THROUGH THE SUPERINTENDENT,
Madras Revenue Survey.

THE HUMBLE PETITION OF MELVILLE CRAMPTON,
HEAD SURVEYOR, MADRAS REVENUE SURVEY DEPARTMENT

RESPECTFULLY SHEWETH,

That your Petitioner is a Head Surveyor in the Madras Revenue Survey Department, and that owing to the recent examination rules he is debarred from further promotion.

2. That at the time of his entering the Survey Department, your Petitioner was not required to pass any University Examination to entitle him to promotion.

3. That your Petitioner was left an Orphan at the early age of eleven, and had not, in consequence, the opportunities of going through a collegiate course.

4. That your Petitioner not having passed these examinations is more his misfortune than his fault.

5. That your Petitioner is now twenty-seven years of age, and has served very near seven years in the Survey Department, during which time he has done his work to the entire satisfaction of his superior officers who can testify to the fact.

6. That your Petitioner has acted as a Sub-Assistant, and has been found capable of the professional qualifications of that grade.

7 That the nature of your petitioners work is such as to give him neither the time nor the opportunity of studying for a University Examination at this time of life.

8. That your Petitioner therefore respectfully prays that under the above circumstances he may be exempted from passing the necessary examinations which at present debar him from being promoted.

For which act of kindness and charity
Your Petitioner will, as in duty bound, ever pray.

No. 4 MADRAS SURVEY.

To

His Excellency the Governor in Council,

Fort Saint George,

MADRAS.

Through

The Superintendent, Madras Survey.

The humble Memorial of M. Ram Sing,
Deputy Surveyor No. IV Party,
Madras Survey.

Respectfully sheweth,

That Your Excellency's humble Memorialist first entered the Survey Department in 1880, as Field Surveyor on a salary of Rs. 15, when the Department was not subject to any rules as regards the educational qualifications of its employees, but on the other hand held out hopes to them as can be seen from the G. O. No. 299 dated 10—2—1863 which distinctly states that surveyors, draughtsmen and lithographers are exempted from passing examinations.

2. That in appreciation of his hard and efficient work in the Department, his Official Superiors were kind enough to promote him from 15 to 20, 20 to 25 and 25 to 30 Rs. and that so far as he knew this promotion of his met with no objection either from the Superintendent or from the Accountant General which fact in itself proves that the examination rules passed subsequent to his first appointment and promotion to 20 Rs. as a Deputy Surveyor were considered to be not applicable to him.

3. That when he was promoted in the same grade of Deputy Surveyor on a salary of Rs. 40, to his great astonishment and disappointment he learnt that his promotion was cancelled by the Superintendent and when he petitioned to the Superintendent praying that the order cancelling his promotion might be reconsidered, he was informed that he was not eligible for promotion *since he had neither passed any examination nor obtained any exemption.*

4. That this order No. $\frac{442}{IV}$ of 17th August 1894 (a copy of which is herein enclosed) came as a death blow to all his future hopes of promotion, for till then he had not even the remotest idea that he would be required either to pass any examination (as the G. O. No. 299 dated 10—2—1863, which was in force when he was first employed, clearly states that surveyors, draughtsmen &c. need not pass any examination)

or to obtain exemption (as G. O. No. 2515 dated 20—4—1889 cancelling the G. O. dated 10—2—1863 cannot justly be applied to him, as it was passed long after his entertainment in the department and was not said to have any retrospective effect. Also, the Fort Saint George Gazette notification of May 1894 is not at all applicable to him as can be seen from note 1 to the said notification).

5. That Your Excellency's humble Memorialist already counts nearly 15 years' service during which he worked very hard, having undergone many a hardship when on field work, in order to win the good will of his superiors and qualify himself for higher grades in the service, and the circumstance that Mr. Thornhill late Deputy Superintendent of Mangalore had recommended him in 1891 to the place of a Head Surveyor on Rs. 60, amply testifies to his fitness for promotion.

6. That after having spent almost the best part of his life in this department, on which alone he had centered all his future prospects, he should be given to understand that he is not eligible for further promotion, is really a hardship which he can hardly find words to express; that all his hopes of future promotion should thus be entirely blasted by the order of the Superintendent and that too at an age which perhaps makes it next to impossible for him to seek employment elsewhere is a most painful thing which passes beyond all human power of expression.

