SIR,

ENCLOSURE

With reference to G. O. No. 1046 W
dated 14th May 1895, sanctioning the
engagement of a Surveyor on Rs 100 per
month, in connection with the investi-
gation of the Pinneri project, in Trichi-
nopoly Division, I have the honor to in-
form you that one J. Krishna Rao who
has considerable experience in Surveying
and levelling, was appointed to the post
from 3rd May 1895. The Examiner of
P. W. Accounts, in his list of disallow-
ances from the salary bill of the above
division for May 1895, points out that
sanction of Government should be obtained
exempting Krishna Rao from passing
the

the Surveyor's test.

2. I therefore request that necessary sanction may be obtained to enable the Examiner to pass the salary of the Surveyor while he is employed on the Survey of the Ponnery project.

3. I may mention here that similar sanction was given in G.O. No. 2767 of dated 31st October 1894, while Krishna Rao was employed on the Survey of the Palni Hills.

SIR,

ENCLOSURE /

With reference to your No. 2464 C⁺ dated 8 August 1895, I have the honor to state that no attempt was made to secure the services of a passed surveyor. There had been a good deal of unfortunate experience in the Trichinopoly Division in connexion with the employment of surveyors whose services were obtained through the medium of advertisements and as the work to be done admitted of very little check or supervision and required a man not only reliable but experienced, I thought it better simply to trust to the person whom I considered

to possess the desired qualities. As
his employment had been sanctioned
a few months before I did not think
there would be any objection in
this case.

I have the honor to be,
Sir,
Yours most obedient servant,

W. Hughes
Superintendent, W. L. L. L.

FOR ORDERS

These two orders
relate to the proposed exemption from
the examination rules of one T. Krishna
R. The Superintending Engineer of the
6th Circle appointed him as Surveyor on
Rs. 100 per annum in connection with the
investigation of the Ponnari project in
Trichinopoly Division. In the applica-
tion for exemption it was ^{stated} that
Krishna has had considerable experience
in Surveying and Levelling and that he
had been previously exempted in G.O. dated
10th October 1901, No. 795, Encl. As it
was not stated whether any attempt had
been made to secure the services of a
pastor surveyor, the P.E.D. was requested
to report upon this matter. The Superin-
tending Engineer in reply states that
no attempt was made to secure the ser-
vices of a passed man. He explains the
omission by a general reference to the
"unfortunate experience in the Trichinopoly
Division in connection with the
employment
