Chief Engineer.

Public Works Deptt.

Madras

Most Respected Sir,

I most respectfully beg to
bring the following to your honor's kind
consideration with the hope of being
blessed with success.

I beg to submit that I am
a thrown-out clerk in the late reduction
of establishment and amalgamation of
No. 2 Pinar Division with Madura Div.
Ever since, I have been given a Maistris's
place, my claims for a clerk's post being
overlooked. Even my juniors who were
equally thrown-out during the reduction
have had the chance of getting a clerk's
post. I beg to submit herewith for your
honor's kind perusal a copy of the Memo
from the Executive Engineer Madura Division
in reply to my application.

I

I beg to submit that I passed the U. C. S. (General Test) Examination in 1875, but by the recent examination rules I am barred from holding any appointment on Rs 15/- and upwards in the Superior Service unless I should be at least a matriculate. The present Matriculation Examination having been rendered more difficult by recent rules, I beg to submit I am unable to pass it at present.

I successfully served the N^o I Periyar Division in the Hills and N^o II Periyar Division in the plains for upwards of (4) four years and discharged my duties efficiently in both of these Divisions, and there has also been a circular from your honor directing the consideration of the claims of those who had served in N^o I Periar Hill in preference to others.

I therefore most humbly beg to request your honor the favor of exempting me from the operation of
The

the present vacational rules to enable me to apply for my vacancy.

Begging to be excused for my intrusion in your honor's precious hours,

I beg to remain,

Most Respected Sir,

Your most Obedient Servant,

J. Venkatachalam

Late Clerk,

N^o 2 Periar Division

Copy of Memo from the Executive Engineer Madurai Division N^o 1551 P.R., dated, 13-11-94 to the Lower Sub Division Officer

Clerk Venkatachalam Pillai should be informed that under the recent Public Service notification circulated with G. O. N^o $\frac{1465}{12.5.94}$ W he is not eligible for permanent employment in the Department, not having passed the matriculation examination.

Letter from the Superintendent of Works, No. 1
Periyar Division, No. 186 C.E., dated 18th December 1894

I have the honour to bring to your notice again the position of the clerks in this Division. You have yourself given an appointment to one clerk in your own office, but otherwise not one clerk has benefited by your Circulars No. 161 C dated 15th January 91 and No. 5260 C dated 10th December 92.

2. With regard to those who have passed the matriculation, their position remains where it was except that they have strengthened their claims on Government by 2 years further service since the issue of the second Circular above quoted, and that their need for a permanent appointment has become the more pressing by two years nearer approach to the completion of the works.

3. The cases of the other passed men is much worse. It has not only changed in the same two respects as that of the matriculates, but their prospects have received an additional and, unless it can be waived in their favour, a fatal blow in the notification published at page 623 of the Fort St. George Gazette of 29th April 1894

by

by which they are barred from all hope of permanent employment on any salary exceeding Rs 15. These men have all of them put in some considerable service in the Periyar Project which they only joined in the belief — which was at that time perfectly accurate — that they would on completion of the works be eligible for permanent superior employment elsewhere. Had it been possible to foresee the notification above mentioned, it is certain that they would none of them have joined and that they would have spent their time in seeking permanent employment elsewhere, and it is very probable that they would have found it. They have therefore been, as it were, trapped into their present employment, and are now told that in about a year they will be turned adrift without hope of reemployment.

4. A complete revised list of all the passed clerks in the Division is appended, and I beg that orders may be issued to render effective your two Circulars above quoted, and that with regard to the 6 last named clerks orders may be obtained in the Educational Department exempting them from

from the operation of the notification above mentioned for at least a period of 2 years from 1st January 1895 if it may not be altogether.

MEMORANDUM.

READ—the following paper:—

With his memo. No. 161 C., dated 15th January 1891, the Chief Engineer circulated to Superintending Engineers a list of temporary clerks employed on the Periyár Project works with a request that their claims to appointment on the permanent establishment might be favorably considered. It would appear that none of these men have yet been nominated to vacancies on that establishment.

2. The Acting Chief Engineer now circulates a revised list and hopes that Superintending Engineers will see their way to filling up, at all events, some of the vacancies on the permanent establishment in their circles from this list.

3. The Acting Chief Engineer will be prepared to consider the question of condoning disabilities of age in cases where such a course may be necessary.
