Teachers' college Gymnasium.

Draft rules regulating the constitution and working of the Teachers' college, Gymnasium.

Preamble

The following code of rules relating to the constitution and working of the Teachers' college, Gymnasium, Saidapet, has been sanctioned by Government.

I. Object.

Shall be

The object of the institution is to train gymnastic instructors for schools and colleges throughout the Presidency and in Native states.

II. Control

The responsibility for the discipline and the management of the institution is vested in the Principal of the Teachers' college under the general control of the Director of Public Instruction.

Shall be

III staff

The staff shall consist of :-

A gymnastic instructor, who shall be responsible for the safe custody of the apparatus and appliances, and

A Drill instructor.

IV Apparatus and appliances.

The gymnasium shall be provided with such apparatus and appliances as may be required for efficient instruction in gymnastics and drill.

V Course of instruction.

The period of training shall be nine months.

VI Strength of class.

Without the express sanction of the Director, the number of students under training at one time shall not exceed 25.

VII. Admissions

Admissions into the gymnasium shall be made twice a year in the first week of January and in the first week of July.

VIII Qualifications for admission.

Every Candidate for admission into the gymnasium shall produce the following certificates, and Provincial stipendiaries shall submit, in addition, a certificate that they have passed some General Education Test.

(1) Certificate of health A certificate from a civil surgeon or other medical authority accepted by the Director certifying that the Candidate is physically

fit to undergo the arduous exercises required of him as gymnastic instructor.

(ii) Certificate of age. A certificate from a competent authority to the effect that the candidate's age does not exceed 30 years and is not below 17.

(N. B.) The maximum age limit laid down in this rule may be relaxed by the Director in special cases.

(iii) Certificate of conduct A certificate of conduct signed by an Inspector, or an Inspectress, or an Assistant Inspector, or the President of a Local Board, or the Chairman of a Municipal Council, or the Manager or Head of a recognized secondary school or of a college.

IX Selection of candidates.

The selection of candidates for admission into the gymnasium shall be made by the Principal, to whom all applications shall be submitted. In the selection of provincial stipendiaries, preference shall be given to those of the following classes in the order in which they are mentioned:—

(i) Gymnastic instructors employed in Government institutions.

(ii) Gymnastic instructors employed in Local Fund or Municipal institutions.

Rule of Stip.

'Candidates' will be much better. As it stands, 'those' would refer to 'stipendiaries'.

The following classes shall be eligible to receive provl. stipends, & in the selection of stipendiaries preference shall be given [illegible] of the [illegible]

stipe [illegible] to [illegible]

(iii) Persons to whom Local Boards or Municipal Councils have given provisional appointments in institutions under their management.

(iv) Persons specially selected by managers under an agreement to return as gymnastic instructors.

(V) Persons desirous of adopting the profession of gymnastic instructor, provided that vacancies exist for which eligible candidates from the above four classes cannot be found.

X. Stipends

(i) The maximum number of Provincial stipends shall be fifteen, and the maximum value of the stipend shall be Rs 10- per mensem. [The Director may sanction a lower rate of stipend if the Principal consider it sufficient in individual cases] In awarding stipends, preference shall, other things being equal, be given to the candidate who has passed the highest General Education test and [who possesses a good physique, subject to the condition that all the great classes of the population shall, as far as possible, be fairly represented.

This is superfluous
D/7.

Omit

(ii) Subject to the limit fixed in Rule VI, the

Principal

Principal may admit without Provincial stipends, -

(a) students receiving stipends from other than Provincia funds.

(b) gymnastic instructors who are on the staff of Gover ment, Local or Municipal schools, or of schools under private management; and who receive from their empl -ers full or part pay during training.

omit

(c) students who receive neither pay nor stipend from any source, but (who) are eligible for stipends as vacancies occur.

(d) students sent for training from outside the Madras Presidency who are not eligible for stipends.

XI Probation

omit

Every student shall be considered to be on probation for one month, and if it shall appear to the Principal that any student is not likely to prove efficient, he shall, with the sanction of the Director, be required to leave the gymnasium. During probation a stipendiary student shall be entitled to draw the full amount of his stipends and if rejected at the end of the period of probation, he shall not be required to refund the amount drawn, provided that his rejection was not due to moral delinquency.

