THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,

FORT ST. GEORGE.

SIR,

The Manager of the S.P.G. college, Trichinopoly, has applied for a building grant towards the cost of the construction of a Science laboratory and lecture room. While I was at Trichinopoly in March last, I discussed the question with the manager and was satisfied with regard to the urgent need for the rooms and the general design that was to be followed. In point of fact, these two rooms form the completion of the third storey for part of which a grant was paid last year. The plans and estimates for the two additional rooms follow practically the same lines as those approved of by the

Public Works Department for the rooms already built. The Rev. Mr. Dodson, the Manager, is very anxious to complete the work before the college reopens after the midsummer vacation so that the regular work of the college may not be interfered with. In these circumstances, I have permitted him, as a very special case, to commence the work before the plan and estimate are approved by the P.W. officers and by Government.

2. I shall, in due course, recommend the application for grant as soon as the report of the officers of the D.P.W. on the plan and estimate has been received.

I have the honour to be,

Sir,

your most obedient servant.

J. Dodson

Director of Public Instruction.
