ENCLOSURE.

Subject.

Submitting for favorable consideration and order a letter from the Principal, Medical College, requesting that the Surgeon of the Second Division be appointed Professor of Medicine.

H. N. & H. W. Blue

For review.

I submit this to H. N. with my note as very short but already in circulation with proposals about the reorganization of the Medical College, which is being also by the authorities of this proposal as follows: (not) I have with official letter (the address)

18/11/95

I think the proposal is reasonable. The same is also in reorganization of the Medical College.

I see with H. N. 25 / 26/95

Submitted to the Hon. Secy.

18/11/95

This proposal is a general scheme for the reorganization of the Medical College, the whole (13 years full) are now added to the list. The whole is a very sufficient in question of the medical officers in the medical college.

x vide C. N. 2627

"just. As the Sg. that we
have been instructed to supply
presumably to the Sg. of the
addl. officer. However this is for
and assuming that when we have
received the papers about the re-
organization of the Madras College we
shall change our opinion about
applying for more addl. officers, I
don't think it will be wise to
sanction this lot of the volume
by itself. The proposal is that the
Sg. 2nd district, who shall have
charge of the medical officers in
the College. This involves his
leaving his duties at his district
as before. 2nd district including the
charge of the V.L. Hos. Hospital in
the district. The Sg. has made
the proposals in the linked file. The
proposals are to the effect that
on short service should be posted to the
charge of the V.L. Hos. Hospital - but I do
not propose of the proposal to transfer a
charge which is so important to the
the health of an officer of an important
position, without supervision. I agree
with the Sg. in thinking that the Sg. 2nd
district must ultimately be
of the charge - but when he is
the best place, however, will be the
place in which to charge of the V.L.
Hospital the medical officers who
it is proposed, in the linked file, to
point to take charge of the Post
Sg. on the Post - but Sg. being
chief of his duties being
only available for duty in the Sg. Hos.
College and (B) of certain duties (Sg.
Hospital in) which requires weight
the Sg. 1st district. But the thing
of the Post hospital duties cannot
be made until the duties of the
is completed, i.e., not for agree-
ment. This, therefore, in my opinion,
prevents to consider the question
of the chief of the Sg. 2nd district,
of his district duties and of his em-
ployment as a professor in the College.
Apart from this, I don't think of
the India promotion to post only for
admission have not been thoroughly
considered which may be in the
not approved, and I don't think all the
involvement because of the time is
not left before Oct 1 that we should
have to present a bill at Indian
head, as it were, and to demand

Urgent

MADRAS MEDICAL COLLEGE,
29 June 1895.

Enclosures.

From

REGALD SCRODS - LIEUT. COL. W. PRICE, M.D.,

PRINCIPAL, MEDICAL COLLEGE,

To

The Director of Public Instruction
Madras

Sir,

I have the honor to bring to your special
notice that the following resolution was passed
at the meeting of the college council held on
the 26 June 1895:-

"5. The Council having considered the transfer
of the Women and Children's Hospital from Egmore
to the General Hospital, are of opinion that this is
an excellent opportunity for giving effect to one
of the recommendations of the college Re-organization
committee and of the committee of 16 October 1893
and of the recommendation of the college council
dated 28 February 1894; and recommend that the
medical officer in charge of the Second District,
who will now be also First Physician of the General
Hospital, be appointed Professor of Medicine in the
Medical College. And they further recommend
that until the new arrangement shall have
received the sanction of the Secretary of State
an honorarium of Rs(1000) one thousand should be
granted to him for each course of lectures. The
Council recognise that this is an utterly insuffi-
cient remuneration, but as the relief required
is urgent and they are aware of the fact that a

From

THE PRINCIPAL,

MEDICAL COLLEGE,

Madras,

larger honorarium cannot be sanctioned by the Government of India, they only recommend this sum as a temporary measure."

2. With reference to above, I would remark that the medical officer at present in charge of the Second District is Surgeon Major D. F. Dymott M.B., an officer of fifteen years standing and in every way competent to be Professor of Medicine. The ~~honorarium~~ recommended for him Rs 1000, may be met from the allotment in the College Budget 1895-96, under the head "Purchase of Furniture, Instruments &c" of which there is a balance of Rs 1624/-

3. I would respectfully urge that early orders may be passed on this Resolution, as Surgeon Major Dymott cannot be expected to put his heart into the preparation of his lectures until he knows that he has actually to deliver them.

