6. The Acting Principal proposes the purchase of two sets of tents, one for the Instructor, and one for the Principal or Professor of Engineering. A set of tents for the Instructor is a necessity, and an office tent which could be used for a day or two at a time by the Principal or Professor of Engineering is a desideratum. The College owns one tent for the use of the Military

Military students, and it has hitherto been the practice to hire one for the Instructor. Hiring however has proved unsatisfactory. I consider that a set of tents should be purchased for the Instructor. For the present we might depend for the office tent on a loan from the Public Works or Survey Department, but purchase eventually will be desirable.
