This Educal. Dept. note has reference to the Hon. Subba Rao's question VIII.

The Hon. member asks whether Govt. will afford an opportunity to the Eurasian & Anglo-Indian community of the Northern Circars to repair the buildings of the Waltair Orphanage & re-open the institution, the order directing the sale of the buildings being in the mean while suspended.

It will be seen from linked current No. 396 that the Collector of Vizagm. anticipated, on the 17th ult, that the buildings would be sold within a week. Accordingly, yesterday, a telegram was sent to the Collector asking him if the sale has been effected. He replies today "Waltair "Orphanage sale will be "completed today six thousand "unless you wire instructions "contrary". On receipt of this telegram, its contents were telephoned, under C.S.'s orders, to the Hon. Mr. Grose with a request that he would say whether the sale should be stopped. The Hon. Mr. Grose replied that he saw no objection to the sale &, consequently, no telegram directing postponement of the sale has been despatched. Therefore by the time that Govt. has to answer Question VIII the buildings will doubtless have been sold & the only possible answer will be something to this effect:—

"The Collector telegraphed on the 4th inst. that the buildings would be sold on that day unless orders to the contrary were received. The Govt. did not see sufficient reason for postponement of the sale & it has presumably been completed".

When the closing of the institution was ordered (G.O. d/ 29 June 1894, No. 482, Ed) there were, apparently 19 children on the rolls & the Civil Orphan Asylum, Madras, offered to take 13 of them at R15 each per mensem. The ~~closing~~ balance to credit of the Orphanage was then about R3,000, apparently, & the buildings were reported to be in such bad repair that Govt. anticipated that they would fetch a very small sum. Thirteen children at R15 a head cost R2,300 a year so that Govt. was under the impression that the balance to credit of the Orphanage & the price fetched by the buildings would go only a little way towards meeting

2/

I doubt that we need give the date of the sale. We might say "As I have already stated the Govt. is not prepared to consider the question of reopening the orphanage". The building has in all probability been already sold.

the charge on account of the maintenance of the children in the Civil Orphan Asylum.

But, as a fact, only six children were transferred to Madras, nearly all the rest having been withdrawn by their friends & the buildings are about to fetch R6000. What the exact balance in hand was when the Asylum was closed I cannot say as the most recent papers are in circon in connection with another current.

So far as I can make out from the records available just now, the Govt. has no claim to any portion of the sale proceeds of the buildings. They seem to have been purchased & improved in 1863 out of the sum received from the sale of the original buildings to which Govt. seems to have had no title.

Yes – this point must be watched. I expect that those who think themselves entitled to it will claim it – & there will be a contest over it.

W

It is necessary to be careful that the whole sum accruing from the winding-up of the Orphanage is devoted to the objects for which it was founded & it is doubtful whether this whole sum will be required to defray

(1) the cost of the six children at Madras;

(2) the grant of R500 to Elizabeth Evers to enable

her to study medicine; &
(3) the pension of R3 p.m. to the Orphanage Peon.

In order to ensure that Govt. does not make out of the transaction a profit which might afterwards be called in question it is proposed to tell the Collector to report the Exact sum which, in one way or another, has come into the hands of Govt. & the Exact charges to be met therefrom & to ask the Directors of the Civil Orphan Asylum to report whenever one of the six pupils from Waltair leaves the Asylum or dies. In this way it will be possible to keep a watch on the expenditure. Indeed it would perhaps be well if the Acct. Gen. opened a separate head in the accounts for the receipts from the Orphanage & the charges debitable thereto.

W.
4 Ap. 95

I don't see the necessity of a separate account. The C.O.A. here is open to the whole Presy & no doubt children from the N. NOTE FOR THE UNDER SECRETARY.

I do not see in the original note any proposal that the Directors of C.O.A. should be asked to keep separate accounts. All that I can find is a suggestion that they should be asked to report when any of the six children dies or leaves the Asylum.

