Sir,

Sub: BUDGET--North Arcot District Board--Elementary Education Fund Account--Budget Estimate for 1950-51--and Revised Estimate for 1949-50--Forwarded.

Ref: Your letter C.No.1905-B1-49 dated 22.10.1949.

oooo0o0oooo

I forward herewith in duplicate a copy of the Budget for the Elementary Education Fund of the North Arcot District Board, for the year 1950-51 together with the Revised estimate for 1949-50 in the form prescribed with the necessary enclosures as sanctioned in Resolution No.817 dated 29.12.1949 (copy of the resolution enclosed.)

2. Full details with regard to each item of receipt and expenditure are furnished in the explanatory memoranda enclosed. An abstract of schedule of Establishment, House rent contingencies etc., is also enclosed both for compulsory and non-compulsory areas for the Revised Estimate for the year 1949-50 as well as for the Budget estimate for 1950-51. The provision made for several items of expenditure for the scheme of compulsory education and education in non-compulsory areas are separately shown in columns 7 to 10 of the Budget Estimate Statement.

3. As approved by the Government in G.O.Ms.No.913, Education, dated 29.3.1949, the Budget Estimate for 1949-50 was expected to close with a deficit of 5.84 lakhs but on account of the sanction of subsidy by the Government as detailed below and curtailment of expenditure as per actuals due to non-availability of qualified teachers, the Revised Estimate for the year 1949-50 is expected to close with a deficit of Rs.28,030/-

	Rs.
(i) Government grant to cover deficit sanctioned in G.O.No.Ms.913, Edn., dated 29.3.1949 and memorandum No. 30283-49-2-B2 Education, dated 9.5.1949.	1,67,000
(ii) Government subsidy for Dearness Allowance sanctioned in G.O.No.Ms. 2763,A. Education dated 2.9.1949.	2,94,000

4. REVISED ESTIMATE FOR 1949-50. As against the anticipated receipts taken credit of in the Budget Estimate for 1949-50 for Rs.13,72,850/- a sum of Rs.16,36,500/- is taken credit of in the Revised Estimate. The Excess credit is due to the sanction of subsidy by the Government referred to above not taken credit of at the time of the preparation for the budget estimate. A sum of Rs.2,73,320/- is taken credit of in the Revised Estimate against the Budget provision of Rs.5,12,530/- towards grant for compulsory education. The fall is due to the fact that all the children in the Compulsory areas, as contemplated in the scheme, could not be brought under instruction on account of dearth of qualified hands and want of suitable accommodation in the villages.

5. The total receipts under capital account is Rs.65,000/- The provision of Rs.70,000/- made in the Budget for 1949-50 had to be reduced to Rs.45,000/- with reference to the observation of the Government made in G.O.Ms. 913, Education, dated 29.3.1949 and this office letter Roc.H4.32504-48 dated 26.7.1949 representing the necessity for making provision to the extent of Rs.30,000/- for

(pto)

for building and Rs.15,000/- for furniture. The additional credit of Rs.20,000/- taken credit of represents the anti-cipated subsidy by the Government for building schemes as per G.O.No.3004-Education dated 26.9.1949 and equivalent contribution from the General Funds.

6. The total expenditure according to the Revised Estimate is Rs.16,64,740/- against the provision of Rs.19,55,980/- in the Budget. The large variation is due to the savings under salaries of Masters and Dearness allowance both in compulsory and non-compulsory areas for the reasons assigned already for taking less credit under receipts. The total expenditure under capital according to Revised Estimate is Rs.65,000/- against Rs.70,000/- made in the Budget. This amount represents the provision of Rs.15,000/- made for furniture and Rs.50,000/- for lands and buildings. According to this, the year 1949-50 is expected to close with a deficit of Rs.28,030/-

7. BUDGET FOR 1950-51 RECEIPTS:- The total receipts under ordinary accounts is Rs. Rs.12,75,890/- against the credit of Rs.16,81,500/- in the Revised Estimate for 1949-50. Excepting the subsidy sanctioned by the Government to meet the cost of Dearness allowance and to cover the deficit in the year 1949-50, the items of receipts for the year 1950-51 under other heads closely follow the credit taken for 1949-50.

