Subject.

Informing that it would not be advisable at present to make any change in the standard of examinations for the classes named to.

2. It is observed that in future there will, under G.O. of 12 Dec. 1894, No 957, be a written examⁿ for the Hospital Asst class. 3. It is presumed that due attention will be given to Dr. J. B. J. 18 JAN 95 to Dr. J. B. J. 18 JAN 95 remarks regarding the raising of the standard of qualification of the Chemist & Druggist Class. 3. The Govt is decidedly of opinion that a mere oral examⁿ is not a sufficient test of a man's acquaintance with medical subjects.

SURGEON-GENERAL WITH THE

To

THE Honble the Chief Secretary to Government.

Educational Department

SIR,

With reference to para 3 of G. O. No 615 Educational dated 18th August 1894. Government have asked me for my views as to whether the Board of Examiners are content with a very low standard of qualifications for the apothecaries Hospital Assistants and Chemists and Druggists Certificates. I have consulted the President of the Board, The Principal of the Medical College, and the late President of the Board and the Clinical teacher of the Hospital Assistant class on the subject and attach true copies of their replies.

2. I do not consider the standards of examination as detailed by Surgeon Lt. Col. Lancaster too low. It will be seen by Dr. Price's Minute that the system of a college prevents men from being sent who

who are not considered fit to pass, so that the number actually qualifying should be high.

3. For the reasons given by Drs Price and Cook I do not consider it would be advisable at present to make any change in the Standard of Examinations for the classes.

I have the honor to be,
Sir
Your Most Obedient Servant

Chichester
Surgeon Major General
Surgeon General with the
Government of Madras.