As regards the question of the A.G.'s keeping a separate account of the Waltair Asylum the Hon. Mr. Grose & the Govt. appear to agree that he should be consulted. I cannot make out quite the drift of the note

Yes, ~~but the Hon. Mr. Bliss~~ & I have now altered the note in this respect. It was a later idea of my own that the Directors should keep separate accounts. The object in recirc-ing the papers is to let the Hon. Mr. Grose have an opportunity of seeing the Hon Mr. Bliss' objections to the maintenance of a separate account ~~& to let~~ & to get definite orders whether the receipts are to be added to the funded capital of the C.O.A.

The papers were originally circ. marked V.E. in

The receipts will presumably consist of the proceeds of the sale of the asylum buildings, & the balance, if any, in hand at the date of the winding up of the institution. – The charges will be mainly made up of (i) the grant of R^s. 500/- for the maintenance of Elizabeth Evers vide G.O. 896 Ed^l. 28.11.94, (ii) the pension of R^s. 3 per mensem granted to the orphanage peon S. SIR,

With reference to Government Order No 482 dated 29th June 1894 and in continuation of my telegram dated 4th instant I have the honor to report that the site occupied by the Waltair Orphan Asylum together with the buildings situated thereon was sold by me on April 4th for the sum of Rs 6000.

[illegible]

2. As the Government has lately found fault with me I trust I may be allowed to claim their praise for my action in this matter. I know I have only done what it is my duty to

Note for Pres. Govt's para 2 & in [illegible] to do, and no praise is to be expected for doing one's duty under ordinary circumstances. But I wish to show that I am always anxious to do my best.

3. For the buildings in my letter of 14th January No. Rc 564 I stated that I had an Offer of Rs 5000. The Offerer in March last reduced his Offer to Rs 4000, and another applicant for the site since offered only Rs 4200. Attempts at auction completely failed. This Rs 4200 seemed to be far below the value. I may say that there is a likelihood of a hotel being built on the site as this place may become the halting station on the direct route between England and Rangoon.

4. I therefore wrote to a Coast firm suggesting to them the desirability of acquiring the land as a profitable speculation, and asked if they would give Rs 5000. They replied they would. I then asked for their highest price.

The Offerer of the Rs 4200 asked me to let him know of all higher Offers, which I did, and finally I disposed of it to him at the price he ~~said~~ said he was willing to give viz Rs 6000. The sale proceeds were remitted to the Treasury on the 6th instant.

SIR,

Confl As directed in G.O. no 277 dated 10th April 1895, I have the honor to report on the sale of the Waltair Orphanage buildings. In my letter R.C. no 5644 dated 17th April 1895, I have already reported that the Asylum site and buildings were disposed of for Rs 6000 on April 4th. Considering the rise in price of all lands in the town of late, this is by no means a large price, and the purchaser is extremely well satisfied with his bargain.

2 By the year 1857, there were 3 buildings

belonging to the Orphanage purchased from subscriptions raised by the Chaplain (Vide para 2 of Revd Mr Griffiths letter to the Inspector of Schools printed in Extract Minutes of Consultation dated 19th August 1857, No 1165). These buildings were sold and their sale proceeds amounting to Rs 8600 were at the disposal of the Orphanage Committee at the time (Vide para 1 of G.O. No 43 dated 29th October 1861.) This year ie in 1861, the Committee applied for a grant of Rs 4480 towards the erection of new buildings for the Asylum but the Government in the G.O. quoted above sanctioned only Rs 480. This new building never however appears to have been erected. But the present buildings were purchased for Rs 5200 apparently out of the funds at the disposal of the Committee, vide para I (2) of Mr Carmichael's letter No 457 dated 7th July 1863 printed

& 15-9-64

printed in G.O. No 307 dated 3rd December 1863. From this it will be seen that Government contributed in no way to the cost of either of the present buildings or of the original buildings sold in 1861 or thereabouts, though as i appears below Government has expended many thousands of Rupees in the up-keep of the institution.