7. That therefore Your Excellency's humble Memorialist humbly prays that Your Excellency may be graciously pleased, on a kind perusal of this humble memorial and on a consideration that he is the only Rajaput Subordinate in this party, to cancel the order of the Superintendent and confirm him in the place to which he has been promoted; or exempt him from passing any examination and pronounce him eligible for promotion, if after kindly considering the facts humbly set forth herein Your Excellency be of opinion that the new examination rules may be applied to him.

And Your Excellency's humble Memorialist, as in duty bound, will ever pray.

His Excellency the Governor in Council
Fort St. George, Madras.

The humble memorial of Deputy Surveyor Krishna Pillai of No III Party, Madras Survey

In reply to his arzi dated 14th June 1894 for promotion, the Deputy Superintendent No III Party informed in Order No 1510 dated 19th July 1894, that he could note be promoted being an unpassed man.

His ages when he first entered the Department was 20 years. He was not able to pass the Examination before he joined the Department owing to family, diffiaulties and after he entered the Department owing to his having had to direct his attention to work

As there was no restriction as to the passing of Examinations, his Superior Officers who were satisfied with his work have given him promotion.

When he is in Service he could not pass the Examination, as leave &c which would shorten the Service, was not taken by him.

He therefore begs that he may be exempted from Examination Rules so that the fact that he is an unpassed candidate may not stand before him as a bar in bettering his future prospects as he is a large family man of 19 years Service solely depending upon this Department and under the circumstances explained below—

1. That he is now 39 years old and has completed 19 years Service.
2. That his Superior Officers though satisfied with his work cannot promote him in return being an unpassed candidate.
3. That owing to the responsibility that has devolved on him of maintaining a family consisting of 10 or 12 Souls.
4. That owing to his having spent his youthful days in the Field work of the Survey Department and consequently he is now broken in health.

Your Excellency's most obedient and humble
Memorialist

May it please your Excellency.

That your Excellency's memorialist was entertained in the Department in the year 1877.

That when in 1890 a list of such servants as deserved exemption from Examination rules, was called for, memorialist's name had by some oversight been omitted in the list sent by No. 3 Party.

That memorialist's reason for suspecting oversight on the part of the 3rd Party is because memorialist was at that time separated from that Party and employed in the Pulnai Hills on special duty.

I was entertained in this Department on No 6 in January 1873 - I was then 19 years old -

I did not pass any Examination before I joined the Department on account of the poor State of the family and after I joined it for the following reasons.

that as there was then no rule that Draughtsman and Surveyors working in the field, should pass Examination

that my pay was Scanty and had family cares.

that I Spent about 2 years of my youth days in of 41 years.

It is now detrimental to my future prospects to put upon me the condition of passing Examinations.

His Excellency the Governor in Council

Humble memorial of K. Govindasami Naidu, Field Surveyor, No. III Party Madras Survey, Cannanore.

May it please your Excellency.

That your Excellency's Memorialist at present holds the post of a Field Surveyor on Rs 12/- in No. III Party, Madras Survey and has a service of 5 years; age 23; has passed the Upper Primary Examination in the year 1885; at present is doing the duties of an assistant clerk, the pay of which is Rs 20/- per mensem.

Because Your Excellency's Memorialist is an unpassed Candidate his superior Officers who are well satisfied with his work Cannot give him any promotion.

Your Excellency's Memorialist humbly begs to state the following are a few of the Circumstances that have blocked the way to education of Your Excellency's Memorialist to Qualify him for higher posts.

(a) That the Memorialists' father, at the head of the family and destitute of any landed property, was holding the post of a muchi on a salary of Rs 8/- in No III Party Madras Survey until the year 1892, when he was thrown out on reduction Of Establishment.

This was the only resource on which the whole family depended.

(b). that the memorialists' father with his scanty pay did his best to educate the Memorialist up to the Upper Primary Standard, in addition to the great difficulties he had met with in supporting a family of 6 Souls.

(C) that the object with which the humble Memorialists' father educated him with so much difficulty, was that he should pass the required examination, and earn sufficient, for the support of the family, but unfortunately the Memorialist had to discontinue the studies shortly after passing the Upper Primary examination as his father was then quite unable to meet the expenses of his education in addition to family expenditure which increased in proportion to the gradual dearness of provisions, the Consequence was that the poor Memorialist had to find means to assist his father. Hence he entered this Department in 1888.

(d). That the humble Memorialist having become the sole supporter of his large family since

1892. with his scanty pay to 12/- and deprived of any landed property, he, with all possible endeavours, Could hardly pull on without incurring debts in the support of his family. While such, the poor Memorialist has no hopes of obtaining further education.

