From

DIRECTOR OF PUBLIC INSTRUCTION,

To

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,

FORT ST. GEORGE.

SIR,

With reference to memorandum, No. 968,

Educational, dated, 3 instant, I have the honour to state that the Educational Rules, which were framed before the rules contained in para 4 (7) of the Public Service Notification had received the approval of Government, do not contain any provision as regards the qualifications of Industrial Teachers in Government Technical Institutions, but I shall see that the omission is supplied in the Educational Rules now under revision.

2. I would here point out that the

the qualifications of Technical Teachers have been laid down in Article 3, Chapter III of the Grant-in-Aid Code for 1895-96 and that it is therefore but proper that the same qualifications should be demanded of Teachers employed in Government Technical Institutions also. On this principle I beg to request that Mr. Perkins may be exempted from the necessity of passing the following Technical Examinations and obtaining Technical Teachers' certificates of the corresponding grades.

Carpentry	Intermediate grade.
Fitter's work	Do.
Steam and the } Steam Engine }	Advanced grade
Machine Drawing	Do.

I would note that Advanced Examinations

Examinations have not yet been provided for in the first two of the above subjects.

FOR ORDERS.

In C. 361 the D.P.I. recommended that
Mr. Perkins Workshop Instructor to the
College of Engineering should be exempted
from "the examination rules".
2. Asked to specify the examination rules
from which exemption was solicited, he
replied in Current 465 - "from clause
(v) section 4 of the Public Service Rules".
This clause runs "xxx Industrial
teachers in Govt. Schools are required to
"possess such qualifications only as are
"specified in the Educational Rules". A
careful perusal of the Edac. Rules showing
no qualifications as required in the case of
Mr. Perkins, the D.P.I. was asked to specify
the qualifications required and to quote the
portion of the Rules prescribing them.
3. In Current 619 the Director in reply
admits that no qualifications are pre-
scribed in the rules, & promises to amend them
so as to supply the omission.
He further contends that, inasmuch as
Art. 8 of Chapter III of the Grant-in-Aid
Code lays down a general rule regarding
the qualifications of technical teachers
in aided institutions, the same qualification
should be demanded of such teachers in
Govt. Institutions. On this principle he
recommends Mr. Perkins for exemption
from these qualifications.
Is this correct? *are* *not*

prescribed at the time of Mr Perkins
 appointment I submit that no exemption
 is needed & that the Director should be
 told that
 which the Govt. approves the Director's
 proposal to amend the Educ. Rules by the insertion
 of a provision requiring industrial teachers
 in Govt. institutions to possess qualifications
 similar to those prescribed in the case of
 such teachers in aided schools, it sees no
 necessity to exempt Mr Perkins from a
 rule which was in fact not in force at the
 date of his appointment