Eme-19-9-54. 95-9

3 In 1854 Government was pleased to give a grant of Rs 1000 in aid of the institution. In 1858 Government sanctioned an annual grant of double the amount of private subscriptions (Vide para 2 of Extract Minutes of Consultation dated 8th June 1858, No 697. The subscriptions were not confined only to the Europeans and Eurasians. The Zamindars of the District contributed very liberally in aid of this institution. But for this help

help and the liberal aid granted by Government, the institution would have collapsed long ago. I must also remark here that the Government contribution in some years was so high as Rs 6319 (vide G.O. No 292 dated 26th September 1870) although the subscriptions were so low in some years as Rs 95 a month (vide para 3 of G.O. No 623 dated 3rd May 1861).

4. The land and buildings now sold fetched Rs 6000 and furniture and other effects Rs 537-12-0 and these two sums were remitted to my Treasury. To this amount must be debited Rs 500 sanctioned in G.O. No 896 dated 23rd November 1894 for the maintenance of Elizabeth Evers one of the former inmates of the Asylum and Rs 600 on account of the pension of Rs 3 a month sanctioned in G.O. 187 dated 1st March 1895 to the late peon of the Asylum. The latter figure is probably

sufficient

sufficient to meet the pension as it can fetch an interest equal to the pension sanctioned at the rate of 6 per cent per annum. Deducting these two sums, there remains a balance of Rs 5437-12-0 available for the maintenance of the six orphans transferred to the Civil Orphan Asylum, Madras, in August 1894, and of the orphan boy transferred to the Lawrence Asylum Ootacamund in November 1894. The rules of the Civil Orphan Asylum or of the Lawrence Asylum are not known here. Considering the ages and the circumstances of the children transferred, the Chaplain and the Honorary Secretary of the late Orphan Asylum here considers that the boys will remain quite 8 years longer in the Asylum and the girls until they are either married or have found work of some

sort

staff such as teachers or Nurses. Basing my calculations on these principles, I think a sum of Rs 9975 or Rs 4537-4-0 more than the balance shewn above will be required for the maintenance of these children as shewn in the enclosed statement. From this it will be seen that the Government has charged itself with the maintenance of these Orphans at a considerable loss and not at a profit. I am unable as yet to submit an absolutely correct balance sheet. I saw the Secretary Mr. Beatty this morning. He says it is impossible for him to send in the balance-sheet until 10 days hence. I therefore do not delay this report, and will send in the balance sheet as soon as I receive it

With reference to memorandum, No 920, dated the 27th april 1895 enquiring whether a separate account may be maintained on account of the late orphan asylum at Waltair, I have the honour to observe that the Government having in Government Order, Educational, No 482, dated 29th June 1894 charged itself with the maintenance of the inmates of the orphanage and of the other dependents on it, intend, I presume, to appropriate the balance which will be finally left unspent out of the assets of the institution after all the legitimate claims have been satisfied. If so, I would suggest that the receipts from the Asylum may from the beginning be conveniently treated as those of Government and credited in a distinct entry "Waltair Asylum receipts" under the head XXV Miscellaneous — Contributions. As to the charges, that for the maintenance of Elizabeth Evers (the sanction for which has not yet been communicated to this office) and that for the pension of peon S. Kamayya may be debited to "Waltair Asylum Charges" under the head 32 Miscellaneous — Donations for Charitable Purposes" — while that for the six children transferred to the Civil Orphan Asylum at Madras may be debited to that Asylum in a distinct entry "Additional grant on account of Waltair Asylum" under the same major and minor heads. Whenever a balanced account is required it will only be necessary to bring together all the figures under the heads mentioned and to make a calculation on account of interest.

These currents relate to the Waltair Orphan Asylum & the question whether Govt. is likely to make a profit out of its abolition.

