1-2-1950 of the Principal Stanely Medical
College on letter dated nil from Sri.
Gehani G.H.

I have the honour to submit copies of the communications referred to above for favour of Government orders.

2. The renewal of the loan to Sri. Gehani a failed candidate was refused in Government Memo No. 56634-G2/49-2 Edn. dated 20-9-1949.

Yours faithfully,

for Director of Public Instruction.

A.S./17-2. Copy to the Principal Stannely Medical College, Madras.

Copy of petition dated 21-1-1950 from the father of
Gehani Ghanshyam to the Director of Public Instruction,
Madras.

Ref:- Continuance of loan to my boy Gehani Ghanshyam
II year M.B. & B.S. Student Stanely Medical
College, Madras.

I am compelled to write to you once again though

2

my previous two letters on the subject addressed to you in the past three months have not only been not replied but not even acknowledged as a matter of courtesy.

2. The financial assistance in the shape of loan which was being granted to my boy was discontinued on the ground that he failed in the I M.B.B.S., Examination in April 1949 though he luckily passed his I M.B. & B.S., in December 1949 at the following examination. His failure was only due to the fact that he had not studied in any college for six months continuously from August 1947 to January 1948 as due to disturbances in SIND, we had to leave our province and the Government of India were not able to get their admissions till January 1948.

My boy informs me that he had seen you personally and you informed him that the orders of Central Government for continuance of loan were necessary in his case. Even then I would have in all fairness been apprised of the correct position when I have been writing to you from time to time and the Principal Stanely Medical College, Madras has been recommending to you for continuance of his loan to enable me to approach the right persons.

In my opinion even the Central Government cannot do anything unless and until you recommend the case with full facts and figures to them. They cannot take any action unless moved by you and your Government.

I am confident you realise our difficulties and our grief due to the partition of the country which has made us paupers- our difficulties are increasing day by day in fact and there appears no hope of our rehabilitation and settlement. We continue to be homeless beggars without any source of livelihood due to bad machinery of the Central Government.

So, I would once again request you kindly to rise to the occasion and come to our rescue with what you can possibly do in this respect by giving me the full information and the position as it is and strongly recommending the case of my boy to Government of India for continuance of his loan with the least possible delay copy to me to enable me to be in a position to see the Minister concerned personally.

In conclusion I thank you, gentleman, for giving a patient hearing to my boy when he saw you a few days back at Madras in this connection.

Copy of petition dated nil from Gehani G.H. to the Director of Public Instruction, Madras, through the Principal Stanely Medical College, Madras.

I most respectfully beg to state, that I am a refugee student, studying in III year M.B. B.S., Class in Stanely Medical College, Madras.

I was given a loan of Rs.1481/- only for the year 1948, in January 1949, to continue my studies. Unfortunately I failed in the Ist M.B.B.S. Examination, held in April 1949. My loan was discontinued thereafter.

Now I have passed the Ist M.B.B.S. Examination held in December 1949, by the University of Madras.

My financial conditions are very poor and it

3

4

-3-

is not possible for my father to support me, who is a clerk, with a meagre income of Rs.74/- per month only.

I shall, therefore, request you humbly to re-start loan, as early as possible, to enable me to continue my studies.

For the above act of kindness, I shall ever remain grateful.

Thanking you, and awaiting for your earliest favourable reply.

Endorsement No. 11-Refugee/50 dated 1-2-1950 of the Principal Stanely Medical College, Madras.

Forwarded. The applicant failed in I M.B. in April last. He passed the same in December 1949. He applied for loan this year but the same was not sanctioned by you (vide- R.O.C. No. 1240-W1/49 dated 22-7-1949). A letter and also a reminder were sent to Mr. Thamwardes Gehani, clerk, Municipal Office, Ajmer to refund the loan paid last year. So far no reply is received to my letter.

Income

My boy Gehan Ghan Sheyam III was M.B.B.S.
of the Stanley Medical College, MADRAS, passed
B.B.S. examination in the second attempt -

He has been deprived of the payment of loan
by Govt of Madras since April 1948 -

I have made personal applications and written letters to the personal address of the Hon^{ble} Ministers of Govt. Govt. but the only firm tone is that the question of continuing payment of loan to Govt of the Medical Students ^{as} ~~who~~ have not been able to pass this Annual Examination in the first attempt is receiving consideration of Govt. -

If Gov. takes so much time in such
unimportant matters, when should destitute persons
who have been made penniless sufferers today due
to partition of the County, go now and whence shall
they meet with such heavy expenses of their boys
education?

A Medical Student, requires money to spend when his parents are unable today to maintain him.

6 themselves, how can they assume for such a large sum for education of their children -

If the Govt. after giving assurances for completion of the courses of disabled students at the Govt. Cost wanted to put hitches and adopt such Dilatory methods, they would have better suggested in the very start that they would not be in a position to finance the students for completion of their courses and the parents would have seen what they thought better than -

I am writing this personal letter to you with the hope that you will very kindly look into the matter and order continuance of the financial help to the Medical Students immediately and also prompt disposal of the cases of the disabled persons if you wish the disabled persons to be rehabilitated -

The machinery of the Govt. has become very slow and requires immediate pulling -

I am confident, sympathetic and kind hearted

as you are towards disabled persons, you will kindly look into the matter immediately and have necessary orders passed to relieve us from further worries as we are already passing through very critical and hard times due to provincialism and other local factors beyond control of the Govt. of India -

Yours truly

arts colleges and professional colleges (Law, Engineering and Medical) were dealt with in G2 (Education section) of the E.P.H. Dept. Please see the remarks of E.dn. dept. above. The scheme of financial assistance to Non-Muslim Refugee students sponsored by the Govt. of India has hitherto been dealt with in G2 section of the former E.dn. & P.H. Dept. General questions connected with the scheme as well as all individual cases of students irrespective of the nature of the institutions in which they study have all along been dealt with in that section as an Education subject. This is apparently due to the fact that the scheme is so comprehensive as cannot be dealt with dividedly in the different administrative departments. It is also probably the reason why the D.P.I. alone has been appointed as the authority competent to sanction loans and concessions under the scheme in respect of all educational institutions in the State irrespective of whether the institutions are under his control or not. When the entire scheme including general as well as individual cases has hitherto been dealt with as an E.dn. subject, there is no reason why a differentiation should now be made in the case of students studying in Medical colleges in view of the bifurcation of the E.dn. & P.H. dept. When the general scheme is dealt with in one dept.

18 3/50

it may be inconvenient to deal with individual cases coming under the same scheme in other depts. without anomalies. The position may also be disadvantageous administratively. It may be mentioned in this connection that general questions as well as all individual cases relating to the schemes of war educational concessions and further education of demobilised personnel are dealt with in the E.dn. dept. itself. On this analogy it would seem appropriate to continue to deal with individual cases also along with the general scheme of financial assistance to refugee students in the E.dn. dept.

With these remarks the case may be returned to E.dn. Son. may deal with these cases.

Strictly speaking Health Dept. should, it seems, deal with cases of medical students. But in as much as Education ^{Subj. (and Nat. Dept.)} has been dealing with the Bank cases, and as the D.P.I. is the Dept. involved, and as further the refugee problem is not going to be a permanent one, I suggest that if Education Dept. see no objection, they may kindly continue to deal with such cases, to secure uniformity and continuity of policy and administration.
