Copy of letter No. 23570-A1/49 dated 23rd April 1949, from the Registrar, Annamalai University, Annamalainagar, to the Secretary to the Government of India, Ministry of Education, New Delhi, through the Secretary to Government of Madras, Education and Public Health Department, Fort St. George, Madras.

--

Sub: Engineering Services Examinations - Admission to - Holders of B.E. and B.Sc.(Tech.) Degrees of the Annamalai University.

--

I am, by direction of the Vice-Chancellor, to address you on the subject of recognition of the Engineering and Technology degrees of this University for purposes of admission to competitive examinations conducted by the Federal Public Service Commission and recruitment to the All India Engineering Services.

In this connection, I may mention that the courses of study in Engineering and Technology were started in the year 1945, at the suggestion and on the initiative of the Provincial Government as a post-war reconstruction scheme with a view to providing the technical personnel required for carrying out the industrialization programme then under the active consideration of the Government. To enable the University to start the course, the Government were pleased to sanction a capital grant of 10 lakhs towards buildings, equipment etc.

The first batch of graduates will come out in May this year. The courses of study, syllabuses and standards of examinations for the Bachelor of Engineering (Civil, Mechanical and Electrical) and the Bachelor of Science (Technology) degrees were modelled on the schemes of study in operation both at the Engineering College, Guindy and the A.C. College of Technology, Guindy, attached to the University of Madras. A copy of the booklet containing the courses of study, examinations and syllabuses is enclosed.

The Secretary, Federal Public Service Commission, was also addressed as early as August, 1948 on this subject and his reply is enclosed for reference. The University has also been in correspondence with the Institute of Engineers (India), Calcutta, on the subject of recognition of the degrees of this University and a Commission of the Institute for the ~~education~~ purpose of inspecting the departments of Engineering and Technology is expected to visit the University early in July next.

Lest the first batch of graduates coming out in May next should find themselves in a position of disadvantage to compete for the All India Engineering Services Examinations to be held this year by the Federal Public Service Commission, I am to request that the Central Government will be pleased to recommend to the Federal Public Service Commission to accord due recognition to the Engineering and Technology degrees of this University as it has accorded to similar degrees of other statutory Indian Universities, for purposes of admission to the All India Engineering Services Examinations. Necessary notification in the Gazette recognising the degrees of this University, will indeed be of great help to the first batch of Engineering and Technology graduates who would be competing for the above examinations during this year.

I shall be glad to furnish further information the Government may require and shall be thankful for favour of early orders enabling the first set of graduates in Engineering and Technology of this University to compete for the All India Engineering Services Examinations to be held in 1949.

S.SATCHIDANAND PILLAI,
Registrar.

/True copy/

Copy of letter No. F.4/6/48-E dated 22-12-1948 from the Secretary, Federal Public Service Commission, New Delhi, to the Registrar, Annamalai University.

--

Sub: Recognition of B.E. and B.Sc.(Tech.) Degrees of the Annamalai University for admission to the Engineering Services Examination conducted by the Federal Public Service Examination.

--

With reference to your letter No.G.6 dated the 31st Ju

1948, received through the Madras Government of 19th November 1948, on the subject noted above, I am directed to say that, in connection with the competitive examinations for recruitment to the All India and Central Services, the degrees and diplomas awarded by Universities are recognised by the Government of India on the recommendation of the Federal Public Service Commission. The Commission, as a matter of policy, do not recommend the recognition by the Government of India of any degree or diploma awarded by a University or Institution in India for the purpose of admission to the Engineering Services Examination, conducted by them unless it is previously recognised by the Institution of Engineers (India), Calcutta, as exempting from sections A and B of their Associate Membership Examination. I am, therefore, to suggest that you should approach the Institution for the recognition of the B.E. and B.Sc.(Tech.) degree of the Annamalai University as exempting from passing sections A and B of their Associate Membership Examination.

I am to return herewith the papers etc. received with your above letter.

Sd./ K.M. RAY,
Secretary,
Federal Public Service
Commission.

ANNAMALAI UNIVERSITY

No. 23570-A1/49.
23rd April 1949.

From
THE REGISTRAR,
ANNAMALAI UNIVERSITY
ANNAMALAINAGAR

To
The Secretary to Government of Madras,
Education and Public Health Department,
Fort St.George, Madras.

Sir,

In continuation of this Office letter No.6955 dated 24-9-1948 to the Secretary, Federal Public Service Commission, I am enclosing an application to the Government of India, Ministry of Education, New Delhi, for the recognition of the B.E.and B.Sc.(Tech.) degrees of this University and to request that you will be so good as to forward it with your support and recommendation. This application has to be made in view of the letter from the Federal Public Service Commission, a copy of which has been sent to you on 22-12-1948 in reply to our application on this subject in September last.

Yours faithfully,
S. Satchidanand Pillai.

~~University~~
Recognition of the
Engineering & Technological
Courses of the Annamalai
University.

I am directed to forward in original letter No. 23570 A1-49 dated 23rd April 1949 from the Registrar, Annamalai University, Annamalainagar, on the subject cited above and to state as follows:-

The Govt. of Madras in November 1948, forwarded to the Secretary, Federal Public Service Commission, an application from the Annamalai University for the Recognition by the Commission of the

Letter subject - [illegible]
E/19-20 8/11/48

the Bachelor of Engineering and the Bachelor of Science (Technology) degrees of that University as adequate qualifications for appearance at the all-India Engineering Service Examinations. The Commission has advised the Registrar, Annamalai University, in reply to that ~~request~~ application, that the prior recognition of the degrees in question, by the Institution of Engineers, Calcutta, will be necessary, before the University's request could be considered. It will be observed from the Registrar's letter that the Institution referred to will inspect the University for the purpose only in July next.

letter on p 3 y

p 2 y

I am to state in this connection that the students who have studied for these courses ~~are~~ feel disturbed over the fact that the degrees have not been recognized for the purpose of the All India Examinations. When recently the students staged a strike on this issue among others, the Vice Chancellor had to persuade them to call off the strike by offering an assurance to them that he would take up this matter with the Govt. with the least delay. Having regard to this circumstance and in view of the obvious advantages of an early recognition of the degrees, to the graduates of the

papers in E.O.B. 8538 25.5.49

Sir,

With reference to the correspondence resting with your letter No. 31559 G2/49-Education dated the 3rd December 1949, on the above subject, I am directed to say that the question of recognition of degrees of the Annamalai Universit for purposes of recruitment to the Central Services or for admission to the Engineering Services Examination conducted the Federal Public Service Commission may not be considered the Government unless these degrees are recognised by the Institution of Engineers (India), Calcutta, as exempting fro Sections "A" and "B" of their Associate Membership Examination. The Registrar, Annamalai University has been advised to arrange with the Institution of Engineers (India) for the inspection of the Engineering & Technological Colleges. On receipt of the report of the Inspection Commit and of the recommendations thereon of their Council, the question will be considered further in this Ministry in consultation with the Federal Public Service Commission.

Recognition by Calcutta may be in advance of their convocation which is expected in July. If the University want recognition at once, why not forward the application

3/5

Doubtless, it will be desirable to secure recognition for the degrees in question immediately. The Federal Public Service Commission has definitely stated, however, that before it could recommend the recognition of the degrees, to the Govt. of India, recognition and exemption will be necessary from the Institution of Engineers Calcutta. As it was thought that the Federal Commn. might not alter the procedure waiving this prior recognition, it was suggested in the note above that the procedure referred to might be followed. If ordered, a draft letter to the Govt. of India will be put up.
