Civil Works.

READ—the following papers:—

G.O. No. 713, Educational, dated 26th August 1895.

Read—the following letter from the Director of Public Instruction, Madras, dated 15th August 1895, No. 8791:—

The school-house constructed under G.O. No. 1561 W., dated 6th June 1890, for the Lower Secondary school at Bhadrachalam was designed to accommodate only five classes. Three classes having been recently added, it is found necessary to extend the building to accommodate the additional classes conveniently.

2. The Special Assistant Agent, Gódávári, reports that there is no other building in which to locate the Primary classes and recommends the enlargement of the present building. On the 31st March 1894 there were 74 pupils, distributed among eight classes—Infant class to the Third form.

3. The enclosed estimate and plan were forwarded by the Special Assistant Agent for sanction. As the amount of the estimate does not exceed Rs. 2,500, I sent on duly approved the estimate and plan to the Superintending Engineer, I Circle, for sanction under G.O. No. 305, Judicial, of the 12th February 1895, but that officer has returned the same with his letter No. 878 G.D. enclosed.

4. If the plan and estimate in question cannot be accepted, I request that permission may be accorded for the preparation of fresh ones. The school suffers much from want of the required accommodation.

Order—No. 713, Educational, dated 26th August 1895.

The plan and estimate are approved and will be transferred to the Public Works Department.

(True Extract.)

(Signed) L. DAVIDSON,
for Chief Secretary.

Note by the Chief Engineer, Public Works Department.

The foundations for the main building are proposed to be built with rough stone in chunam and that for the latrine of rough stone in clay, but the undersigned considers they should be of concrete to ground level and made 2 feet broader than the masonry above. By this arrangement the amount of the estimate will be increased by Rs. 110.

2. The nature of the surface and sub-soil, which should have been noted on the plan, will be ascertained by the Superintending Engineer before commencing operations with a view to determining the depth of foundations.

20th September 1895.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

ORDER—No. 2382 W., dated 26th September 1895.

The estimate amounting to Rs. 2,610, as altered by the Chief Engineer, Public Works Department, for extending the Government school-house at Bhadrachalam in the Gódávāri district is sanctioned, and the amount is appropriated from the Provincial reserve.

2. Attention is drawn to the Chief Engineer's note recorded above.

3. This sanction has been registered as Provincial No. 58 W. of 1895-96, and classified as Civil Buildings, Original works.

(True Extract.)

Whitely
Under Secy. to Govt., P.W.D.

To the Superintending Engineer, I Circle,
with three enclosures.
" Examiner, Public Works Accounts.
" Educational Department.
