Subject.

Requesting the sanction of Government
for the employment of a waterbushman
in the Hindu Branch Training
School, Saidapet.

The employment of a
waterbushman on a salary of
Rs 5 per mensem in the
Hindu Branch Training School
Saidapet is ~~sanctioned~~ approved
and the proposition statement
will be transferred to the Financial
Department.

For order

It is not stated whence the water-
bushman will bring the water - nor
whether the source of supply is so distant
as to prevent the students from going
to get it themselves. - There is probably no
reason why the person should not
bring it for the boys now, &
bushman students can very well take a
bottle of water to the College themselves. The
attempt to subscribe for a water-bushman
broke down, & the students now want Govt to
supply a man. It is submitted that this is a
luxury which need not be sanctioned.

29/5/95

The waterbushman is provided for in the sanctioned
budget and the case seems to be one in which
the charge may be allowed. The best way
of arranging would be to have a vacancy
occure amongst the persons put as
bushman in employing a man of this order
as a waterman while a vacancy in the headman

Sir,

I have the honour to request you will be pleased to obtain the sanction of Government for the employment of a waterbrahman on Rs 5 per mensem in the Hindu Bracheti Training school, Saidapet. The majority of the normal students come from Madras daily and they have to take their tiffin in the school. They experience the greatest difficulty in procuring good drinking water. Moreover the practising school attached to the Training class is attended by 200 boys who are supplied with water from an old brackish well in the compound by one of the peons of the school.

Divided between

200 boys (excluding

normal students)

this comes to less than

4 pice a month.

Each

During the recent summer a waterbrahman was employed as a temporary measure, and it was

proposed to pay him Rs 5 per mensem out of subscription

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,

FORT ST. GEORGE.

(Through the Accountant General).

SIR,

I have the honour to request that the early sanction of Government may be obtained for the employment of a waterbrahman in the Hindu Branch Training School, Saidapet, on a salary of Rs 5 per mensem. The necessity for the services of a waterbrahman was brought to notice in the Principal's letter, No. 1845, dated, 6 August 1894, (copy enclosed), but for want of provision in the budget for 1894-95, I was unable to entertain the proposal. Now that provision has been made in the current year's budget for the charge and the absence of wholesome drinking water is much felt, the Principal has with

collected from the members of the staff and the students of the school, but I am sorry to say that the system does not work satisfactorily. The contingent allowance of the school is too small to meet a portion of the salary of the waterbrahman for 6 months in the year from hot-weather charges. In the interests of the young boys attending the school and in consideration of the fact that Madras students suffer considerably for want of good drinking water, I beg you will be pleased to obtain the sanction of Government for the employment of a waterbrahman, at your earliest convenience. In this connexion I may mention that a permanent waterbrahman is sanctioned for the Teachers' college and the College of Agriculture, Saidapet.

I have the honour to be,
(sd) A. A. Hall
Principal.
