Ag. Principal, Madras Coll. of Agriculture

To

The Hon^{ble} the Director of Public Instruction,
Madras.

Sir,

Referring to your Encl. N^o 2853, d. 12 March 1895, I have the honour to state that I have seen the Superintendent, Civil Veterinary Department and have agreed with him to suggest the under-mentioned periods amounting to three months as those during which he should lecture at Saidapet - Middle of October to Middle of November - Middle of February to Middle of April.

2/ From July to September inclusive the Veterinary Assistant can go on with the work it being desirable that certain portions of Syllabus entrusted to him should be completed before the Superintendent commences his lectures. During the first half of October the Senior class will be on tour; from the middle of November to the end of December Collins will probably be lecturing at Saidapet and during the first half of January the Junior class will be on tour. The middle of October to the middle of November is

a convenient time for the Superintendent to lecture.

It is desirable that he should be in charge of the work as much as possible during the period immediately preceding the examinations and consequently the middle of April is a suitable time for him to attend at Saidapet.

3/ I believe the arrangement suggested will also suit the Superintendent's duties as he will have the greater portion of the cold weather free for touring.

I have etc.

sd/ W. Kees,

As Principal.

P.S. The above letter was shown to Mr. Harris and he says "This is all right I think you might put the dates in" - I have no objection to substituting '5' for the word 'middle' to denote the periods during which Mr. Harris is to lecture at Saidapet.
