No. 394

Subject.

Requesting to instruct the
Consulting Architect to prepare
the plan and estimate
for certain improvements
to the Muthu Baranah
Training School,
Triplicane.

H.M.

For orders

It is strange that a
School house, which has cost Rs 7,625
to construct, consists of only two open
Sheds. This, it is submitted,
requires to be enquired into in the P.W.D.
The plans which have been procured show
that this sum covered the cost of one
large shed (exactly 75' x 20') for 150
practising students, or smaller shed
(about 60' x 20') for 60 normal students
& a latrine (in two sections one for students
& one for teachers). The estimates were
only scrutinized & passed by Govt. & there
does not seem to be anything to enquire into
the sides of these sheds are made of open
arch work; the sea which cannot cease
any great inconvenience might easily be
kept out with a few latrines. & so probably and
the rain be prevented from getting in. - The
archways are not very large. Perhaps however
plans might be prepared, the Consulting Architect
being at the time asked to state why this
difficulty was not foreseen & whether the
use of latrines would not suffice to obviate it.

The D.S. is given in the Madras
opinion. Ask him what is his opinion
& whether he does not think that
the work complained of can be
remedied as suggested in the note. For
will be arranged if we have Wimpole
ment a building erected as above

a time ago at considerable ex-
pense. Also ask what the
Carpentry shed is! I do not
The papers do not show that
any such shed exists.

OFFICE OF THE DIRECTOR OF

PUBLIC INSTRUCTION,

Madras, 17 January 1895.

No. 396

From

THE HONORABLE M. DUNCAN, M.A., D.Sc.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE HONORABLE CHIEF SECRETARY TO GOVERNMENT,

FORT ST. GEORGE.

SIR,

The Headmaster, Government
Muhammado Branch Training school,
Triplicane, reports that the pupils are
exposed to the sun and rain owing
to the schoolhouse consisting of two
open sheds. Verandas should be
constructed on all sides of the building.
Moreover the Carpentry shed has
to be converted into a much needed
tiffin shed and other improvements
have to be made. I have the
honour

The Director
might state his
own opinion
instead of
quoting the
Headmaster.
D

Order 15 February 1895. N=139.

It is observed that the Director apparently only quotes the head-master's opinion as to the condition of the building occupied for the Post Mahamandana Branch Training School, Triplicane. The Post desires to place in possession of the ^{Director's} opinion as to the necessity of making the proposed additions. It should be stated whether the inconvenience complained of could not be prevented by the use of chicks or battens. It is ^{strongly recommended} that a building constructed so recently and at such expense should be in need of all additions ~~to~~ already.

2. The Director should also explain what the carpentry ^{is} is; the sanctioned estimate and location of any such shed
