Petition from A. M. Kumaramani
Kudaliam, N. 89 Mayappa
Kudaliam Street, Madras.

DATED 13 January 1895.

TRANSFERRED to the Chief Secretary to
Government for disposal.

(By Order.)

W. A. C. C.
Private Secretary.

GOVERNMENT HOUSE,
Gaiindy
15 January 1895.

To His Excellency Lord Edgmont
The Viceroy and Governor General
of India
MAY IT PLEASE YOUR Excellency
I most humbly beg to bring the following facts to Your Excellency's
kind consideration.

I. I had requested Dr. Kees, the retired Principal of the Medical College,
in my letter, dated 20th July 1885, written from Nagpur, the capital of Central
Provinces, to let me know whether I would be allowed to go up for the College
Apothecary Examinations, (if I failed to secure the University Degree).

II. I joined the College 1st October 1885 only after I had received a reply
from Dr. Kees, in which he had stated clearly that nothing would prevent me from
going up for the College Apothecary Examinations, being an F. A. who had come
from such a long distance to study for the highest M. B. Degree.

III. (a) As a proof of his statement he had forwarded a copy of the College
rules in which it was stated clearly that private students intending to appear for
the College Apothecary Examinations should apply to the Principal two weeks
prior to the examinations (Vide the College Calendar of 1885.)

(b) Dr. Kees further told me that when the students of the Junior
Department such as the Apothecary students were allowed to go up for the exami-
nations of the Senior Department such as the L. M. S. & M. B. Degree, there was
no reason why a student of the Senior Department should not be allowed to go up
for the examination of the Junior Department.

IV. I solemnly declare that I personally gave the letter written by Dr. Kees
to Dr. Richie, the late Principal of the Medical College, but the letter was not
returned to me.

V. As Dr. Kees is living, I am able to prove the truth of the above
statements.

VI. When I personally represented my grievances to Dr. Bidie, the retired
Surgeon-General, he said he would strongly recommend me to the Government to
allow me to go up for the College Apothecary Examinations, but I did not then
submit my special claims to the Doctor, for I was then sent by the few old students
to represent their grievances in general. I then immediately told Dr. Sibthorpe,
the then Principal of the College, of my personal interview with the Surgeon-
General.

VII. When Dr. Sibthorpe, a noble and liberal-minded gentleman, was the
Senior Medical Officer, I personally represented to His Excellency Lord Connemara
the grievances of the Medical students in general, but I did not even then submit
my special claims to His Excellency Lord Connemara.

VIII. While private students from places beyond the Presidency such as from
Hyderabad, &c., &c., are allowed ~~even now~~ to go for the College Apothecary Exami-
nations, I, a student of Central Provinces, deserve the consideration of the Govern-
ment more than the students of Hyderabad, considering all the above facts and

VIII. I was educated at Madras. I spent my
younger days at Nagpur.

considering the fact that during my five years course in the College I have afforded satisfaction to all the Professors both in the College and in the Hospitals, as may be seen from the remarks made by them in the Tabular Class Reports, from which I beg to enclose extracts.

IX. In short, I solemnly declare that had it not been for the existence of the rule found in the College Calendar of 1885 and had it not been for the letter written by Dr. Kees, I would not have joined the Medical College, but I would have rather joined the Engineering College or the Law College.

I therefore request Your Excellency to take my case into consideration and allow me to go up for the ensuing Apothecary Examinations to enable me to earn my livelihood.

For this act of justice, I shall ever prove grateful.

20th December 1893.

A. M. KUMARASWAMY MUDALIAR,

13th January 1895

Ex. M.B. and C.M. Student of the Madras Medical College.

There are three factors to be considered in my case: (I) the letter written by Dr. Kees, (II) the rule in the College Calendar of 1885, (III) my personal interview with Dr. Kees, the principal, & my perseverance and industry. & the natural feeling to secure the College Diploma when one fails to secure the University degree. As in other professions such as the Engineering and the Law where one secures the A.C.L. or Supervisor test or Overseer test though he fails to pass the B.C. & degree or where one secures the pleader test though he fails to secure the B.L. degree.

13th January 1895

A. M. Kumaraswamy Mudaliar

MAY IT PLEASE

your Excellency

I am a married man with five children. I have spent full eight years for Medicine and Surgery at very great cost of Rs. 8,000. I am now left penniless. My wife and children are starving. My request is a trifling one, for I am asking the Government only to allow me to go up for the College Apothecary Examinations for which I am fully qualified not only by the old rule found in the College Calendar of 1885 (I joined the College in 1885) forwarded to me by Dr. Kees from Madras to Nagpur but also by the new rule that the students from places beyond the Presidency are allowed to go up for the Apothecary Examinations, being a student of Central Provinces. I am the grand-son of the late Mr. A. M. Vyapuri Moodelier, Pensioned Subadhar, First Native Infantry. I humbly ask the Government to encourage the education of the sons and grand-sons of native Sepoys. I am now left in a state of despair, for I have lost all confidence and courage. My state, if personally described, will make even the angels weep. I have completed the M.B., C.M. Courses. During my five years course in the College I have afforded satisfaction to all the Professors both in the College and in the hospitals. I belonged to the Senior Department and I am asking the Government only to go up for the Examinations of the Junior Department, for in the College Apothecary Examination, there is more chance of my passing the Examination, considering the advantage of re-examinations three months after only in the failed subjects.

CERTIFICATE.

General Hospital, 24th August 1891.

A. M. Kumaraswamy Moodelier has worked industriously, &c.

(Signed) W. R. BROWN, M. D.

Senior Surgeon.

General Hospital, 26th August 1891.

A. M. Kumaraswamy has attended the classes of Medicine regularly and performed the Class work diligently.

True Copy

9th August 1894

Dear Sir your Letter of 18th July last
reached me today. I have no re-
collection of the Correspondence you
refer to. — If you have studied
for five years in the Senior Dept. of the
Medical College and failed to obtain
the degree, the Director of Public
Instruction might be disposed, in
consideration of your good conduct,
regular attendance and industry
to allow you to go up for the Apothecary
Examination. Being now out of

Office I cannot write to the Director
and make any re-commendation in
your favour; but if you will move
the present Principal to address
the Director of Public Instruction,
I have no doubt that this Officer
will attend to any re-commend-
ation that the Principal may make. —

I am, yours faithfully
Jas. Keess

To Mr. A. M. Kumaraswamy Mudaliar
late Student of the Madras Medical
College 88 - Thyappa Mudali, The
Madras
via Bombay and Brindisi