(e) besides, Your Excellency's Memorialist Could not hope to pass the prescribed Examination, while in Service, the standard being too high for a man of his education and Cannot get through without a deligent and hard study for a period of about 6 years.

The humble Memorialist's present

position in Office would not allow him to devote so much time and attention to his studies in Considerations of the recent reductions in the Survey Department and the Consequent heavy work devolved on him.

Under the Circumstances explained above the poor Memorialist most humbly and respectfully begs Your Excellency to shew mercy upon the memorialist and to protect him and his poor family by exempting him from the Examination Rules.

The object with which he prays for this favour at the

[illegible]

hands of Government is that he may, when chances occur, be promoted to posts carrying Rs 20 or 25 the duties of which he is able to do and is now doing satisfactorily. For instance Your Excellency's Memorialist is at present doing the duties of a Clerk on Rs 20/- on leave without allowance, but cannot even draw acting allowance being an unpassed Candidate.

For this act of kindness and charity Your Excellency's poor Memorialist shall ever pray

The humble memorial of G. Venkitarama

Madras Revenue Survey, Cannanore.

May it please your Excellency

That the memorialist was entertained on the 1st December 1884 on Rs. 7 and was promoted to Rs. 10 on the 1st August 1885 as a Draftsman and again to Rs. 12 on the 1st September 1888 as a Field Surveyor which pa he is now getting —

That the humble memorialist's servic in the Department is about 10 years; owing to his poverty at his youth, he could not prosecute his studies till h passes an Examination, but had to joi this Department to find means for his maintenance –

Since the memorialist joined the Department, he devoted his whole time in the discharge of the duties entrusted to him. His present age is about 30 and it is impossible now for him to read for the Examination privately, discharging at the same time his usual outdoor work.

Though the poor memorialist has turned out good work and given satisfaction to his superiors as to do him some good, yet they are unable to give him any promotion, the consequence was that the memorialist has to suffer with his present scanty pay in maintaining his large and poor family –

When the memorialist joined the Department in 1884 there was no such restrictions, nor there was any necessity for him to think over such things; he very poor and is solely depending upon the Department he is now employed on.

Under the circumstances explained above, Your Excellency's humble memorialist craves your Excellency to be graciously pleased to give due consideration to the miserable condition of the poor memorialist and to exempt him from the Examination Rules, so as to better his prospects and thus protect him and his poor family –

He begs to remain,

Age 43 years - most respectfully
shewth.

He was entertained in late No. III Party Madras Survey on Rs 7 on the 3rd December 68, and served in that Party up to 31 December 1873 and from 1874 up to 1st April 1880 on Rs 19 per mensem, when his services were dispensed with owing to the abolition of that Party. The remarks made in his service book by Mr. R. C. Prickle the then Deputy Superintendent Madras Survey will speak to his qualifications and conducts.

In April 1880 he was taken in the Temporary Establishment of Central Office on Rs 12 per mensem, and after returning his gratuity he was confirmed in 1882. His pay was increased to Rs 15 subsequently in 1887 and during that period he was incharge of Records Maps &c of 3 Districts only.

During his employment in the Maps Record section of this Office he was engaged in different capacities. The remarks in the enclosed 3 originals of the applications made by his different Heads on different occasions will testify as to his character and qualification.

He is now incharge of all the miscellaneous Maps and Records of the Madras Presidency and those received from the Surveyor Generals' Office and also various records of Tanjore District together with D.P.W. records. The present Maps Record Keeper, Assistant Superintendent in charge of computations and Assistant Superintendent in charge of Office are well aware of the heavy amount of his work.

His services in the survey department come to the total of upwards of 27 years. At the begining of this period his poor pay was Rs 19 but after

the

the abolition of the Party there being no vacancy on Rs 19 he was taken in the Central Office on Rs 12 and promoted to Rs 15 which he is still drawing and which is quite insufficient to support his poor large family in these famine days, and if he were to retire, his pension will be less than the income of an inferior servant and he shall have to pass the remainder of his life time most miserably in his old age.

Under these circumstances he begs that the Government will be graciously pleased to exempt him from the examination rules, so that he may be eligible for promotion on a future occasion.

Most Respectfully Showeth-

That your Excellency's Memorialist is an assistant Map Record Keeper Central Survey Office - Permanent Establishment Pay Rs 12 Service 29 years. All along he has been employed in the Record Section as a Referencer

From 1882 he has had no promotion whatever.

