Sir,

I applied through you to the Government Press to sell me the un-serviceable treadle printing machine. I now learn that there is no un-serviceable treadle machine. I request you to sell the un-serviceable double crown machine. I want this machine to start a paper to educate the Harijans. You know the communists are capturing the Harijans now. The Harijans must be taken away from the clutches of the communists by propaganda through press. If the double crown machine is sold to me I will certainly use my paper to drive away the communists.

Thanking you,

Yours sincerely,
S. P. I. Balagurusivam

Sri. S.P.I. Balaguruswami requests that an unserviceable double crown printing machine may be sold to him, to enable him to start a paper to educate the Harijans. The S.G.P. reports that an unserviceable double crown machine is available ~~and~~ for sale. It is stated that the depreciated book value of the machine is Rs 402-1-0 and that it may fetch more if it is sold in public auction. For orders.

The file may be sent to Finance for remarks.

The request of Sri Balaguruswami has been supported by the Hon'ble the Speaker of the Legislative Assembly. Orders may be taken in circulation on the request. Finance should see.

Finance (Acts)

The S.G.P. has stated that, if the press is sold in public auction, it will fetch a higher price than its depreciated book value of Rs ~~402~~ 402-1-0. The applicant wants to start a free paper for the benefit of the Harijan community to ~~even~~ wear them away from the clutches of the Communists. The question whether the Govt. should give any concession on the above ground is one of policy and E.P.H. purpose to circulate the case for orders. The difference between the price if sold in public auction and the depreciated value is not known. This Dept. may agree with

The S.G.P. has already said that the depreciated book value of the machine is Rs 402-1-0 and that it may fetch more if sold in public auction. No further reference to him seems necessary.

The reply to his query on p. 2 ante is in the negative. The file may be re-circulated for orders on the suggestion at 'M' on page 2 ante. Finance point out that the sale of the machine at a fixed price instead of by public auction, is not correct.

H.M.C. (E.L.)

Balagurusivam has no other Press and it is possible that he will use it for the purpose specified by him of educating Harijans. At the same time, sales like this without ascertaining the market value through a public auction are open to objection. If it is necessary to favour him, we may invite written offers for the Press and give him the first refusal on the highest offer.

Sir,

I desire to remind you about my request to you to sell me the old printing machine in the Government Press. I have already written to you that my object is to educate the poor Harijans who are now in the clutches of the Communists and to do propagandathrough my paper by advising the Harijans not to join the Communists. The Hon'ble Speaker has also recommended my case.

Thanking you,

Yours sincerely,
