Sir,

With reference to your No. 306
dated 1st July 1894, I have the honor to submit
herewith plan and estimate for Rs. 6840 and
together with a letter from Sub-Divisional Officer,
South Canara, and to state that I examined
and inspected the present school on 25th April
last and am of opinion that it would be
useless to try to do up the present building
as it would be costly and unsatisfactory.

I strongly recommend a building
on the site of the present building.

The old Taluk Catehary has no
roof

roof and the walls and pillars which are very old. Should be pulled down and the site levelled.

The site at present belongs to the Municipality and arrangements will have to be made with the Municipality for acquiring a part of the site to erect the new building for the school.

I have &c

FOR ORDERS

Reference is requested to the
 note for orders under cover of G.O.
 A 4th June 1894 no 347 Ed.

The cost of carrying out the
 absolutely necessary repairs to
 the old Mangalore Taluk Catchment
 is estimated at Rs 6840.
 The Engineering Officers are now
 of opinion that it would be useless
 to try to repair the old building
 and strongly recommend the con-
 struction of a new one.

Perhaps the R. W. D. may be authorized
 to prepare plan and estimate at an
 early date for the construction of a
 new school house on the site now
 occupied by the old Taluk Catchment
 building.

The Executive Engineer is wrong in
 remarking that the site belongs
 to the Municipal Council & will

 Engineer reports that the
 building could be put in
 excellent order by repairing
 a few minor repairs.

ORDER. 28 August 1895. No. 718.

The Govt. agrees with the
Executive Engineer in considering
that it is ^{not desirable} ~~not of question~~ to under-
take the expense^s of repairs which
^{would} be required in order to put
the old Mangalore Taluk Cutcherry
in proper order. The P. W. D. will
therefore be requested to issue order
directing ^{the} preparation of plans and
estimates for a new school house
on the site now occupied by the
old Cutcherry building. The
Executive Engineer, it is observed,
is incorrect in his statement that
the site belongs to the Municipal
Council. It was only conditionally
transferred to that body by G.O.
of 4th November 1890, No 2912, W.
