The Anjuman Office
21st August 1895

From,

The Honorary

The Anjuman

To,

The Director of Public Instruction
Madras.

Sir,

I am requested by the Executive Committee of the Anjuman to acknowledge the receipt of your letter of the 1st June 1895 communicating a copy of No. 337 Bdl. of the 9th May 1895 in which Govt. has, on your recommendation, withdrawn the Special Concessions awarded to the Anjuman during the last 7 years.

2. The Committee desires me to express its regret at the decision arrived at by Govt. and respectfully trusts that the further representation which is hereby made on behalf of the Anjuman will receive your kind support and the favourable consideration of Government.

3. You are aware that this is the only institution of the kind ^{available} for the training of Mohammedan boys in Madras and considering the present backward state of the Community both as regards general and technical education it becomes necessary that this institution should receive every encouragement possible both from the Community and the Educational Department.

effected since 1893 a fact which is also admitted by you in para 2 of your letter to Govt recorded in L.S. No. 387 Vol. of 9th May 95. In your own words "the Managing Committee has carried out several of the suggestions made by the Department to improve the condition of the institution and I am on the whole favorably impressed with the progress of the School" In face of these improvements the Committee respectfully submits that the withdrawal of the Concessions does not appear to be in keeping with the declared intentions of Government as recorded in L.S. No. 207 Vol. of the 27th March 93.

8. The proposals contained in your letter to Government quoted above will receive due consideration and be acted upon as far as the means at the disposal of the Anjuman will permit, but I am desired by the Committee to point out that the withdrawal of the Concessions so kindly awarded since 1893 will practically impede the progress of the institution and may eventually threaten its very existence - a contingency which the Committee trusts will not be allowed either by you or by Government to arise.

9. Considering the above circumstances and the fact that the Anjuman is still in its infancy and that the Community has not yet fully realized its responsibilities in contributing freely towards its maintenance, the Committee begs that you will be pleased to reconsider your views and recommend to Government the continuance of the Concessions at least for a term of three years more.

I may however mention that discontinuance of the Special Concessions has already begun to be felt very much by the Sub-Committee of the Anjuman.

I have the honor to be
