SIR,

I have the honor to enclose an extract para 2. of the Proceeding of the Director of Public Instruction, dated 27th August last referring to the School at Gooty. Under clause 2, Chapter VII of the Revised Grant-in-aid Code, a grant of one third of the rent of a School is payable by the Educational Department and as the rent of the School buildings is included in our accounts application was made for the grant. The School building at Gooty which was sanctioned in your Office letter No. 238 of 23rd March 1887 cost Rs. 3692 and the rental calculated at $7\frac{1}{2}$ per cent per annum is Rs. 23 per mensem. No contribution towards it was made by the Educational Department. It is not understood why the fact of the building being the property of the Company should preclude our drawing the grant. Instead of

paying a monthly sum for rent, we have expended money in the erection of a building and the $7\frac{1}{2}$ per cent. which is charged in the School accounts, simply covers the interest on this expenditure and the cost of maintaining the building in good order. I shall be glad if you will kindly obtain the views of the Government on the question.

I have the honor to be,
Sir,
Your most obedient servant,

I have the honor to enclose and forward to you the report of the Committee of the Government, dated 27th August last, regarding the School at Fort. St. John. Under clause 2, Chapter IV of the Revised Grant-in-aid Code, a grant of one-third of the cost of a school is payable by the Educational Department out of the rent of the school buildings is included in our accounts. Application was made for the grant. The school building at Fort. St. John was sanctioned in 1881. The Office letter No. 22 of 23rd March 1881 cost Rs. 200 and the rental calculated at $7\frac{1}{2}$ per cent per annum is Rs. 22 per annum. No contribution towards it was made by the Educational Department. It is not understood why the fact of the building being the property of the Company should preclude our claiming the grant.