8. Deducting the contribution of Rs.25,000/- from ordinary to capital, the additional amount taken credit of under receipts capital is made up of the following items.

(i) Balance of grant required to complete the 6 Building Schemes undertaken during 1949-50 with reference to G.O.No.3004, Education, dated 26.9.1949.	Rs.17,000
(ii) Equivalent contribution for the above from General Account.	Rs.17,000
(iii) Government grant towards equipment at Rs.100/- per teacher to be appointed during 1950-51 for compulsory areas.	Rs. 5,000
(iv) Transferred from Ordinary to capital.	Rs.25,000
Total:-	Rs.64,000

9. The total expenditure according to the Budget estimate for 1950-51 is Rs.18,82,050/- The provision for the year 1950-51 may be divided into 3 parts for the purpose of correct appreciation of the need for a large variation over the provision made in the Revised Budget Estimate 1949-50.

(i) The total expenditure for maintaining the existing schools in non-compulsory area with a provision of 50 additional teachers and 33 nightwatchmen for higher elementary schools.	Rs. 13,43,150
(ii) Provision for compulsory education inclusive of 50 additional teachers.	Rs. 4,32,000
(iii) Provision for opening 50 new lower elementary schools with 100 teachers and 10 higher elementary schools (higher standards only) with 20 Secondary Grade teachers and 10 Prevocational Instructors.	Rs. 1,06,900
Total:-	Rs. 18,82,050

10. The normal expenditure for the Elementary Education Fund may be taken as Rs.13,37,130/- as against net normal receipts of Rs.8,18,890/- excluding the grant for compulsory scheme of education and amount transferred to capital. This deficit of rupees 5,18,240 roughly represents the extra expenditure involved for the following.

(conttd.,)

(i) Grant of dearness allowance to Elementary school teachers.

(ii) Adoption of revised scales of pay for the teaching staff given effect to as per the orders of Government.

(iii) Extra cost required to meet the expenditure in excess of the grant sanctioned by the Government for teachers employed consequent on the introduction of Compulsory Education.

11. The scheme of compulsory education was introduced in September 1945. Therefore the additional teachers employed consequent on the introduction of compulsion are being granted annual increments and on an average, they have been granted three increments as it is more than three years since the compulsory education was introduced. But the Government's grant is calculated and paid only at the minimum of the time scale of pay i.e. Rs.30/- for the higher grade and Rs.40/- for the secondary grade. There are also several items of incidental expenditure for which grant under compulsory scheme could not be drawn as per orders on the subject in force. It is, therefore, requested that the Government would be pleased to sanction the required amount by way of subsidy to cover the deficit as was done in the previous years.

12. The total expenditure on account of schools in the centres in compulsory areas provides for 560 teachers against 510 in 1949-50. The expenditure of Rs.4,32,000/- represents the actual grant taken credit in the Budget for 1950-51.

13. Coming to the provision of Rs.1,06,900/- made for the opening of 50 New schools and 10 Higher Elementary schools, it is represented as follows:-

Due to the policy of consolidation of the existing schools pursued by the District Board ever since 1938, there had been practically no expansion by way of opening new schools excepting in compulsory areas. As the scheme of extending compulsory education also has been given up by the Government, the necessity to cater to theneeds of the public in the sphere of elementary education is imminent and the growing agitation of the villagers for opening more schools in schools-less centres cannot in fairness be resisted. Provision is, therefore, made for opening 50 New Lower Elementary schools and 10 Higher Elementary schools in centres where the villagers offer suitable accommodation of approved design. This scheme involves roughly an additional expenditure of Rs.1,06,900/- and will be given effect to after it is approved by the Government and subsidy sanctioned for the purpose. The centres where new schools are to be opened will be fixed after consulting the educational authorities. The Budget estimate for 1950-51 framed as explained above is expected to close with a deficit of Rs.6,59,190/- The Government will be pleased to sanction subsidy to cover deficit in the circumstances mentioned above explaining the necessity for the same.

