Honored Sir,

As your honor is helping our Community in general and Carnatic Jamedars in particular, I take the liberty of addressing you to forward the accompanying application to the Chief Secretary to Government with your favorable recommendation thereof.

X. in as much as, I am the adopted son of the late Rahat-un-nissa Begum saheba, grand daughter of the late Nawab Mookhtear-un-Nissa Begum saheba.

In so doing I beg to add that the request therein contained is not an unreasonable one but on the otherhand would make a way for the youths of our community to obtain a taste and encouragement in this particular branch in which they have been extremely backward hitherto owing to their religious prejudices.

For which act of favor I shall place myself under the highest

highest obligation for ever.

I beg to Remain
Honored Sir,
Your most obedient Servant
Ghulam Husain Ali.

To

THE CHIEF SECRETARY TO GOVERNMENT,

STONE HOUSE HILL,

OOTACAMUND.

Most Respected Sir,

I beg to bring to your kind notice the following circumstances with a view that you will kindly place the same before His Excellency the Governor-in-Council.

My ancestors, paternal and maternal, were high officials of wide reputation both under the Madras Government and that of His Highness the Nizam. My grandfather, M. S. Wally Ahmed Sahib Bahadoor, having served with credit the Madras Government as a Muhammadan Law Officer for some years, transferred his services to the Hyderabad Government, where having held several responsible posts was eventually raised to the highest tribunal in the land. Being advanced in years he had to retire from the services of that Government on a liberal pension. My father, M. G. Zynoolabideen Sahib Bahadoor is at present, the Arabic, Persian and Hindustani Interpreter on the Original Side of the High Court of Judicature at Madras. I have taken the liberty to insert the foregoing remarks simply to bring to your honor's notice the respectability of the family to which I have the honor to belong, but not in the least to urge on Government that my family connection does entitle me to the privilege which I most respectfully beg the Government to grant.

As for my qualifications I beg to say that I passed the Matriculation Examination held in December 1891, and even appeared for the First Examination in Arts for more than once from the Presidency College, but without success. The prosecution of my studies for the F. A. Examination had not been so much to my literary taste as the success in that examination would qualify me to join a department in which I take considerable interest. It is a long-cherished desire of mine to join the Medical line, partly because I take special interest in the science of medicine and have a natural aptitude for it, and partly because some of the members of the family to which I belong chose that particular department and proved a success in the profession they had chosen. Further, I beg to submit to your honor's notice, in this connection, that I am connected to the late Doctor Mohiuddin Sheriff Khan Bahadoor though not by a bond of close relationship. And I think it necessary to add that my age being rather advanced in years it would take me a long period of time to complete my intended Medical course if I were to join that department after passing the Arts Examinations.

I request therefore that the Government taking into consideration the respectability of the family to which I belong, the fact that in the Medical Department the Muhammadan element is almost *nil* and that no concessions are given to the Muhammadan community to encourage the study of Medicine, as the benign Government has been pleased to grant them certain privileges in some other departments viewing their backward and deplorable condition, will be pleased to permit me to join the Medical College for the M. B. Examination for which according to the bye-laws none who has not passed at least the F. A. Examination will be admitted.

Further, I beg to enclose a few copies of the testimonials given to me by my teachers and professors, which will bear witness to my character and conduct.

Feeling fully confident to be successful in my attempt, as greater concessions have already been shown by the Government both to Hindus and Muhammadans.

I beg to remain,

Most Respected Sir,

Your most obedient Servant,

Ghulam Husain Ali.

To

The Chief Secretary to Government

Sir,

I have the honor to recommend the en=closed petition for the favorable consideration of Gover=nment. The petitioner Ghulam Ansain ali Sahib is a highly respectable and promising youth and I think worthy of every encouragement as he appears to me a most laudably ambitious, and desirous of entering the Medical Profession. The privelege he prays for is the exemption of the restriction laid down in the late bye-laws (i-e) that no candidate can join the M: B: class until he passed the F: A: standard of University examinations, he failed twice for this Examination, but I think it is likely he will ul=timately succeed, and in the meanwhile it is desirable he should go on with his medical studies which he can do if his request is acceded to, o=wise next year his age will be a bar to his joining the Medical college.

I have the honor to be
