
for the payment of additional remuneration.

4. When Mr. Lepper was on the eve of transfer to -
Calcutta as Paper Controller, I represented to him that nothing has

3 2

has been done to grant me extra remuneration, to which he suggested that I might address the Government in the matter. I submitted a petition to Government through him on which he made an endorsement in my presence but I understand that he did not forward this letter but sent another letter.

82-1048-118
13-7-44
5. I was granted Rs.100/- extra remuneration from June 1944 while Mr. Lepper was on other duty and not from the date others were drawing extra remuneration. At this time, Mr. K.P.R. Menon was acting as Superintendent. I told him that I will appeal to Government to be paid the special pay from the date the others have received the same. He informed me that having overheard a conversation by Mr. Lepper with Sir Thomas Austin as to Mr. Lepper's special pay. He represented the case of the other officers and it was on this - representation that Mr. Lepper wrote to Government on behalf of his junior officers.

6. The fact that my name was not included was, I am sure, an unintentional omission on the part of Mr. Lepper, as proven by his advising me to appeal.

7. After sometime, Mr. Anderson, Senior Deputy Superintendent became the Superintendent and the extra remuneration of Rs.100/- which I had been drawing till then was stopped.

8. I told Mr. Anderson that I lost my extra remuneration and that therefore I am going to appeal to Government. He said that Mr. Lepper had been foolish and let out my name. He however asked me to wait for a few days and when Mr. K.P.R. Menon goes as Deputy - Controller of Madras, I will again get extra remuneration. I waited until Mr. K.P.R. Menon went. After that time, I was given extra remuneration.

9. After about a year, Mr. K.P.R. Menon came back and I again lost the extra remuneration.

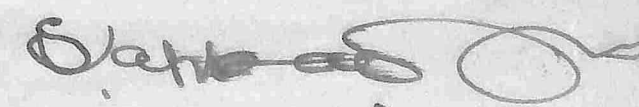

10. On the return of Mr. Lepper during the year 1946, I personally went to him, after my retirement and represented that I should reasonably be given special pay for the additional duties performed to which he promised to do the needful by writing to Government. Finding that nothing had been done in that direction, I submitted a reminder to Government on 7-8-1946 regarding my letter dated 26-5-1944; but Government was not pleased to grant my request. Realising that the Independence of India will not be long delayed, I decided to wait and represent my case to my own countrymen when they took over the administration of Government of our Country.

11. During February 1947, I became mentally sick and therefore I was not able to submit any further representation until 24-12-1948. The Government were pleased to observe on my representation that my request will not be complied with.

12. I once again beg to bring to the notice of Government that my request for the grant of special pay for the additional and - difficult duties performed by me is reasonable and fair, that other junior officers who had performed similar duties have been granted such special pay, that there is no good reason for depriving me of the special pay to which I was legitimately due, that I had rendered a loyal service of several years to Government and that therefore I pray that Government will be pleased to take all the circumstances of the case into their earnest consideration and sympathetically grant me the Special pay for the periods mentioned above.

For which act of sympathy, I shall ever feel grateful.

I beg to remain,
Honoured Sir,
Your most obedient servant,

Pensioner.

10. On the return of Mr. Jaffer during the year 1946, I personally went to him, under my retirement and represented that should reasonably be given special pay for the additional duties performed to which he was promoted to do the needful by writing to Government. Finding that nothing had been done in that direction, I submitted a request to Government on 7-8-1946 regarding the same. It was stated that the Government was not pleased to grant it. I decided to wait and represent my case to my own Government. They took over the administration of Government of our country. 11. During January 1947, I became mentally sick and distressed. I was not able to submit my further representation until 24-1-1947. The Government were pleased to observe on my representation that request will not be considered with. 12. I once again had to bring to the notice of Government my request for the grant of special pay for the additional duties performed by me in reasonable and fair. That time junior officers who had performed similar duties have been granted such special pay, that there is no good reason for denying me the special pay to which I am legitimately entitled. I was disappointed to find that Government of several years to Government and that I was not a loyal officer of several years to Government and that I was not a loyal officer of several years to Government. I pray that Government will be pleased to take all the circumstances of the case into their kindest consideration and grant me the special pay for the period mentioned above.

Very truly yours,
 Jaffer