14. The provision made for expenditure under capital is made up of the following:-

To complete the building schemes as per G.O. No.3004, Education, dated 26.9.1949.	Rs.34,000
To provide additional accommodation to the existing buildings.	Rs.16,000
Equipment in non-compulsory area.	Rs. 9,000
Equipment in compulsory area.	Rs. 5,000
Total:-	Rs.64,000

(pto)

4/

It has to be admitted that owing to the limited provision under capital year after year, it has not been possible for the District Board to provide accommodation of its own to a large number of schools located in rented buildings. If the Government could continue the present scheme of granting subsidy for school buildings with reference to a long range plan approved by the Board, it may be possible to bring into existence type design buildings within a reasonable time by meeting half cost from loan fund to be obtained year after year.

10. Contribution to the E.E.Account:

The Standard contribution is Rs.72,480/-.

Provision for this amount has been made in the estimates besides a contribution of Rs.10,000/- in 1949-50 (R.E.) and Rs.17,000/- in 1950-51 (B.E.) to the E.E.Account capital. With these contributions the E.E. Account is expected to close with deficits of Rs.28,030/- in 1949-50 and Rs.6.6 lakhs in 1950-51. The general account cannot afford to make any additional contribution to the E.E. Account either in 1949-50 or in 1950-51, as the position of the general account is not sound. Pending orders on the E.E. Budget, the contributions provided may be accepted.

ASSISTANT SECRETARY 6-MAR 1950 EDUCATION DEPARTMENT

Sir,

Sub: BUDGET - Education-Elementary - North Arcot District Board - Subsidy to cover deficit - Sanction of - Requested.

Ref: This Office letter Roc.H4.33306-49 dated 4.1.1950.

..oOoOo..

As per the Budget proposals submitted in my letter cited above, the revised estimate for 1949-50 was anticipated to close with a deficit balance of Rs.28,030/- and the Government were requested to sanction subsidy to cover the deficit. Since the submission of Budget, a fall in the receipts to the extent of Rs.15,670/- is anticipated under Education Tax and Govt. grant under proviso to section 37 of the Elementary Education Act. A comparative statement showing the credits taken as per the revised estimate and actual receipts anticipated is enclosed for reference. In the revised estimate a sum of Rs.4,70,770/- was taken credit of only a sum of Rs.4,58,530/- is expected to be realised as per actual adjustment so far made and yet to be made in March 1950

As per Proc.No.1073-B1-48 dated 16.12.49 of the Director of Public Instruction Madras a sum of Rs.3,470/- was ordered to be credited to Ambur Municipality towards proportionate grant under proviso to section 37 of the Elementary Education Act. Therefore a net deficit of Rs.43,600/- is expected as detailed in annexure II enclosed herewith.

Strict economy is being observed while incurring expenditure under contingencies and other avoidable items. Thus it might be possible to tide over the deficit with a subsidy for Rs.40,000/- roughly. I,therefore, request that the Government, would be pleased to sanction this amount at an early date to meet the expenditure under Elementary Education Funds during March 1950.

PRESIDENT.

In my letter cited above it was stated that the net anticipated deficit would be Rs.43,600/- and the Government were requested to sanction of subsidy of Rs.40,000/- to tide over the deficit during the current year. Since writing this a communication has been received from the Collector of North Arcot (viz., Pdl.204/48 dated 6.3.50 copy enclosed) that a sum of Rs.51,364/- has been advanced as excess under Education Cess during fasli 1358. It is stated therein that this excess would be adjusted in the monthly advance for March 1950.