XII Agreement to be entered into by students

(i) · Every student on being admitted, shall enter into an agreement to be executed on stamped paper in such form as may, from time to time, be prescribed binding himself

(a) to remain in the institution during the time prescribed and to abide during that time by such rules as may be laid down for regulating his conduct;

(b) to abstain, whilst under training, from engaging in any other avocation and from attending any other institution, except with the permission of the Principal; and

(c) to appear for such examinations as may be prescribed by the Department;

~~and stipendiary students shall, in addition,~~ bind themselves

(d) to follow the profession of gymnastic instructor for at least three years immediately after the period of training is over in such district; taluk, or Municipality as may be named in the agreement; ~~and~~

(e) to furnish the Principal every six months during the three years immediately succeeding training, with information regarding residence, appointment held, salary and any other particulars which may be needed to enable the Principal to keep a history of students trained in the institution.

(ii) If any of the conditions of the agreement be not
~~if a stipendiary,~~ observed the student may be declared by the Director to be ineligible, for a specified period, for employment in the Educational department, or in Local or Municipal service, or for receiving a grant from public funds in an aided school, If a stipendiary student,

OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,
Madras, 2nd May 1895

No. 5235

From

THE HONORABLE MR. D. DUNCAN, M.A., D.Sc.,
DIRECTOR OF PUBLIC INSTRUCTION,
Madras,

To

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,
FORT ST. GEORGE.

SIR,

With reference to G.O. dated, 21st June 1894, No. 455 Edl.,

I have the honour to resubmit the draft rules of the Teachers' college gymnasium, Saidapet, with the several points noted in the G.O. quoted above answered seriatim.

(1) A rule has been added specifying the staff.

(2) Although the gymnasium forms an integral portion of the college, it is ghly desirable, for financial purpose that the rece: and charges relating to it should be kept separat , from those of the College, as is done in the case of the Hindu and Muhammadan Branch Training schools, which also form integral portions of the college. [illegible]

prepared

(iii) Rule XII should not

It is, therefore, necessary that a separate attendance register for the gymnastic and drill instructors, a separate pay abstract and a separate acquittance roll should be maintained.

(3). Provision has been made for only two admissions during the year. The dates are fixed to fit in with the arrangements for the practical examination conducted by the Board of Examiners for Teachers' certificates.

A Board consisting of experts will do better. Three gentlemen will suffice.

(4) The rule requiring the production of leaving certificates by students for admission has been omitted as suggested by Government.

(5) By "teachers" in rule 11 (2), 'gymnastic instructors' were meant and these words have been substituted.

(6) Primary and Lower secondary grade students who are sent for training in training schools are, under rule 27, Section VI of the Madras Educational Rules, allowed travelling expenses at the rates fixed for third class officers in the Civil Service Regulations, and it seems ut fair that the gymnastic students whose stipends will, in most cases, be Rs 10 should also be treated as

(7) (a) Mr. Hall thinks that the teaching of Drawing to the gymna- students is of immense advantage to them. He says "The teachin of drawing to the gymnastic students, although the standard for which they can be prepared during their short stay at the college, is not very high, helps them to procure better appointments in the case of men who have passed a general education test. The standard up to which we teach Drawing here is sufficient to enable a student, wh has passed an examination in the subject in that standa to teach the Primary classes satisfactorily. The Manager of a school will find it to his advantage to employ a qualifie gymnast in his school, who is competent to help him in the ordinary routine work of the school. As a rule, in elementary schools, drill and gymnastics are not practised more than two hours a day, and the gymnasti instructor who is capable of assisting in teaching drawing and elementary subjects in the school has plenty of time to do so and Manag are generally willing to pay a little extra for su men. Hitherto the gymnastic students that have been

prepared

(iii) Rule XII should not

pared for the various drawing tests have done excellently".

I concur in the main with Mr Hall's reasons.

(b) There is a serious objection to requiring the unpassed students to attend general education classes in the Practising school. These gymnastic students are generally grown up men and, if unpassed, they will have to join the lowest class, or the infant class, in the Primary school, where the average age of each pupil is not more than six or seven. Their admission would, I apprehend, very seriously impair the discipline of the practising classes. I have, however, altered this portion of the rules and have made attendance at the general education classes of either passed or unpassed students discretionary with the Principal.