I have the honor to be
Sir
Yours most obediently
W. J. M. M.
Principal
Medical College.

OFFICE OF THE DIRECTOR OF

PUBLIC INSTRUCTION,

Madras, 12th August 1895.

No. 8604

From

THE HONORABLE MR. D. DUNCAN, M.A., D.Sc.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,

FORT ST. GEORGE.

Sir,

I have the honor to submit for the favorable consideration and orders of Government a letter from the Principal, Medical College, requesting that the medical officer in charge of the Second District, who will become Joint Physician of the General Hospital, be appointed Professor of Medicine in the College. This arrangement is in accordance with the recommendations of the College Council and the Reorganization Committee and with my views as set forth in my

letter

letter to Government No 12405, dated,
19th December 1894. The Surgeon-General
also thinks that this is the best way out
of the present difficulty, pending the
final orders of Government on the whole
question. The remuneration proposed seems
moderate. In its telegram printed in G.O.
No 908, dated, 27th November 1894, the
Government of India objected to entrust
the work of lecturing in Medicine to a
Junior officer, but I trust that there
will be no objection to an officer of
15 years standing being given the work.

I have the honour to be,

Sir,

Your most obedient servant,

J. Gurnear

Director of Public Instruction

C. H. J. Gurnear
Surgeon-General
Madras College
(and a Surgeon)

Sanction by wire to a party
scheme which we have not
yet ourselves considered &
which we could not therefore
repose, and of which we
may eventually not approve.

In my opinion, therefore,
the Professorships must
remain for the present as at
present. I understand that
it is considered essential
that the Professor of Medicine
should have beds in the Hospital.
Now, the fact that the Senior
Medical Officer will remain pro-
fessor of medicine may in-
volve his retention of the beds
in the General Hosp. which we
now in his charge, but of which
before is another an order is-
sued a few days ago, directed
that he should be relieved - I
believe that it is advisable
that he should be relieved of
the charge of these beds - There
are therefore two advisable things
(his relief of the beds and his
retention of them for the present as
professor of medicine) both
of which cannot be carried out.
I am very much in the market -
either of the two, & should leave
the 2nd to settle that point.

I may add that I raised
in Council on Friday last
the question of the Surgeon 2nd
District taking up this Professor-
ship & gave practically the same
reasons as are above stated
why he should not do, for the
present at least, & that
the 2nd District Surgeon

ORDER 87. September 1895, no 743.

The Govt. is not prepared to accept the Surgeon-General's recommendation that the Medical Officer in charge of the Second District should be appointed Professor of Medicine in the Medical College. The consideration of the matter must be over until orders are passed upon the proposals for the re-organization of the College.

The Director of Public Instruction

It was agreed to
M
2/9/95

I agree with the Hon. Mr. Dutt. There are no many intricate questions to be decided in connection with the amalgamation of the two hospitals, the reorganization of the Medical Dept. & the reorganization of the Med. College. I do not think it will be wise to hamper ourselves by issuing orders on these matters till they are all settled. The Professorships must remain as they are for the present.

NOTE FOR THE UNDER SECRETARY

The request runs thus that the Medical Officer of the 2nd District be appointed Professor of Medicine in the Medical College with a honorarium of Rs 1000 per a course of lectures and that the Principal who is at present the Professor of Medicine be entirely relieved of professorial duties. It is not clear how many courses of lectures will this be in a year.

In 1904 A. M. D. C. of No 432, the Govt recommended the appointment of the Addl. Medical Officer of the General Hospital as Addl. Professor in Medicine with a honorarium of Rs 1000 but the Govt of I. declined to sanction it on the ground that

your recommended was a
young member of the
profession, vide S.P. 84, 94
mag. 64.

These two are not available,
having been put up with the
medical college reorganization
papers.

The paper was delayed to get
a spare copy of the Raviganjohe
Committee recommendations
(to which reference is made in the
document) which was in the office.

A careful search has been made
but the spare copy is not forth-
coming. The original is with
the college reorganization papers.

The amount of time submitted