Till 1887 he had entertained hopes of promotion, when they were classed by the Examination Rules passed, for Public Service, by the Government.

Since then he had been unhappily doomed to this poor pay Rs 12.

The Examination Rules at the time of his entertainment in the service and for a greater portion of his career, were not unfavourable to the Memorialist to rise in the Department.

His age is 45 years at present

At this late hour it is quite impossible for your Excellency's humble Memorialist to attempt to pass any Examination at all.

When some of the Subordinates were recommened for exemption in 1890 or 91 by the Superintendent Madras Survey, the Memorialists name some how escaped the attention of the Superior Officers though he fully trusts they are all well disposed towards the Memorialist in consideration of the conduct and qualifications required for a Public Servants.

He has no other means of earning a living.

As the Memorialist humbly believes that his promotion depends entirely either on passing the required examination or by getting exempted from passing such examination he most humbly and respectfully prays that His Excellency the Right Honorable the Governor-in-Council may be graciously pleased to patronize the humble Memorialist by exempting from passing the general examinations required for Public Service.

For which act of patronize your Excellency's Humble Memorialist will feel ever thankful and pray.

Most Respectfully Showeth

That your Excellency's Memorialist is a Clerk in the Central Survey Office - Permanent Establishment Pay Rs 12 Service 30 years. All along he has been employed in the Record Section as a referencer.

From 1882 he had no promotion whatever. Till 1887 he had entertained hopes of promotion when they were blasted by the examination rules passed for Public

his promotion is that he has not

Since then he had been unhappily doomed to this poor pay Rs. 12.

The examination rules at the time of his entertainment in the Service and for a greater portion of his career were not unfavourable to that memorialist to rise in the Department.

His age is 48 years at present. At this late hour it is quite impossible for Your Excellency's humble memorialist to attempt to pass any examination at all.

When some of the subordinates were recommended for exemption in 1890 or 91 by the Superintendent, Madras Survey, the Memorialist's name some how escaped the attention of the Superior Officers, though he fully trusts they are all well disposed towards the memorialist in consideration of the conduct and qualifications required for a public servant.

He has no other means of earning a livelihood. As the memorialist humbly believes that his promotion entirely depends either on passing the required examination or by getting exempted from passing such examinations he most humbly and respectfully prays that His Excellency The Right Honorable the Governor-in Council may be graciously pleased to patronize the humble Memorialist by exempting from passing the general examinations required for public Service.

For which act of patronage, Your Excellency's humble Memorialist will feel ever thankful and pray.

Most respectfully Sheweth.

That your Excellency's Memorialist entered the Madras Survey Office in March 1878. as Draftsman on Rs 6 per mensen and was serving in the Department in various Capacities such as Clerk, Draftsman & Examiner to the entire satisfaction of his Superiors. He is now drawing Rs 12 per mensem. His present age is 39 years. The only thing that bars his promotion is that he has not passed any Examination.

The Examination rules were not so strict when the Memorialist was entertained in the Department else, he would have taken pains to pass the Entrance Examination at least, He has lost all his studious habits and served Government for nearly 17 years.

He earnestly requests therefore that he may be exempted from the Examinations rules so that he may get some increase when chance occurs.

For which act of charity the memorialist shall ever feel grateful.

That your Excellency's Memorialist was entertained in the department in the year 1866 when the examination rules for the public Service were not So much Compulsory as they are now in modern days. Moreover he is a draughtsman from the date of his entertainment & as Such the examination rules had not become a bar in the way of one's prospects holding the grade of draughtsman till very recently when the examination rules were brought into effect even to that grade by which the Memorialist was pronounced to be ineligible for promotion being an unpassed Candidate as per recent

rules

rules notwithstanding his hard work and entire satisfaction rendered by him to his immediate Superiors who from time to time requested the Superintendent Madras Survey to accord sanction for his promotion. The memorialist may here mention one instance which will be seen in the enclosed copy of the Superintendent's order.

That in the year 1890 some men were selected from the Party offices for exemption from the examination rules. At that time the memorialist was attached to No V Party & he requested the office Sub-Assistant and Manager to include his name in the list for exemption, but he informed the memorialist that it would be unnecessary for draughtsman to be exempted as the old rules would stand good for the men of that rank.

Having misconstrued the contents of the Superintendent's letter the Manager did not prepare any list of men for exemption for submission to the Superintendent; hence the memorialist had not been

been fortunate enough at the time to be exempted which had been subsequently brought to light & thus ended in the ruin of the memorialist's prospects.

