Explanations on points noted in L.O.
27th May 1895, No 444, Edr, on the Budget
for 1895-96.

The column in question was purposely
omitted as it did not appear to have
any bearing on the other columns. It
will, if required, be given in future.

This omission has been rectified.

The actual cost under Book B.C. in 1894-95
was as follows—

School books & Stationery	Re 302-4-7
Paper	200-0-0
Ribbles, Prizes Books & Posters	58-6-0
Mathematical Instruments	22-9-0
Printing & Stationery	88-0-10
Binding	53-4-0
Lantern Slides	23-0-0
Diaries	6-10-0
Rubber stamps &c	10-4-0
	Rs 1065-6-5

This is Rs 365-6-5 in excess of the budget
allotment. The items bracketed were not
foreseen, but it seems that the cost under
this heading cannot be kept under Rs 3
per head, per month, which is about four
annas a month for each pupil, by no
means a large expenditure for school
books & requisites.

The practice, in regard to the annual issue
for clothing material and tailoring, is for
the Master to make out a list of the year's require-
ments & this list is submitted in the
Principal's office. When clothes are received
they are checked and placed in the Quarter Master's
charge & stored, and not a single article
is issued except on an indent signed by
the Principal. All issues are entered
monthly in the column of issues in the School
Book, & every entry is checked periodically
by the Manager. The chief reason for
such a large quantity of material being
left on the 31st March is that issues of
new clothing are made in June, which
renders it necessary to start the work
of making in February. A large
portion of the new clothing is now being

done by Contract, the year's supply will be got ready in advance.

The services of the seating master, tailor & two assistants have been dispensed with & the farmer has undertaken the Contract.

The iron standards for the desks must be obtained from a foundry and Calicut is the cheapest place for the timber required for the desks. The fitting will be carried out in the Aeyluni workshop. The timber in the present school furniture will be utilised in making desks for the drawing classes and to work up in the carpenter's shop.

The amount (Rs 5535) includes Rs 51, port movement to the Principal's salary.

The correction from Rs 8 to Rs 9 has been made in the Establishment list.

Has been done.

Credit has been taken for the Rs 200.

Struck out as directed.

The allotments have been raised and the necessary alterations have been made.

Has been done.

Explanations regarding the desks have been given above.

A clerical error - should have been Rs 47-8-0 & not Rs 42-8-0.

Omissions and errors in the Establishment list have been attended to.

The two "coolies" should have been entered as "gardeners" as heretofore. One is employed in looking after the flower gardens and approaches to the Aeyluni, the other is employed in woodcutting and other outdoor jobs.

The reductions have been made.

The amount has been raised.
