SUPERINTENDING ENGINEER,

3RD CIRCLE,

To

THE

Chief Engineer
P. W. Department
Madras.

Sir,

Enclosures.

I have the honor to suggest a reconsideration of G.O. No. 2308N of 12. Sept. 94 limiting the period of employment of unpassed clerks.

The Executive Engineers complain that they cannot get passed men to accept posts of Asst. for men as clerks for their Subordinates. Each being the case the effect of the G.O. is to leave the Subordinates without any clerk at all after the 1st of the month.

Passed men will not readily accept employment in the Rural Districts. I beg therefore that orders be issued to retain the services of unpassed men until passed men can be got.

Letter No. 1646 dated 9th April 1895 from the
Executive Engineer Bellary Division to the
Superintending Engineer III Circle Bellary.

I have the honour to inform you
that there are now 4 upper subordinates in
my division without clerks. I have again
advertised in the Gazette and have not
had a single satisfactory application.
The temporary pay is so small, and the
chances of being brought on to the per-
manent staff so remote, that candidates
from other districts are not attracted.
Even were they so attracted, Tamil men
are almost useless for work in which Telugu
and Canarese are the languages required.
The Ceded Districts are decidedly back-
ward and the candidates available are
more than readily absorbed by other
Departments where chances of promotion are
far greater and where their life is easier
and more stationary. I have the permission
of Mr. Nicholson the Collector of Anantapur,

to

to state that he finds it impossible to fill his vacancies with passed Candidates.

During the last 2 years only one passed Candidate has been obtained in this division and although I have tried in every way to get men in the last 3 months, I have failed. In consequence of your No: 2609 dated 30th January/95 on G. O. No: 3153N N.C. dated 8th December/94, men have had to be dispensed with; - men thoroughly competent, and well trained to their work - and you add that it is useless going up to Government on the subject again.

I request that you will reconsider this and forward this letter to the Chief Engineer. It is quite unfair on a subordinate to leave him for months without a writer, forcing him to do a large amount of clerical work, which is, and cannot but be, detrimental to his proper executive duties.

The only remedy in my hands is to appoint temporary men for 3 months at a time, but as they are now aware that this will only be sanctioned for a limited time the

best of them will not serve, and the remainder are almost useless and take up the Subordinates time in training and checking.

I would therefore most earnestly request Government be moved to allow the Supy. Engineer to appoint unpassed Candidates in the Ceded Districts on salaries up to Rs. 15 (inclusive) providing he is assured there are no available passed men.