In other Parties many men were recommended for exemption & they had the chance of getting promotion while the memorialist's claims of seniority in pay & service as well as good work were of no use as he was not exempted. For instance one Computer T. K. Subramaniya Iyer having been exempted from the examination rules was lately promoted from Rs 20 to Rs 50, which the memorialist should have got being next in the grade on Rs 30. Draughtsman T. Shunmugam Pillai Pay Rs 20 who is now an assistant to the memorialist being exempted may have the chance of promotion giving no weight to the memorialist's services when occasion offers.

As it is impossible now for the memorialist to pass any examination after a service of 28 years and at the age of 45, the memorialist humbly craves your Excellency to consider his lamentable coincidence and to exempt him from passing the examination rules to enable him to better his prospects in the department.

Sir,

I have the honor to forward 40 Memorials from subordinates of the Survey Department who have applied for exemption from the Examination Rules. The names of the Memorialists are entered in two lists enclosed marked A and B. The men in list A deserve Consideration. They are either Lithographers or Photographers whose work is purely manual and whose experience makes them more useful than inexperienced passed Candidates, or Surveyors who have done good service and deserve promotion, but have not time to study for the Examinations.

It is observed that under the Public Service Notifn., candidates for the posts of Lithographer on [illegible] [illegible] less than Rs 15 per mensem in the Survey Dept are not required to have passed ~~the~~ any examination; ~~&~~ that candidates for the posts of Draughtsman and Surveyor on less than Rs 15 are required to have passed the Primary examination and that Candidates for the post of Draughtsman and Surveyor on Rs 15 and upwards are required to ~~not~~ produce a certificate of the College of Engineering. These rules do not affect the promotion of persons who held permanent appointments before they first came into force and do not ~~app~~ apply to temporary appointments in the Survey Dept. The Supdt. Madras Survey is requested, in view of these facts, to ~~State~~ specify the rule from the operation of which

Note I pass this as the reasonable interpretation of the rules but, in fact, the question whether Surveyors & Draughtsmen on less than R15 should not produce a College Certif. has never been raised distinctly before.

P.S. Art. 4(4) proceeds on the assumption that all Surveyors & Draughtsmen get at least R15 & then exempts them from the general educl. qualifications required of candidates for posts carrying R15 & upwards.

Schedule A, on the other hand, implies that Surveyors & Draughtsmen may get less than R15 & renders them, in such case, liable to the Primary Exam.

It would, of course, be absurd to prescribe the Primary Exam. plus a Certificate for posts carrying less than R15 & a Certif. only for those carrying R15 & upwards; so, as I said, I pass the interpretation placed on the rules by this O.M.

But the Rules should be made clear by inserting in Art. 4(4), after the word "departments", the words "where such posts carry pay of R15 & upwards".

Order.

In C. No. 322 of 95, the Superintendent Madras Survey recommended the exemption from the Exam. Rules of some subordinates of the Survey department. In O.M. dated 18/4/95 the Superintendent was requested to specify the rule or rules from the operation of which each of the subordinates was to be exempted and to state whether each of them belonged to the permanent establishment. It is now reported that all of them were on the permanent establishment before the Public Service Notifn. came into force. Under Note 1 to the notification, these rules do not affect the promotion of persons who held permanent appointments before they first came into force. Some doubt seems to exist as to the correct interpretation of this note. To take a particular case, - All Graduate Clerks are now required by the P.S. Notif^d, to pass in Precis before they can be promoted to posts carrying Rs 60 & above. Suppose A was confirmed as a Clerk on Rs 50 in 1893; he was therefore on the permanent establishment before these rules came into force. Should he pass in Precis before he can rise to Rs 60? Note 1 says that these rules in no wise affect the promotion of persons who held permanent appointments before they first came into force in July '94, and apparently A will not have to pass in Precis before he can rise to Rs 60. But the Accountant General seems to take a different view, as can be seen from para 2 of the letter of the Superintendent Madras Survey. C no. 575. The correct interpretation of the Note should first be determined, before any orders can be passed on this Current. If the A.G.'s view be accepted as the correct one, then Note 1 would need to be

The Public Service Notification is distinct from the Special Test Notification & the fact that Art. 5 of the former contains a reference to the existence of special tests does not constitute such tests "rules under the Public Service Notific^n" to which above, Note 1, refers. +