2. The deficit of Rs.43,600/- anticipated for the year 49-50 was arrived at with reference to receipts andGovernment Grants including education cess as per figures furnished by the Collector only. Now as the Collector has ordered the recovery on account of final settlement of Education Cess for fasli 1358, I request that the Collector may be instructed to effect the recovery from the monthly advances in April 1950. If this is not possible the Government may be pleased to sanction a sum of Rs.91,00/- as subsidy to cover deficit. The salaries of Elementary school teachers for Feb. 1950 has not yet been paid for want of sufficient credit. I, therefore, request that the Government would be pleased to sanction the subsidy at an early date as possible.

Ref:- From the P.D.B., North Arcot, No. H.A. 33306-49, dated 4.1.50.
From the D.P.I. No. 1A.BA/49-50, dated 12.2.50.

The D.P.I. has forwarded with his remarks the R.E. for 1949-50 and the B.E. for 1950-51 of the E.E. Fund under the control of the Dt. Bd., North Arcot. The estimates call for the following remarks:-

2. R.E. for 1949-50 :- There may be a small deficit of Rs. 28,000/- at the end of the current year. The Bd. may be asked to reduce the expenditure provided for under "capital" suitably so as to avoid this deficit.

3. B.E. for 1950-51 :-

Receipts : Education Tax

(1) Credit has been taken for an additional income of Rs. 4.68 lakhs from Education tax at 24 pies in the Rupee of land revenue. At a meeting of the Cabinet on 7.2.50 the Govt. have decided that the Dt. Bds. should be asked to raise the rate of Education tax upto 36 pies in cases where additional funds are required for ele. edn. In view of the large deficit (i.e. 6.31 lakhs) anticipated in the B.E. the rate of Education tax may be raised to 36 pies in the rupee of land revenue from the Fasli 1360. The enhancement may be made by the direction ~~of the Govt.~~ or at the instance of the Board. In the latter case the Board should be

(P.T.O.)

Consulted whether the rate of tax recently may be raised. If the Board is not willing to raise the tax, the enhancement may be ordered by the direction of the Govt. The additional income from the tax for 9 months in 1950-51 will be Rs. 1.75 lakhs.

(2) Contribution in respect of Edn. tax :-

The Board is now receiving as contribution in respect of Education tax at 4½ pies in the rupee of land revenue. under the decision of Govt. recently taken Contribution can be made in respect of Education tax upto 9 pies provided that the rate of tax levied by the Bds. is double the amount. In this case the Bd. is eligible for an additional contribution of Rs. 88,000/-.

4. With reference to the alterations suggested above there may be a deficit of only Rs. 3-68 lakhs at the end of 1950-51 L.A. Deptt. have already noted that no additional contribution can be made from the general funds to E.E. Fund. The deficit is due to the expenditure of over Rs. 4 lakhs on the grant of d.a. to teachers. It appears that a subsidy should be paid towards the entire deficit. The amount ~~to be~~ may be determined after the actual closing balance on 31-3-50 is known. // 5. Ref:- From the President, District Board, North Arcot, No.,H.4. 33306-49, dated 3-3-'50.

******

The President, District Board, North Arcot requests orders of Government on the following two points.

1. Grant of a subsidy to the District Board towards the deficit anticipated in the current year

2. Postponement of the refund of excess Education cess adjusted to the Bd.

1) above:-

In the Revised Estimate for 1949-50 as framed by the District Board, it was found that there might be a deficit of about Rs.28,000/- From the President's letter cited it will be seen that this deficit will increase to Rs.43,600/- and he has requested that a subsidy of Rs.40,000/- may be paid in the current year to meet this deficit. It is too late to sanction any subsidy this year. The question whether any payment should be made may be examined early in the next year after the actual closing balance on 31-3-'50 is known.

2) above :-

In view of the deficit anticipated it will not be possible for the District Board to refund the excess cess at present. Time may be granted to the Dt. Bd. for refunding the excess cess till May 1950.

A draft Memo. is submitted below forapproval.