(c) Mr Hall is strongly against reducing the period of training to six months. Though the course extends over nine months, the net period of training, allowing for all the sanctioned holidays and vacations, will only be about six or seven months, and this period, I consider, cannot, with ue regard to efficiency of instruction, be reduced.

(8) Three days have now been allowed for the Easter holidays. But I do not think it necessary that the Michaelmas holidays should also be allowed to the gymnastic instructors under training in view of their short course. These holidays come generally about the end of September and as the certificate examination in gymnastics begins immediately afterwards, the students would like to have as much practice as possible at the time instead of enjoying the holidays.

As the majority of the students are generally Hindus, any special holidays for Muhammadans and Native Christians may be granted at the discretion of the Principal, and hence these holidays have not been inserted in the rules. A footnote to this effect, however, finds place in the rules.

(9) The maximum number of students to be trained in the institution at any time is fixed at 25. Of these 15 will be Provincial stipendiaries and the remaining 10 [illegible] rules [illegible] classes of [illegible]

(iii) Rule XII should not [illegible]

mentioned in old draft rule 11. and will not receive any stipends from Provincial funds. In the selection of the 15 provincial stipendiaries, preference will be given to candidates in the order mentioned in old draft rule 8. First in order, come Government, Municipal or Local Fund employés some of whom may receive full or part pay from their employers. But it is not in all cases that they are paid any portion of their salaries. Such of them as receive any portion of their salaries will not be given provincial stipends to the detriment of candidates belonging to the other classes mentioned in the rule who apply for admission. In the rules as originally submitted to Government provision had been made for twenty stipends from Provincial funds, but as Government is inclined to think it excessive, I have now provided for only fifteen stipends. The rules have been re-arranged to make this matter clear.

The necessity for retaining article 11. of chapter V of the G[illegible] its present place,

will be considered when the Code is revised in September next.

(10) "Private students" in clause 10 of the G. O under reply should strictly be called "Paying students". These students have to pay a fee of four annas a month under rule 16 of the draft rules previously submitted. Occasionally a few of them receive stipends on the occurrence of vacancies in the list of provincial stipendiaries. They correspond to the "free students" who are admitted into training schools without stipends and who are granted stipends when vacancies occur.

2. The draft code of rules originally submitted, modified with reference to the observations made above has now been recast by me so as to harmonize, in its general features and its arrangement, with the rules which I have framed and purpose to frame to regulate the work of special institutions, and is herewith submitted for approval. A new clause has been added providing for the annual publication of these rules by the Principal

The Teachers' College Gymnasium rules which were returned to the D.P.I. for revision in G.O. of 21st June 1894 no. 455 Edl. have now been submitted revised. C. no. 551 of 95. ~~They call for the following remarks.~~ The points noted in the G.O. & the D.P.I.'s replies are as follow:-

First point No mention has been made of the staff.

Reply - A rule has been added specifying the staff.

Second point. The gymnasium being a part of the College, there is no necessity for a separate attendance register for the Gymnastic & Drill instructors, a separate pay abstract & a separate Acquittance roll.

for all financial purposes that the receipts & charges relating to the Gymnasium should be kept separately from those of the College, as is done in the case of the Hindu & the Muhammadan Branch Training Schools, which also form integral portions of the College.

Third point Four admissions during the year do not seem necessary.

Reply – Provision has been made for only two admissions.

Fourth point. Leaving Certificates do not seem necessary.

Reply – The rule requiring the production of leaving Certificates has been omitted.

Fifth point Many Gymnastic instructors do not receive more than Rs 10 a month & it does not seem necessary that they should be treated as third class officers for travelling allowances.

Reply – Primary & Lower Secondary grade students sent for training to training schools are allowed travelling allowances at the rates fixed for third class officers & it only the Gym [illegible] instructors

Reply – The teaching of Drawing & is of immense advantage to Gymnastic students as it enables them to secure good appts as soon as their training is over. Gymnastic students are generally grown up men, & if unpassed, they will have to join the Infant class, where the average age of each pupil is six or seven. The majority of students are generally Hindus & ~~therefore~~, ~~any~~ a footnote has been added leaving the grant of special holidays for Muhammadans & native Christians ~~may be granted~~ ~~at~~ to the discretion of the Principal.

Eighth point is on the subject of stipends. This the D.P.I. explains in para 1(9) of his letter. (No. 551/95)