2. Current 485 reports the sale of the building for Rs. 6,000/-x Mr. Wolfe-Murray appears to have acted judiciously & should perhaps be told so as his previous proposals met with censure from Govt. (vide G.O. 87/2.2.95)

3. In current 601 the Acctt. General reports in reply to Refce 920/27.4.95 that it will be possible to maintain separate accounts showing whether the abolition of the Asylum is a source of profit or loss to Govt. He asks by implication for a copy of the order sanctioning a grant of Rs. 500/- for the education of Elizabeth Evers and a copy of G.O. 896/23.11.94 will now be furnished to him.

4. In current No. 568 the Collector, in reply to G.O. of 10 April 1895 No. 277, furnishes an approximate estimate of the charges likely to fall on Govt. on account of the maintenance of the orphans transferred to the Civil Orphan Asylum, and other items properly debitable to the receipts from the sale of the Asylum buildings. — If the estimate in any way approaches accuracy the charges will exceed the receipts by a

I don't see how we can make any useful calculation until we have the rules of the C.O.A. & see how long they will keep the orphans sent there — as to the peon, Rs 600 is an obvious over-estimate — the present value of the payment of Rs 3 p.m. to a man who must be 60 years of age is only a little over Rs 300, not Rs 600, vide pp. 368-9 C.S.R. I expect when the calculations have been properly worked out, we shall find that the money in hand will about cover expenses. When we know we can give orders.

x There seems no necessity for saying anything. Govt. (1.) servants are ~~[illegible]~~ expected to do their best for their employer and can hardly look for commendation when they do their duty.

Under the circumstances I think we need not say anything.
JS

We do not know what the actual balance was when the Waltair Asylum was closed but it was probably at least R 2500. The proceeds of the sale amounted to R 6538 & deducting from this R 500 for Elizabeth Evers we have in hand about R 8500 for the pension of the peon at (ii) R 3 a month and the expenses that will be incurred at the Madras Civil O.A. I believe this is far more than the present value of the peon's pension and the R 9975 fund as shown in the statement subject to the risks of mortality & marriage (the approximate value should be calculated) Nevertheless I doubt if the Trust Fund of the Asylum could legally take over the R 8500 with these liabilities, so a separate account must be maintained. JS 30/5

considerable sum. – The receipt figure is however defective as it does not include the balance on hand with the asylum Committee, particulars of which Mr. Wolfe-Murray ~~does~~ promises to furnish in a few days.

It does not appear that Govt. has any equitable claim to a portion of the sale proceeds on the ground that it contributed to the original cost of constructing or purchasing the buildings; – and it is presumed that the large sums contributed in the past to the upkeep of the ~~back~~ institution must be considered as outright gifts.

5. It is possible that some of the orphans transferred to the Civil Orphan Asylum may die or be removed by relations or otherwise, in which case Govt. may make a profit out of the transaction

6. Orders are now solicited as to whether a separate account should be maintained in order that Govt. may be in a position to say "in answer to possible future questions," we have "made no profit on the contrary we have "sustained a loss of Rs — " — or "we have made a profit of Rs —, which "will be ~~has~~ credited to the Civil Orphan "asylum funds; that institution now fulfils "the functions of the Waltair asylum.

Instead of maintaining separate accounts it would perhaps be simpler – at once to credit the whole proceeds to the Civil Orphan Asylum, (after deducting the Rs. 600/- on account of Elizabeth Evers) – on condition that that body paid the pension due to the Waltair asylum from under. G.O. 187/1.3.95

Orders are solicited as to whether either of these courses should be adopted & if so which

I should keep a separate account for the Waltair orphans. If the amount we can scrape together is not sufficient to keep these orphans till they leave the Civil Orphan & Lawrence Asylums, the Govt. will have to find the balance.

If on the contrary there is anything over, it might be possible to get a fresh supply of orphans from Waltair to work off any balance there may be.

The schedule (v. 1st column) of orphans put up shows them to have been all sent to the Lawrence Asylum, which is obviously wrong. It appears only one – a boy named Dickson – has gone to this Asylum, (or is to go)
